Participants will examine their driving behavior and review traffic laws and penalties. Emphasis will be placed on ways to drive responsibly. The Traffic Safety School program will show participants how to develop a change plan to reduce their risk of traffic violations and crashes. There is a minimum of 12 classroom hours in this program. Depending on the students Wisconsin driving record status, a three-demerit point reduction to their current record may be requested upon successful completion of the course.

Group Dynamic

The Group Dynamics program is a highway safety initiative within Wisconsin which aims to assist persons involved in their first alcohol/other drug-related traffic offense to make permanent changes in their irresponsible drinking and driving behavior and attitudes. There is a minimum of 21 classroom hours contained in this alcohol/other drug educational program. Depending on the students Wisconsin driving record status, a three-demerit point reduction to their current record may be requested upon successful completion of the course.

Multiple Offender Program

Small group sessions and participation of a concerned other, at a minimum of two sessions, along with self-evaluation techniques will be utilized. The course is conducted over 30 classroom hours and a follow up evaluation three months after the last classroom session.
