

WisDOT's Contact List

Leaks, Spills and Other Hazardous Materials

Who do you call?

Spills on the Right of Way - caused by others

If you need assistance in stopping or containing the spill, use the Emergency Response (24-hour) hotline: 1-800-943-0003 (Note: this is a touch-tone only number)

To report a spill during work hours, contact the Department of Natural Resources (DNR) Emergency Spill Response Coordinator (7:45 AM - 4:30 PM)

Spill Response Coordinator	Region	Office
24 Hour Hotline		800-943-0003
Beth Erdman	Northeast	920-303-5410
John Sager	Northern	715-365-8959
Mike Schmoeller	South Central	608-275-3303
Scott Ferguson	Southeast	414-263-8685
Tom Kendzierski	West Central	715-839-1604

If you have internet access, refer to the WDNR Website for the most current list:
<http://dnr.wi.gov/topic/spills/documents/coordinators.pdf>

To report a spill at all other times, or if you cannot reach the DNR spill response coordinator, use the 24-hour Emergency Response Hotline (1-800-943-0003).

Agricultural Product Spills

To report an agricultural product spill, in addition to the DNR Emergency Spill Response Coordinator or the Emergency Response Hotline, contact the Department of Agriculture, Trade and Consumer Protection (DATCP) spill coordinator at (608) 224-4515.

If there is no immediate threat to public health, public welfare, or the environment, reporting requirements are based on the quantity released, as follows:

- **Dry Fertilizer:** Report the discharge to the DNR if the amount is 250 lbs. or greater.
- **Liquid Fertilizer:** Report the discharge to the DNR if the amount is 25 gallons or greater.
- **Registered Agricultural Pesticides:** Report the discharge to the DNR if the amount, when diluted according to the label, would cover one acre or more of land if applied according to the label instructions.

For further guidance on agricultural chemical spills refer to
http://datcp.wi.gov/Environment/Agrichemical_Safety_and_Spills/Spill_Reporting/index.aspx

Abandoned Containers

1. Contact the DNR Region Spill Coordinator in the area the containers were found (refer to DNR region map on Page 1):

Name	Region	Office
24 Hour Hotline		800-943-0003
Beth Erdman	Northeast	920-303-5410
John Sager	Northern	715-365-8959
Mike Schmoeller	South Central	608-275-3303
Scott Ferguson	Southeast	414-263-8685
Tom Kendzierski	West Central	715-839-1604

2. Notify Risk, Safety and Facilities Management : Chris Luttrell (608) 381-2340 and BTS:
Pat Trainer 608-264-7330

Petroleum Spills by DOT Personnel - on the R/W (over one gallon)

1. Contact the DNR Emergency Spill Response Coordinator (see list above).
2. Also contact the Bureau of Technical Services, Robert Pearson at 608-266-7980 or Shar TeBeest at 608-266-1476 to arrange for cleanup.

Petroleum Spills by County Personnel, Contractor or Consultant (any quantity)

Contact DNR Emergency Spill Response Coordinator (see list above).

The county, contractor or consultant is responsible for cleanup of the spill.
