As of 1/1/2018, all manufacturers supplying laminated elastomeric bearings must be tested and approved through AASHTO National Transportation Product Evaluation Program (NTPEP).

Manufacturers may request WisDOT evaluation for acceptance on this this approved fabricator list once the NTPEP testing cycle is complete. Include the following when submitting a written request for approval to the department:

- Company Name
- Physical and mailing addresses
- Contact person's name with email address and phone number
- NTPEP product identification

Send submittal information to:
