

## Dimensions

## Implement of Husbandry (IoH) – Defined by Act 377

<b>Width</b>	<p>No width limitations, however additional lighting and marking requirements for vehicles 15 feet in width or that extend over the center of the road are effective November 1, 2015</p> <p>Also applies to IoH being operated or transported for delivery, service, repair by dealer or farmer within 75-mile radius of business or farm</p>	
<b>Height</b>	<p>No height limitations</p> <p>Operator of IoH remains responsible for ensuring safe clearance of any overhead obstructions</p>	
<b>Length</b>	<b>Single vehicle</b>	<p>60 feet</p> <p>No-fee permit may be required over 60 feet</p>
	<b>2 vehicle combination</b>	<p>100 feet</p> <p>No-fee permit may be required over 100 feet</p>
	<b>3 vehicle combination</b>	<p>No more than 100 feet with speed restriction of 25 mph or less OR 70 feet at a speed greater than 25 mph. No-fee permit may be required if exceeding 100 feet in length</p> <p>See Ag CMV page for information on limits for two IoH units towed by a truck.</p> <hr/> <p>All length limits also apply to IoH being operated or transported for delivery, service, repair by dealer or farmer within 75-mile radius of business or farm. Beyond these dimensions, standard commercial (single or annual) permits are required</p>
<b>Weight</b>	<p>New IoH/Ag CMV Maximum Weight Limits Table applies. This allows for a maximum single axle weight of 23,000 pounds and a gross vehicle weight of 92,000 pounds dependent on number of axles and axle spacing. See IoH/Ag CMV Maximum Weight Limits Table</p> <p>Category B IoH must be given an approved route</p> <p>No-fee permit may be required if gross vehicle weight or axle weight is greater than the IoH/Ag CMV Maximum Weight Table</p> <ul style="list-style-type: none"> <li>• All operators must abide by seasonal or other special postings</li> <li>• IoH/Ag CMV weight allowances do not apply on Interstate Highways. See §348.15 (9)(c)2.(d)</li> </ul> <p>Exemptions:</p> <ul style="list-style-type: none"> <li>• Empty potato harvester is exempt from axle weight limit. Also exempt from Class B postings</li> <li>• A self-propelled combine, forage harvester, pesticide or fertilizer application equipment (not including manure application equipment), towed tillage, planting and cultivation equipment and its towing power unit; or another self-propelled vehicle that directly engages in harvesting farm products, directly applies fertilizer, towed tillage, planting and cultivation equipment and its towing power unit; or another self-propelled vehicle that directly spray, seeds or fertilizer (but not manure) or distributes feed to livestock – also referred to as a <b>Category B IoH</b> - is:             <ul style="list-style-type: none"> <li>○ exempt from axle weight limits unless local road authority passes ordinance or resolution enforcing 23K axle weight.</li> <li>○ exempt from gross vehicle weight and axle weight limits when operating between fields and operated on the hwy for a distance of 1/2 mile or less</li> <li>○ exempt from Class B postings</li> </ul> </li> <li>• IoH traveling for delivery, service, repair by dealer or farmer within 75-mile radius of business or farm is exempt from gross vehicle weight and axle weight limits. Also exempt from Class B postings</li> </ul>	
<b>Other Changes</b>	<ul style="list-style-type: none"> <li>• Limits on hours of operation are eliminated</li> <li>• Self-propelled IoH, including tractors, over 12 feet in width, must have yellow or amber rotating strobe or beacon light mounted at highest practical point, effective November 1, 2015</li> <li>• All vehicles exceeding 15-feet in width must have front and rear warning lights on and reflective material visible anytime on highway, unless operating in daylight with an escort vehicle and two orange or red flags marking the outside edges, effective November 1, 2015. Vehicles exceeding 22 feet in width must have an escort vehicle with hazard flashers activated if they are traveling more than 1/2 mile.</li> </ul>
