Firm	Firm Type	Specialties	Contact	Phone	E-mail
Alfred Benesch & Company	Designer	Highway design Storm water design Structural design and inspection Railroad track/structure design Value engineering	Daniel Grasser	414-308-1310 (o)	dgrasser@benesch.com
Alliant Engineering, Inc.	Designer	Design-Build experience; Roadway, Drainage, Maintenance of Traffic, Environmental, Structural, ITS, and Traffic Design Services; Environmental Compliance	Thomas Jensen	612-767-9345 (Office) 651-503-3559 (mobile)	tjensen@alliant-inc.com
American Engineering Testing, Inc.	Engineering Consultant	Geotechnical/Drilling, Environmental, and Construction Engineering Consulting and Materials Testing	Andy Walters	715-359-3534	awalters@amestest.com
Applied Research Associates, Inc. (ARA)	Design Engineering	Pavement data collection and evaluation Pavement design and life cycle cost analysis	Michael J. Harrell, P.E.	217-377-1676 (m)	mharrell@ara.com
Ayres Associates	Designer	Roadway design, Structural Design, Land Survey, Aerial Mapping, Design Eric Sorensen – VP Transportation	Eric Sorensen	Office 715-834-6134	sorense@ayresassociates.com
B & B Electric, Inc.	Electrical Contractor	3D Modeling, BIM, DOT/Highway Electrical Subdivision	Steven Blaha	715-832-1676	sb@b-belectricinc.com
Becher Hoppe Associates, Inc.	Design Firm	Urban and Rural Highways, Local Highway and Streets, Survey, Design, Agency Coordination, Environmental Documents, Stormwater Analysis and Management, Storm Sewer and Culvert Hydraulics, Pavement Design, Highway and Intersection Geometric Design, Marking Design and Layout, Complex Traffic Control and Staging, Real Estate Acquisition	Randy Van Natta, PE	715-845-0403 direct	rvannatta@becherhoppe.com
Bloom Companies, LLC	Designer (DBE)	Highway/Roadway Design – Urban and rural highways, interchanges, local roads Structural Design – Bridges, retaining walls, culverts, noise walls, sign bridges Drainage Design ADA Curb Ramp Design Traffic Signal Design Utility Coordination Bridge Inspection	Jacob Bondhus, P.E.	773-520-2078	jbondhus@bloomcos.com

Buesing & Associates, Inc.	Designer	Construction buildability reviews	Brad Banfield	563-451-5548	bebanfield@buesing.com
Buteyn-Peterson Construction Company	Contractor	Earthwork, sewer, water, storm piping, aggregate placement	Robert J. Hackel, P.E.	920-377-0422	rob.hackel@jpsbp.com
C.S. McCrossan	Contractor	Grading, Asphalt Paving, Structures, and Underground	Ken Beck	763-425-4167	kennyb@mcrossan.com
Cardno	Designer, Contractor	Cardno provides stream and wetland mitigation design, native plant installation and maintenance, and integrated vegetation management support. Cardno staff includes experienced botanists, wetland delineators, certified arborists, State-certified endangered resource reviewers, State-certified endangered/threatened species permit holders, State-certified Professional Engineers and State-certified burial archaeologists.	Nicole Staskowski	608-620-0760	nicole.staskowski@cardno.com
Cedar Corporation	Design/Construction (Architects, Civil Engineers, Structural Engineers, Surveyors)	Highway, Bridge, Buildings, Hazardous Materials Investigations, Wetlands, Streets, Storm and Sanitary Sewer, Watermain, Stormwater Management Ponds and Plans, Economic Development, Planning, GIS, Survey, Right-of-Way Plats, CSMs, Hydrology/Hydraulic Studies, Landscape Design, Retaining Walls	Bill Betzig	608-237-5841	bill.betzig@cedarcorp.com
Ciorba Group, Inc.	Designer	Structural Roadway Hydraulics Lighting ITS	Brett Sauter, P.E., S.E.	773-335-2936	bsauter@ciorba.com
CORRE, Inc.	Designer, Consultant Engineering Firm	Full service Engineering Roadway Structure design, including bridges and box culverts, Real estate appraisal, acquisition and relocation. Historic properties (section 106), 4f, 6f. Environmental services including wetland delineation and mitigation. Full service survey including GIS	Troy Gagner	608-712-2496	tgagner@correinc.com
Edgerton Contractors, Inc.	Contractor	Grading, Underground, MSE Walls, Aggregates	Dan Urbaneck	414-477-1896	du@edgerton.us

Engineering Consulting Services (ECS Midwest), LLC	Geotechnical Engineering, Construction Testing Services	We provide geotechnical explorations, geotechnical instrumentation, and construction quality control testing services	Alex E. Barker, PE	920-886-1406	abarker@ecslimited.com
EXP	Full Service A/E Firm – Designer	Design-Build, Bridge Design and Inspection, Structural Engineering, Highway Design, Construction Engineering and Inspection, Materials Sampling and Documentation, Traffic Engineering, Survey, and 3D Modeling	Rowland Hoslet, PE	920-857-6304	rowland.hoslet@exp.com
Fickett Structural Solutions, Inc.	Subconsultant	Third-Party Quality Assurance of structural welding and bolting Plan review Construction review/oversight	Finn Hubbard	608-831-3238	fhubbard@fickettinc.com
Foth Infrastructure and Environment, LLC	Full Service Design Firm	Foth has significant experience in design build projects. Not specifically in WisDOT projects since this is a new program. But in other Foth business units, where Project Managers are very well versed in Design Build. Another specialty, is that Joe Gregas could be a great resource being that he joined Foth 7 months ago after 20+ years at WisDOT where he was the Project Development Supervisor in Richland County where the STH 130 project is located. This would provide great project familiarity, as well as great relationships with WisDOT's Southwest Region La Crosse and Madison offices. Foth is also uniquely equipped with tremendous geospatial capabilities (Traditional Survey, Mobile Lidar Scanning, UAV Drone Survey, Survey Boats, etc) and experience with BIM development.	Joe Gregas	608-317-0010	joseph.gregas@foth.com
GEI Consultants, Inc.	Engineering and Environmental Consultant/Contractor/Planner	Restoration (planning, design, and in-field installation/construction), wetland delineations, threatened and endangered species (mussels, slender glass lizard, avian, etc.), stream mitigation, permitting, geotechnical investigation, hazardous material assessments, asbestos sampling, Phase 1 and 2 investigations, and construction monitoring.	Katie Unke Ehrenberg	920-471-0309	kunke@geiconsultants.com
GESTRA Engineering, Inc.	Designer	Geotechnical Engineering, Drilling, and Lab Testing	Doug Bath	262-770-0160	dbath@gestrainc.com
GRAEF	Designer	Roadway and Bridge Design, Construction Staging and Traffic Control, Traffic Analysis and Design, Survey	Burt Naumann	414-266-9022	burt.naumann@graef-usa.com
HDR Engineering, Inc.	Designer	Full suite of transportation engineering and related services. Specialties in: unique/complex interchange and intersection design, bridge design, environmental compliance.	Julia Busch, P.E.	608-513-6708	julia.busch@hdrinc.com

HGS, LLC (a wholly-owned subsidiary of Resource Environmental Solutions, LLC)	Designer & Contractor	Site Preparation Contractors, Heavy and Civil Engineering Construction, Environmental Consulting Services, Support Activities for Forestry, Landscape Architectural Services, Engineering Services, Other Scientific and Technical Consulting Services, Remediation Services	Mark O'Leary	608-354-2617	moleary@res.us
Hoffman Construction Company	Contractor		Brad C. Eberhardt	715-896-2000 (m)	beberhardt@hoffcons.com
HRV Conformance Verification Associates, Inc.	QA Consultant	QA fabrication, inspection of steel, concrete and coatings; CM/I; NDT	Kevin Chatary Richelle McGuire	412-299-2000 (office phone for both)	kchatary@hrvinc.com rmcguire@hrvinc.com
HVS Advertising Marketing	Contractor	Public Involvement; Public Relations. Print and video production, media buys, graphic design, facilitation of translation services.	Sam Hutchison	920-430-5131 x 224	sam@hvsproductions.com
IMEG Corp	Designer	PS&E Traffic Engineering Structural Engineering Drainage/Hydraulics Subsurface Utility Engineering (SUE) Land Survey Land Acquisition ADA Ramps Construction inspection Construction staking	Corey Stout, P.E. - Transportation Leader, Principal Marcy Leach, CFM Operations Manager	O: 608-223-9600 C: 815-218-5035 O: 608-223-9600 C: 815-997-1885	Corey.I.stout@imegcorp.com Marcy.J.leach@imegcorp.com
Infrasense, Inc.	Contractor, Pavement Testing (Design)	Nondestructive Evaluation of Pavements and Bridge Decks (e.g., GPR, IR, various geophysical methods)	Adam Carmichael, President	781-281-1686	acarmichael@infrasense.com
James Peterson Sons, Inc.	Contractor-statewide	Grading; Sewer, Water, Storm Piping; Aggregate Placement/Production	Tim Peterson	715-965-3601	Tim.peterson@jpsbo.com
Jet Filter System	Industry Product Supplier	Products are Maintainable Weep Hole Filters, a new technology used in preservation, maintenance and new infrastructure projects. The accessible, low cost drainage solution extending structure life by reducing hydrostatic pressure while controlling erosion. Used primarily in Box Culverts, Bridge Abutments, Retaining Walls, Seawalls and more.	David Heilman, CEO	616-405-9418	dheilman@jetfiltersystem.com https://jetfiltersystem.com

Jewell Associates Engineers, Inc.	Designer	Highway Design, Bridge Design, Survey/Platting, Site/Civil, Water Resources, Building Design, Architecture	Ellery Schaffer, PE	608-341-8159	ellery.schaffer@jewellassoc.com
JSD Professional Services, Inc.	Multi-disciplinary Civil Engineering Firm	Planning & Development Civil Engineering Transportation Engineering Municipal Engineering Structural Engineering Water Resources Landscape Architecture Construction Services Ecological/Environmental Services Land Surveying & Mapping Renewable Energy Development Development Services	Jan Schroeder, Marketing/Business Development	608-848-5060 x 220	
Kapur & Associates, Inc.	Designer	Survey, 3D Modeling, Roadway Design, Bridge/Structure Design, Hydrology/Hydraulic Studies, Drainage/Stormwater Engineering, Environmental, Right of Way Plats, Constructability Review, Construction Oversight	Tim Anheuser, Senior Vice President	414-751-7268 608.219.5683	tanheuser@kapurinc.com dblank@kapurinc.com
KL Engineering, Inc.	Design Firm		Ryan Schanhofer	920-366-1585	rschanhofer@klegengineering.com
Knight E/A, Inc.	Design	Roadway design Structure design Traffic	Randy Byom	608-519-1455 ext. 1	rbyom@knightea.com
Lakeside Engineers, LLC	Designer	Traffic Management, Traffic Engineering	Doug Dembowski	262-789-8200 ext. 102	doug.dembowski@lakesideengineers.com
Leonard & Finco Public Relations	Communications consultant. State-certified WBE/DBE	Strategic and legally defensible public & environmental justice engagement plans, stakeholder outreach, PIM coordination, project communications (newsletters, website content, social media, earned/news media including media alerts and news releases, etc.)	Susan Finco or Cole Buergi	920-965-7750 x158 or 920-965-7750 x168	sfinco@lpublicrelations.com , cbuergi@lpublicrelations.com
LHB, Inc.	Designer	Roadway, Bridge/Transportation Structures Hydraulics Construction Inspection Wetlands Utilities ADA Lighting Landscape Architecture Architecture	Brad Scott	218-279-2474	Brad.Scott@LHBcorp.com

Loadtest, a Division of Fugro USA Land, Inc.	Geotechnical Specialty Subcontractor	Foundation testing for design optimization. Geotechnical instrumentation installation and monitoring.	William Knight Bill Ryan	352-339-7711 352-339-7708	w.knight@loadtest.com B.Ryan@loadtest.com
Lunda Construction	Contractor		Mike Hahn, P.E. Vice President	920-853-3522	mhahn@lundaconstruction.com
M Squared Engineering, LLC	Designer	Roadway Design, Drainage Design, Hydraulic Modeling (H&H), Stormwater Management, Construction Management / Inspection, and Survey & Construction Staking.	David Bachhuber	262-376-4246	dbachhuber@msquaredengineering.com
Martinez Geospatial, Inc.	Survey and Mapping	Survey grade mobile LIDAR services	Steve Martinez	651-686-8424	Steve@mtzgeo.com
Mashuda Contractors, Inc.	Contractor		Scott Herrmann, Estimator	Office: 920-295-3329 Mobile: 920-229-3153	scott.herrmann@mashuda.com
Mega Rentals, Inc.	Contractor	Traffic control Pavement marking Crash cushions	Megan Decker- President Mike Aders- Vice President	608-222-2247 608-222-2247	mdecker@megarentalsinc.com bidinfo@megarentalsinc.com
Michael Baker International	Designer	Michael Baker International is a full-service transportation engineering firm, providing the full spectrum of highway, bridge, traffic, geotechnical and environmental services. We are a leading provider of design/build services to owners and contractors across the US, including non-traditional alternative delivery like CMGC and progressive design build. We also offer unique expertise such as accelerated bridge design and 3D delivery / BIM to enhance our innovation and efficiency.	Chris Fredrick	608-821-8703	Chris.Fredrick@MBakerintl.com
Michels	Contractor		Ben Holz	920-924-4350	bholz@nichels.us

Midland Standard Engineering & Testing, Inc.	Geotechnical Engineering & Material Testing Consultant	AMRL/CCRL Certified	Thomas Kibort, L.P.G. or William D. Prigge, P.E.	847-844-1895 (o) 847-899-6616 (m)	tkibort@mssetinc.com
Modjeski and Masters, Inc.	Designer	Complex bridges (long span, movable)	Lee Lentz	717-443 – 5962	LRlentz@Modjeski.com
Oneida Engineering Solutions (OES)	Designer	Environmental Studies & Reports, Wetland Delineations, Roadway Design, Construction Inspection, Certified Materials Testing, Survey (topo, plats, contractor staking).	Donald J. Miller, P.E.	414-331-9374	DMiller@oesgroup.com
Parisi Construction Co., Inc.	Contractor	Wet utilities, grading, ancillary concrete	Jim Crowley	608-848-5991	jim@parisiconstruction.com
Parsons	Designer	Lead designer and owners representative for Highway/Bridge Design-Build and P3 projects across North America ranging from \$30M to \$1.0B+. Delivered over 130 APD Projects in North America valued over \$43B.	Joel Michael, VP, Business Development Integrated Delivery	469-615-9480	joel.michael@parsons.com
PE Services	Designer	Construction inspection and testing, design-build support, environmental services, project controls, scheduling, change management, document management	Elia Ayaz, Chief Technology Officer - Program Controls	952-454-8601	elia.ayaz@peservicesmn.com
Poseidon Barge, Ltd.	Steel Fabrication, Manufacture Sectional Barges for rent/sale	Manufacture marine equipment for rent or sale Perform metal fabrication services, welding, steel shot blasting and liquid painting (massive booth that accommodates product dimensions of 44x11x10 feet, 50t crane in the center to lift product), plasma and bending.	Scott Springer	866-992-2743 (o) 260-204-7320 (m)	ssprunger@poseidonbarge.com
Quantum Spatial, Inc. dba NVS Geospatial	Geospatial Services	Aerial Imagery and Mapping, Aerial and Mobile LIDAR, GIS. NVS Geospatial has been trusted to provide on-target geospatial solutions for roadways, airports, and all modes of rail infrastructure.	Kirk Contrucci	608-301-7600 (m)	kirk.contrucci@nvs.com

QUEST Civil Engineers, LLC (DBE)	Roadway Designers	Expertise and experience in urban and rural roadway design, design survey, environmental documentation, subgrade improvements, pavement structure design, storm water drainage & design, agency coordination, curb ramps, utility and railroad coordination, public involvement, construction staging, traffic control, transportation project plats, intersection design, and complete plan packages.	Jim Wendels	715-423-3525 (o) 715-323-0321 (m)	jim_wendels@questllc.biz
Quigg Engineering Inc.	Designer	Transportation/Civil Engineering, Bridges & Structures, Traffic Studies, Environmental Studies & Permitting, Surveying, Construction Inspection, Landscape Architecture, Site Development	Seth Johnson, P.E., PTOE	608-692-9073	sjohnson@quiggeengineering.com
R.H. Batterman & Company, Inc.	Design and Construction Oversight Engineers	Design and construction management of: urban, rural roadways, interchanges, interstates, roundabouts (construction), diverging diamonds (construction), simple to complex multi-span bridge structures (interstate, river, railroad, pedestrian), traffic signals and ITS systems (construction), railroad design, traffic control, staging design and construction, stormwater management, pavement marking, signage, erosion control, sanitary and water distribution systems, infiltration basins, all types of survey (design, construction, scanning), machine control modeling and design, utility coordination, public involvement, agency coordination, GIS, MSE and retaining wall (construction), overhead sign structures (construction), lighting systems (construction).	Todd Needham	608-365-4464	tneedham@rbatterman.com
raSmith	Designer	Design of urban and rural roadways; design of transportation structures including vehicular and pedestrian bridges, rehab of existing bridges, retaining walls, culverts, and sign structures; roundabouts (Level 3 Designer); bike/pedestrian paths; traffic signal design; traffic operations; predictive safety analysis; road safety audits; benefit cost analysis; transportation management plans; data collection; intersection control evaluations; access management; operations certification process; safety certification process; environmental documentation and impact studies; noise barriers; stormwater management; land surveys; topographic surveys; right-of-way platting; construction staking; 3D laser scanning; unmanned aerial systems; materials testing; ecological services and wetland delineations; GIS; landscape architecture; and roadway, utility, and structure construction inspection.	Doug Senso, P.E.	920-843-5731	doug.senso@rasmith.com
Rivera & Associates, Inc.	Award-winning full service public relations and marketing firm. DBE, MBE, SBE and SBA HUBZONE certified.	Public Information, Community Outreach, Multicultural Marketing, Language Translation, Diversity & Inclusion, Public Meetings, Stakeholder and Residential Awareness, Project Management.	Michael Rivera-President/CEO,	414-736-1255	michael.rivera@riveraprfirm.com
Robert E. Lee & Associates, Inc.	Designer	Engineering, Surveying, Ecological Services, Environmental Compliance, Municipal Engineering, Transportation Engineering, Waste Water Services, Water Services, Construction Services, Site Development, Storm Water Management, Agricultural Engineering, Floodplains, GIS	Ryan Trzinski	920-662-9641	rtrzinski@releinc.com
Rock Road Companies, Inc.	Contractor		Pat Gardner	608-313-3135	PGARDNER@ROCKROADS.COM
Sheet Piling Services	Contractor	Structures	Mike Hanson	715-592-6942	mhanson@sheetpiling.com

Short Elliott Hendrickson, Inc. (SHE)	Designer	Structural design Roadway design Traffic Environmental Survey Construction	Darren Fortney	608-770-2330	dfortney@sehinc.com
Spann & Associates, LLC	Designer	Roadway design, construction engineering inspection, also have a staff person that has constructed bridges	Bruce A Spann, PE	414-745-5023	Bspann@spannllc.com
TAPCO	Manufacturer	Intersection and ITS solutions	Cheryl Cieslewicz / Brian Scharles / Bryan Everard		cheryl@tapconet.com , brians@tapconet.com , bryane@tapconet.com
TerraTec Engineering	Designer	Certified DBE Firm Professional Engineer Professional Land Surveyor on staff -Right-of-way plats/transportation project plats, Right-of-way monumentation, Railroad surveying Topographic/utility survey, Utility Coordination - Trans220/DT1078 Railroad Coordination - railroad track design, at-grade crossing design, railroad project submittal package (RPS) preparation, Office of the Commissioner of Railroad crossing petitions	Jeff Francis	414-331-3807	jfrancis@terrateceng.com
Three Star Painting Inc.	Contractor	Bridge Painting	John Tsahas	219-669-7607	Threestarpaintinginc@yahoo.com
TranSmart, Inc.	Designer	TranSmart provided lead civil engineering services for the Chicago Transit Authority (CTA) in the largest design-build contract in the history of Illinois. The services include roadway geometric design, maintenance of traffic, signal design, permitting, utility coordination, relay house site work, pavement markings, erosion control, drainage design, site grading, electrical and lighting design.	Connie Li	608-268-3911	cli@transmartinc.com
Utility Mapping Services, Inc. (UMS)	Designer	Subsurface Utility Engineering, Utility Coordination, 3D Utility Data collection	Thomas Swafford	218-340-6569	tswafford@umsi.us
Vinton Construction Company	Contractor	Concrete Paving, Grading/Excavation, Sanitary & storm sewer, Water main, Lift stations, Demolition, Site Development, Crushing, Ancillary concrete, Sawing, Joint Sealing	Michael J. Maples	920-682-0375	mmaples@vintonwis.com

Westbrook Associated Engineers	Full Service A/E Firm	Westbrook Associated Engineers offers civil engineering and surveying services to include: bridge and highway design, construction inspection, materials testing, routine and under water bridge inspections and rating, box culvert and foundation design, storm and sanitary sewer design, land surveying, design of drainage structures, hydraulics, hydrology and water resources studies, and structural design. Westbrook has experience with highway and bridge design-build projects in multiple states.	Aaron Palmer, P.E.	608-588-7866	apalmer@westbrookeng.com
Westwood Infrastructure, Inc.	Consulting Engineering	Bridge and Highway Design, Geotechnical Investigation, Environmental Services	Phil Roberts, Engineering Services Manager	920-830-6178	phil.roberts@westwoodps.com
Wren Works, LLC	Contractor	Sheet Pile, Shoreline repair, Armorstone installation, Dredging, Building Demolition, Building Construction, Industrial Construction and shutdowns, Site work, Utility work, Out of the box projects, High risk projects, Design Build	Brian Rankila	218-721-6693	brian@wrenworks4u.com
WSB & Associates	Designer, Quality Management	Designer, Drainage, Roadway, Structures, Traffic, Geotechnical, Schedule Development and Review, Quality, Environmental Compliance, Change Management, Contract Administration, Inspection, Materials Testing	Mike Rief, P.E., DBIA	612-518-8329	mrief@wsbeng.com
