Restricted Bridges and Roads
For Self-propelled Implements of Husbandry (IoH) and Agricultural Commercial Motor Vehicles (Ag CMVs) with maximum axle weight of **25,000 pounds**

- This map accompanies a permit to operate only on Wisconsin and U.S. Highways for self-propelled implements of husbandry (s. 340.01(24)(a), Wis. Stats.) and agricultural commercial motor vehicles (s.340.01 (1o), Wis. Stats.).
- Operation on municipal, town or county roads must be authorized by the maintaining authority for those roads.
- The information on this map is subject to change and this map highlights the bridges and pavement segments on which travel is restricted for these vehicles. Those bridges and pavement segments are further identified in accompanying lists. Refer to the map key and permit for other operating conditions.
- Please call us at (608) 266-7320 or email us at [AgVehicles@dot.wi.gov](mailto:AgVehicles@dot.wi.gov) if you have questions about this map or the accompanying permits or lists, or if you need to travel across a specific bridge or road segment identified as restricted.

---

**Prohibited bridges** – operation prohibited above posted weights or above IoH/Ag CMV vehicle weight table (s. 348.31(15)(b), Wis. Stats.) and 25,000 lbs. single axle weight at all times

Seasonally prohibited (Class II) roads – operation prohibited above IoH/Ag CMV vehicle weight table and 25,000 lbs. single axle weight during Spring Thaw — and above 25,000 lbs. single axle weight during remainder of year

Interstate highway — operation prohibited above standard vehicle weight table (s. 348.31(15)(c), Wis. Stats.) – this table has lower weights than the IoH/Ag CMV vehicle weight table

- US Highway
- WI Highway
