Aviation Summer Camps and Programs

It’s camp time! What better way to encourage your child’s interest in Science, Technology, Engineering, and Math (STEM) education than through an aviation camp or program? Some of the programs offer the unforgettable opportunity to fly and others include hands-on activities on the ground.

In summer 2019, the following opportunities will be offered at locations in Wisconsin.

Camps with a flying component:

- Aeronautics and Aerospace Camp – for High School Girls (9th – 12th grades)
  - UW-Superior
  - August 5th – 7th (overnight in the dorms)
  - More information at: https://www.uwsuper.edu/spacecamp/
- Air Camp (ages 13-16)
  - West Bend Municipal Airport
  - June 17th – 25th (daytime only)
  - More information at: https://www.1158.eaachapter.org/aircamp.htm
- EAA – aviation camps (for various ages)
  - At EAA headquarters in Oshkosh
  - Dates throughout the summer (overnight and some daytime)
- Young Aviators Camp (ages 14 – 18)
  - Batten International Airport, Racine
  - August 5th – 9th (daytime only)
  - More information at: http://young-aviators.com/
- 1 Day Experience: Aviation Student Training Experience (ages 12-17)
  - UW-Green Bay, in partnership with CAVU Aviation, Inc.
  - June 14th
  - More information at: https://www.uwgb.edu/technology-camps/aviation/
