Key tools for WISDOT Real Estate staff/consultants

These links are to some key tools useful in carrying out duties involving right of way acquisitions and eminent domain real estate actions as may be part of any highway improvement project:

- General resources - miscellaneous tools/resources specific to WISDOT RE staff and consultants
- Highway projects and your property - public information site
- Local Public Agency (LPA) - real estate acquisition guidance for LPAs during road improvement projects
- LPA Manual (right of way acquisition)
 - LPA forms
- READS (Real Estate Automated Data System) - log on permission required
- RPM (Real Estate Program Manual)
- RPM forms
- Surplus land and property for sale or lease - current surplus highway property for sale/lease
- T&E specialties
- URITIES

Mission

To provide customer focused real estate leadership and guidance in support of division and department goals for a quality statewide transportation system.

Role

- Our primary job is to acquire real property as necessary for the construction of transportation facilities. We provide relocation assistance to people and businesses displaced by highway improvement projects; and, we work to sell or lease any property deemed as surplus to our needs.
- We carry out these activities as a decentralized (regional) organization, with Real Estate staff and consultants working under contract for us located in each of our regional offices.
