WAPA HMA QMP Award Expanded To Industry Wide QMP Award
HTCP QMP Award
2013 Winners
Decertification

The evolving decertification process—The formal process starts with a letter

Continue to bring uniformity and consistency to the process

Highway Technician Certification Program (HTCP)
Decertification

A two-tier decertification process is evolving

• Flagrant
• Non-Flagrant

Highway Technician Certification Program (HTCP)
Decertification-Draft

Flagrant-Starts w/ a Letter

Roles:

A = Moves quickly

Highway Technician Certification Program (HTCP)
Decertification-Draft

Non-Flagrant-Starts w/ a Letter

Step 1:

A key step in the non-flagrant decertification process is evidence gathering which is followed by the letter

Highway Technician Certification Program (HTCP)
Decertification-Draft

Non-Flagrant-Starts w/ a Letter

Roles:

A = the technician cited for a deficiency
B = the reporting individual
C = the IA supervisor
D = an independent 3rd party
E = the firm, agency, or contractor

Highway Technician Certification Program (HTCP)
How many Core Elements of the Quality Assurance Program are you involved in?
4. In Closing....

Dennis Dvorak, FHWA,

“What we are doing is important!”

Highway Technician Certification Program (HTCP)
Independent Assurance Meeting
Wisconsin Dells
December 9, 2014

Thank you.
