Human Services Building, ADA Entrance #3 Level 2
401 S. Elm Street, Appleton, WI 54911

Welcome to the Aging & Disability Resource Center!

The Aging and Disability Resource Center's Mission is "To empower and support seniors, people with disabilities and their families by providing useful information and finding the help people seek."

We are a no-cost, single point of contact for information and assistance for residents of Calumet, Outagamie and Waupaca Counties. Aging and Disability Resource Centers are a central source of information, assistance and access to community resources for older people and people with disabilities, as well as their families. Personalized assistance is available at the resource centers, over the telephone, or in visits to an individual's home.

We can help you sort through all of the options available and make informed decisions about a wide variety of topics, such as:

- Maintaining your independence
- Support services and resources in your community
- Choices for long-term care and related services
- Medicare benefits and other health-related benefits
- How to cut through the "red tape" and receive assistance with Medicaid, Medicare, Social Security and other benefits

We provide unbiased information about the providers and services in your community, their availability, and costs. Our team of professionals will work with you to find the right fit of options for your individual situation and provide the information you need to make the best decisions.

Learn more about how your ADRC can help connect you with supports and services by viewing our brochure.
