Question and Answer

Some questions are not published to eliminate redundancies, and some are deemed unwarranted

North Central Region

NC01, 6243-08-00

Q: Who prepared the ICE evaluation and conceptual alternatives for the intersection at CTH H?

A: *Traffic Analysis & Design, INC.*

Q: If the desirable roundabout alternative is selected, will the department or the consultant complete the street lighting for the roundabout?

A: *Consultant.*

Q: The consultant requirements note that "knowledge and experience with TPP's" is required, but a plat is not noted as a deliverable or as provided by the department? Is a TPP required? If so, will it be prepared by the region or the consultant?

A: *If a TPP is required at CTH H, the consultant will be required to complete that work.*

Q: Will the railroad coordination at the crossing be completed by the department or the consultant?

A: *Department will coordinate with the RR and the consultant will incorporate the RR's work into the plan. If an OCR hearing is needed the consultant will prepare and present testimony at the hearing under the direction of the Region Rail Coordinator.*

Q: Is the layout of the 'desired roundabout' a single lane or multilane roundabout?

A: *Single Lane.*

Northwest Region

NW02, 7120-01-04

Q: Please confirm if WisDOT Bureau of Structures would only be responsible for the final structure design elements where the consultant would be responsible for everything through preliminary structure approval.

A: *Bureau of Structures will be completing preliminary and final structure design. The consultant will be responsible for the Structure Survey Report, hydraulic analysis & the dam removal plan. Close coordination between Bureau of Structures and the consultant will be necessary in order to complete the preliminary design and hydraulics.*

WISCONSIN DEPARTMENT OF TRANSPORTATION
March 2016 Design Solicitation

Southwest Region

SW01, 5245-02-02

Q: Will the field survey required for the structure survey reports and structure design be provided by the department or by the consultant?

A: *The consultant*

Q: Will there be any need for geotechnical services by the Consultant for this project? Or will geotech services be provided by WisDOT?

A: *The consultant will be responsible for providing the required geotechnical services for the structural design.*
