

Wisconsin Department of Transportation

BAGGED UTILITY MORTAR MATERIALS

WisDOT maintains this list for acceptance of alternate/pre-packaged products under Std. Spec. 611.2(1)

Vendors are required to submit the following data **annually** for approval of pre-packaged utility mortar mixes:

Data required for approval of prepackaged utility mortar products is as follows:

- Identifying characteristics of labelling to facilitate field acceptance
- Source certification that all cementitious materials meet the requirements of Std. Spec. 518.2.1
- Aggregate documentation as follows:
 - o In State Source(s)*:
 - Certification of Compliance that aggregate conforms to 501.2.5 of the department's Standard Specifications, and the following test data:
 - Source(s) of Quality Test(s) and test ID number(s):
 - Date(s) of Quality Test(s):
 - Quarry or Pit identification(s):
 - **Aggregate tests shall comply with the department's Standard Specification 106.3.4.2.2.1(2) for source testing frequency.*
- o Out of State Source(s): All testing to be performed by a facility AASHTO accredited for the tests performed
 - Certified Report of Test(s) that aggregate conforms to 501.2.5 of the department's Standard Specifications.

BAGGED UTILITY MORTAR - CERTIFIED SUPPLIERS
