A contract/agreement may not guarantee the issuance of a Wisconsin driver license.

No licensee may agree to give unlimited lessons, nor represent or agree, orally or in writing, or as part of an inducement (lure) to sign any agreement to give instructions until the student obtains an operator’s license.
No Agreement may contain a “no refund” clause. It may include the following: “The school will not refund any tuition or part of tuition if the school is ready, willing and able to fulfill its part of the agreement.”

Additional driving time may be used to replace observation time at the rate of 1 hour of driving replacing 2 hours of observation but the contract/agreement must clearly show the comparison cost.

Chapter Seven: Working With Students and Customers

Agreement
A driver school may not instruct any customer/student until a contract/agreement in a form approved by the department has been completed and signed by all parties.

Attendance
Each new class should begin as a group with all students present. Except for legitimate emergencies, all students should be present for each successive session. If absent, the student’s record must indicate “absent” and the date.

Make – Up Sessions
If the entire group is absent or a session is cancelled, the session must be re-scheduled.

Students must make up any missed sessions
Possible methods for make-up sessions include:

- A substantial written assignment on a topic covered in the missed session. The written assignment should include the date missed, topic covered, date submitted, and the student’s name. The assignment should be held at least one year for review.

- Equal time in a private lesson or attending a class with another group that is covering the material missed.

- The student’s record should be noted with the date and instructor for the make-up session.

Behavior
A student may be dismissed from the class for disruptive behavior.
The school may refuse to refund all or part of the fee if there is a statement to that effect in the contract/agreement.

It may be beneficial to clearly define the schools policy regarding behavior of students/customers.

Concurrent Classroom and Behind-The-Wheel
Classroom instruction and behind-the-wheel instruction may be given concurrently only if both phases are given by the same school.

Home Office
Students may not be in the office unless accompanied by a parent or guardian.

Instruction Permit
Application (MV3001)

- The student’s information (page 2) needs to be filled out in its entirety before an instructor can certify the student is enrolled in driver’s education.

- Only the current MV3001 form will be accepted by the DMV. To ensure you have the current form or to obtain the current form, visit the WisDOT Website.
**Sponsorship Required for less than 18 years of age**

**Behind-The-Wheel Only Instruction**

**Under 18 years of age**

For behind-the-wheel only instruction, a licensee may not begin behind-the-wheel training with a new student unless certified proof of completion of an approved classroom course is on file with the agreement in the licensee’s office. However, this does not apply if the student is either enrolled in an approved behind-the-wheel phase at a different school or has completed the approved course.

WI Admin Code Trans 105.07(2) (b) (3)

**Completion Certificate**

A Driver School Certification completion certificate is issued via the Driver Education Completion Application (DEC) for students who satisfactorily complete the required instruction in both the classroom and behind-the-wheel training and all financial obligations of his or her contract.

WI Admin Code Trans 105.07(1) (c)
A school may issue the certificate in-person or by mail sent to the student’s home address. The student must sign the form.

The student must present this certificate to a DMV examiner at the time him or her reports for a skills test.

**DEC Completion**
The Driver Education Completion (DEC) Application allows you to communicate directly with the Division of Motor Vehicles. You will use DEC to submit student’s driver education completions (classroom and behind the wheel, classroom only/behind the wheel only via transfers), student drops and failure to yield right of way completions.

After January 1st, of 2014, Driver School Completion Certificates shall be submitted via the Driver Education Completion Application. All driver training schools and instructors who need access to DEC will need to do the following in order to obtain access:

1. Complete the DEC memorandum of understanding (MOU) – See addendum G
2. Create a WAMS account - [https://on.wisconsin.gov/WAMS/home](https://on.wisconsin.gov/WAMS/home)

Once all three steps have been successfully completed, the driver training school/instructor will be notified via e-mail when they are able to start submitting completions via DEC.

**Wisconsin Graduated Driver - Supervised Driving Log**

*Wisconsin Graduate Driver Licensing Supervised Driving Log HS-303/7/2006* (Form located in the Motorists’ Handbook)

**Status of Driving Privileges**

A student may not obtain an instruction permit if driving privileges are revoked, suspended or cancelled.

In some cases, the period of the suspension or revocation does not begin until after making an application for a license or permit.
Replacement of Instruction Permit
The original instruction permit is valid for 12 months. A person can renew the permit for an additional 12 months, or replace a lost or stolen permit, by completing a Driver License Application (MV3001) and paying the required fee.

If under 18 years of age, the student must provide the same information as required for the original instruction permit.

Classroom Refresher under Age of 18
A student who enrolls for a behind-the-wheel course must show that he/she has completed the classroom portion of driver education within the past 13 months.

If it has been more than 13 months since the student completed the classroom training, the student must complete a 10-hour refresher course before enrolling in the behind-the-wheel course.

The refresher course must be completed prior to the start of the behind-the-wheel course. If the refresher course is completed at another school, the behind-the-wheel course cannot begin until proof of the refresher course completion is provided.

A driver school may provide the refresher course after approval.

A driver school may not agree to give refresher training to persons under age 18, unless proof is provided that the student has already completed the 30-hour classroom course.

Non-Completion of Course
A student under 18 years of age may either voluntarily surrender an instruction permit, or it may be cancelled by the department.

If a student under 18 years of age drops the course before completion and does not enroll with another school, or surrender the instruction permit to the department, the driver school will notify the department and the instruction permit will be cancelled.

To obtain another instruction permit prior to the age of 18, when the instruction permit has been cancelled, the student must:

- Complete a new Driver License Application (MV3001)
- Prove re-enrollment in a driver education course
- Take required test
- Pay a reinstatement fee

To obtain another instruction permit prior to the age of 18, when the instruction permit has been surrendered, the student must:

- Complete a new Driver License Application (MV3001)
- Prove re-enrollment in a driver education course
- Pay a duplicate fee
School Closing – Customer/Student Options

If a licensed driver training school closes, students have the following options:

1. Begin the driver training at a new school if the terminating school does not provide documentation to the new school of what instruction was completed.

   OR

2. If less than 18 years of age, receive credit for completed hours of driver training instruction when documentation of instruction is provided by the terminating school to the new school. The student shall complete the remaining training with another school to meet the required driver education requirement.

   WI Admin Code Trans 105.04(3) (a) 1, 2

If the driver school does not refund the fees for the training paid for but not provided, the customer or his or her parent or legal guardian may contact the entity that provided the bond requirements under WI Admin. Trans Code 105.10 for a refund of fees.

**Addendum F - Interpreting Driving Records for the Purpose of Determining Eligibility**

**Interpreting Driving Records for the Purpose of Determining Eligibility**

Driving Schools should screen applicants for Instructor Licenses to insure that they have a satisfactory driving record as required by WI Stats 343.62(4) (a) 8 and defined by WI Admin Code Trans 105.03.

If an applicant for an instructor's license has:

1) Accumulated more than 6 demerit points in a one-year period, measured from the dates of the violations which resulted in the accumulation of demerit points, in the year preceding application, the department shall deny the instructor's license until one year elapses from the date of the most recent violation that resulted in the person's accumulation of more than 6 demerit points.

2) Been involved in 2 or more accidents in a one-year period where the crash report indicates that such person may have been causally negligent *(if there is no traffic citation resulting in a conviction associated with the crash, the person is not considered negligent.)* The department shall deny the instructor's license until one year elapses from the date of the most recent accident where the crash report indicates that such person may have been causally negligent.

3) Had his or her operator's license revoked, suspended or cancelled for a traffic violation other than a parking violation, at any time during the past 4 years, based on the conviction date or upon the effective date of the withdrawal of operating privileges, whichever is earlier. In this case the department will deny the instructor's license until 4 years has passed since the reinstatement from the last affected withdrawal.

On the example below, the violation date is located on the far left. In this case it is 10/15/05. If this was a violation that caused the applicant to accumulate more than 6 points in one year, the applicant would not be eligible for an instructor's license10/16/06.
