ALTERNATIVES DEVELOPMENT PROCESS

Your feedback on the conceptual alternatives presented today will help us identify the most promising alternatives for detailed study.

WE ARE HERE

BRAINSTORM POTENTIAL IMPROVEMENTS

Identify potential improvements by utilizing technical analyses and stakeholder feedback to determine the needs of the corridor.

CONCEPTUAL ALTERNATIVES

Conceptual alternatives look at a wide range of improvements to address the corridor needs.

DETAILED ALTERNATIVES

Concepts showing the most potential to address the study purpose and need and that receive the most positive feedback will be developed into detailed alternatives.

PREFERRED ALTERNATIVE

The alternative that best meets the purpose and need while considering anticipated impacts, cost, and public input.
