

DBE COMMITMENTS

Goals for DBE commitments are not the same for every proposal. Many factors are considered in determining if goals will be set and what the goals should be. Below is a summary of the three most common scenarios you will see concerning DBE Goals. A brief explanation of how and when to submit any required information is provided with each scenario.

This proposal, submitted by the undersigned bidder to the Wisconsin Department of Transportation, is in accordance with the advertised request for proposals. Proposal Guaranty Required: \$20,000.00 Payable to: Wisconsin Department of Transportation	Attach Proposal Guaranty on back of this PAGE.
Bid Submittal Date: August 10, 2021 Time (Local Time): 11:00 am	Firm Name, Address, City, State, Zip Code
Contract Completion Time November 19, 2021	<p style="text-align: center;">SAMPLE NOT FOR BIDDING PURPOSES</p>
Assigned Disadvantaged Business Enterprise Goal 0%	This contract is exempt from federal oversight.

The proposal has a Federal ID (WISC 2021435) which means the project is funded, all or in part with federal funds. As a result, per guidance in the Code of Federal Regulation at 49 CFR Part 26 an appropriate DBE goal would typically be set for the proposal.

However, at this point in the Federal Fiscal Year (FFY) the annual DBE has been obtained, or is very close to being obtained, and there is a reduced need to set DBE Goals on individual proposals. As a result, a 0% DBE Goal was assigned to the proposal shown above.

!!IMPORTANT! The ID under “Federal” indicates there is Federal Funding on the proposal. All documented DBE participation on federally funded proposals is counted as Neutral attainment and will count towards the overall annual DBE goal. PLEASE CONTINUE TO SUBMIT DBE Commitments even if the DBE goal is 0%. The benefit will be lower goals assigned on individual proposals throughout the letting processes.

Note: We will continue to accept DBE commitments on projects with federal funds that do not have a DBE goal after the letting has closed. However, we recommend submission of form DT1506 within the 24-hour window in order to assure the DBE credit is counted on the project.

DBE COMMITMENTS ARE NOT SUBMITTED FOR THESE PROPOSALS (State-funded Only)
