How to Modify/Withdraw an Expense Report

While creating your expense report click **Save** if you want to come back to the report to modify it again. Once you click **Submit**, it is sent to your supervisor and you will no longer be able to modify unless you **Withdraw** the report.

**Important:**
If a supervisor or prepay auditor finds an issue in a report they will send it back to the employee, and the employee will need to modify it. There will be **NO** adjustments made by supervisors or Payroll Coordinators. Expenses will not be paid to the employee until the expense report is approved by the supervisor and Payroll Coordinator.
