ADDENDUM NO.03

4200-05-71

February 8, 2018

Special Provisions

12. Notice to Contractor – Solid Waste

Replace entire article language with the following:

A Description

A.1 General

This special provision describes excavating, dewatering, temporary storing, and reuse of dredged material from the streambed for this project.

Perform this work in accordance with Section 206 of the standard specifications and the plans, including as supplemented herein. The reuse of dredged material shall be completed in accordance with NR 500.08(3) and NR 504.04(4).

A.2 Notice to Contractor

The contractor shall indicate where the dredged material from the river shall be disposed of for acceptance by the DEPARTMENT.

B (Vacant)

C Construction Methods

The dredge material shall be placed in an embankment area outside the 1:1 slope embankment and be covered with one foot of non-dredged material which would include topsoil.
