

Q: How to submit my project to Cultural Resources for screening review?

Project must meet current screening criteria as identified in [FDM Chapter 26-5-1.1.1](#). In order to submit the project for screening review, please follow the instructions below:

1. Submit the [DT1030](#) using box: <https://wisdot.box.com/s/oltnlo67u8r8woh38ihqfapcn38s1ht>
 - Please create a single file PDF with the DT1030 form and then any attachments. It must be saved as a single PDF for CRT to process the file.
 - Save the file by the WisDOT ID. (See example below)
 - **NOTE:** Non-WisDOT staff do not have access to this Box Folder. If a consultant or others (ie City of Milwaukee) will be regularly submitting screening requests on behalf of the region, work with CRT Staff to receive access.

The screening list is located [here](#).

Note: do not send an email, we will be checking the box files daily for submittals.

This process typically takes 6-8 weeks if no resources are identified. You will be contacted if additional screening steps are needed.
