

After June 21st the Department of Transportation launches a new website. Although the site will look very different, the same information will still be available. Save this document for quick reference after the launch. Remember to update your bookmarks. The new site is:

<http://wisconsin.gov>

The screenshot shows the Wisconsin Department of Transportation website. At the top, the navigation bar includes 'ONLINE SERVICES', 'DMV', 'DOING BUSINESS' (circled in red with a '1'), 'TRAVEL', 'SAFETY', 'PROJECTS AND STUDIES', and 'ABOUT WISDOT'. A search bar is located below the navigation bar. A dropdown menu is open under 'DOING BUSINESS', with 'Contractors' circled in red and numbered '2'. Other items in the dropdown include 'Engineers and consultants', 'Civil rights and compliance', 'Purchasing', 'Local government', 'Aeronautics', 'Real estate / Right of way use', and 'Freight / Economic Dev'. To the right of the dropdown, a search bar contains 'HCCI' (circled in red with a '3'), and a dropdown menu is open below it with items 'Training (Contractor)' (circled in red with a '4'), 'Contract payments (HCCI)' (circled in red with a '5'), and 'Contract Logs' (circled in red with a '6').

Below the navigation bar, there is a 'Welcome to WisDOT!' message and a search bar. The main content area is divided into three columns: 'DMV Service', 'Travel Information', and 'Safe Driving'. Each column has a corresponding banner and text. The 'DMV Service' banner features the DMV logo and the text 'Conduct business with DMV 24/7 without the need to visit a service center.' The 'Travel Information' banner features the 511 logo and the text 'Get traffic information, incident alerts, travel conditions and updates on construction.' The 'Safe Driving' banner features the 'ZERO IN WISCONSIN' logo and the text 'Drive safely. Sadly, 99 people have died on our roads so far in 2015.'

Below the banners, there is a 'Latest News' section with the text 'Know before you go' and 'The road construction season brings travel challenges. Be a smart and safe driver by slowing down and paying careful attention when surrounded by orange barrels.' There is also a 'Key Department Initiatives' section with links to 'MAPSS Performance Improvement Program', 'Lean Government', 'Agricultural equipment', and 'Freight movement'. A 'Travel by Mode' section lists various transportation modes: Air, Bicycle, Pedestrian, Public transit, Rail, Road, and Water.

At the bottom of the page, there is a footer with 'Contact Information' (including 'Contact Us' and 'Support'), 'Forms/Notices' (including 'Acceptable use policy', 'Forms', 'Legal notices', 'Privacy policy', and 'Software information'), and 'WisDOT Employees' (including 'Incident information', 'My WisDOT pay', and 'WisDOT LearnCenter'). The Wisconsin state logo is also present in the footer.

1. Click "Doing Business"
2. Hover over "Contractors"
3. To view the HCCI Home page
 - a. Click "HCCI"
4. To view training opportunities available to contractors
 - a. Click "Training (Contractor)"
5. To access the Construction Contract Payment Viewing System (CCPVS)
 - a. Click "Contract payments (HCCI)"
6. Contract logs are easier to view
 - a. Click "Contract Logs"

HCCI Home page: <http://wisconsin.gov/Pages/doing-bus/contractors/hcci/default.aspx>

The screenshot shows the Wisconsin DOT website. At the top, there is a navigation bar with "WISCONSIN.GOV" and "Agency Directory Online Services". Below this is a banner for the "State of Wisconsin Department of Transportation" with social media icons for Facebook, Twitter, and YouTube. A secondary navigation bar lists "ONLINE SERVICES", "DMV", "DOING BUSINESS", "TRAVEL", "SAFETY", "PROJECTS AND STUDIES", and "ABOUT WISDOT". A search bar is located below the navigation. The main content area is titled "Highway Construction Contract Information" and features a sidebar with a list of links: "Highway Construction Contract Information", "HCCI", "Bid letting", "Contract payments", "Contracting information", "DBE", "Emergency services directory", "Expedited lettings", "Labor, wages and EEO information", "Master contract schedule", "Partnering initiative", "Prequalification", "Preliminary plans", and "Training". The main content area is titled "General notices to contractors" and contains the following text:

Welcome. Within this website you will be able to view all the information and documents needed relating to the WisDOT Highway Construction Contract Information (HCCI).

Bidding contract information

Bidding for highway construction projects is conducted under the authority provided in [Wisconsin Statutes 84.06\(2\)\(a\) Bids, Contracts](#). Contracts shall be awarded to the lowest competent and responsible bidder as determined by the department.

- See [Standard Spec 102](#) as well as [Facilities Development Manual \(FDM\)](#).

Contractors checklist

- Required steps for prime and subcontractors from advertisement through contract execution. [View checklist](#).
- Electronic bidding [best practice](#) provided by Bid Express™. (April 9, 2015)

2015

- WisDOT is implementing Accelerated Bridge Construction techniques with the following goals: safer projects, shorter and less disruptive impacts to the traveling public, higher quality, and potential cost savings. [View the use of Precast Concrete Piers on the I-39/90 Expansion Project](#). (February 3, 2015)
- [DBE Uniform Certified Program \(UCP\) Directory](#) (February 12, 2015)
- WisDOT's Northeast Region has issued a [Request for Proposal](#) for the analysis of structural cables on the Leo Frigo Memorial Bridge. The RFP may be found on the [special consultant notices](#) page. All proposals must be submitted to the Northeast region office in Green Bay by January 29, 2015.

- Training

The Wisconsin Department of Transportation's (WisDOT) process for bidding on highway construction projects is outlined in the State of Wisconsin, Department of Transportation, Standard Specifications for Highway and Structure Construction.

- All bidders of prospective highway construction projects are "prequalified" by the department to ensure that the bidder has "competency and responsibility to perform the work."
- Bid letting advertisements are posted approximately five weeks prior to the bid letting.
- 2015 advertisement schedule.**
- Plan holder and eligible bidder listings are posted ten days prior to the letting date (Friday, Monday, Wednesday, Friday, and Monday at noon the day before the letting)
- Bidders submit a sealed bid for a prospective highway construction project to the department.
- All highway construction projects have a bid opening. Upon opening and reading the prospective bids, the department posts *apparent bids* at approximately 9:30 AM on the day of the letting.
- WisDOT proceeds through a process of awarding and executing the highway construction contract. The award process involves comparison and analysis of the bids in order to look for irregularities and to ensure the eligibility of the bidder.
- Upon completion of this process the contract is awarded to the "lowest responsible bidder."
- The highway construction contract is then executed by the Governor upon receipt of the contract, the contract bond and all other department-required forms.
- After each highway bid letting, WisDOT makes awards and publishes the *all bids received* report for each awarded contract.
- Reports are available on-line for the current and previous year.

Wisconsin Department of Transportation (WisDOT) Highway Construction Bid Lettings occur on the second Tuesday of each month.
