

8" and 12" LED Ball Signal Modules 433 Series

FRONTIER
A LEOTEK Brand

ITE-compliant Traffic Signal Module

With over 7,000,000 units installed globally

LEOTEK Frontier LED traffic signal modules are built to deliver reliable, long-lasting performance in all roadway conditions. Fully compliant with the ITE VTC SH LED Circular Supplement adopted on June 27, 2005, they offer high visibility, energy efficiency, and consistent operation across a wide temperature range. Ideal for DOT applications, these modules are engineered for durability, low maintenance, and seamless integration into modern traffic control systems. With proven performance in the field, they provide a dependable solution for enhancing intersection safety and traffic flow.
