

Verona Road (US 18/151) Project

How to navigate the Verona Road jug-handle intersection

Access has changed to and from Verona Road and the area frontage roads.

- Only right turns in and right turns out are allowed at the Verona Road and Atticus Way/Summit Road intersection.
*No left turns are permitted at this intersection.
- Vehicles that need to cross Verona Road or "turn left" from Atticus Way/Summit Road onto Verona Road must travel underneath Verona Road through the roundabout to the other side of the roadway.
- Follow the green and red arrows on this jug-handle diagram to better understand the frontage road traffic flow.
- Watch the narrated drive-through animation video on the project website under the Resources tab.
