LRIPWeb Application

• Originally launched in the 2018-19 Program Cycle for Local Roads Improvement Program (LRIP) management

• Provides increased LRIP program efficiency and flexibility for all users

• Allows users to manage LRIP resources through project changes, transfers and the use of project savings
Enhanced LRIPWeb Launched—
June 22, 2020

- New application which provided increased ease in applying for, adjusting and managing LRIP projects from start to finish

- Simplified LRIP procedures, including:
  - Applying for new projects
  - Requesting project substitutions
  - Utilizing project savings through transfers and new projects
  - Requesting project changes
  - Requesting reimbursements
  - Accessing current and past project histories through a user-friendly search function

- Access through WisDOT’s Transportation Assistance System (TAS)
Keys to the Enhanced LRIPWeb Application

• Users access LRIPWeb via the web-based Transportation Assistance System (TAS)
• Accordion-style navigation guides the user through project applications or reimbursement requests
• Shared comments function on each screen that prompts the next user to view via pop-up box
• Improved mapping functions for instant on screen maps of selected road sections
• One project can now have multiple road sections with unique specifications
• Sunset dates and sunset date reminders are featured more prominently on project SMAs
The Enhanced LRIPWeb Application:

Other Sources of Information/Instruction

- This webinar will be shared to users after the presentation

- Video with step-by-step instructions to learn how to Apply for a New LRIP Project. The video link to this presentation will be sent to you via email and will be available on the WisDOT LRIP website: wisconsindot.gov/lrip

- Other Enhanced LRIPWeb Application educational videos include:
  - Introduction to LRIPWeb and View My Work Queue
  - Request Reimbursement
  - Search Applications/Projects
  - Apply for A New Biennium Project
The Enhanced LRIPWeb Application

TAS Login Screen:

Wisconsin Department of Transportation (WisDOT)
Transportation Assistance System

The TAS login screen:
For access the LRIPWeb Application, log-in to TAS here
For instructions on the login, please refer to the video “Introduction to LRIPWeb and View My Work Queue.”
The Enhanced LRIPWeb Application: Functions

- Apply for Project
- Change Project Scope
- View My Work Queue
- Drop My Project
- Use My Forfeited Funds
- Search Applications/Projects
- Use My Savings
- Request Reimbursement
- Review TRID/MSID Applications
LRIPWeb Functions

Apply for New Project

Before you begin the Apply for New Project process, be sure to consider:

- If you are a Town, has your County Town Road Improvement Committee (CTRIC) met to go over TRI projects in your county?
- If you are a City or Village, has your County Municipal Street Improvement Committee (CMSIC) met to go over MSILT projects in your county (or worked out your own projects if you are a MSIGT community)?
- If you are a County, has your County Highway Improvement District Committee (CHIDC) met to go over CHI projects in your Wisconsin County Highway Association (WCHA) district?
- If your municipality has a Street/Road Improvement Plan, will your project location be shown as part of the plan?
  - Towns are required to produce a 2-year plan
  - Counties, Cities and Villages are required to produce a 5-year plan

### LRIPWeb: Apply for a New Project

#### Identify Other Funding Sources

Has the City requested or been approved for other federal or state funding for the improvement?  
- [ ] Yes  
- [ ] No

If Yes, check all programs that apply:

- [ ] Congestion Mitigation and Air Quality Improvement Program (Eligible areas only)
- [ ] Highway Safety Improvement Program
- [ ] Local Bridge Improvement Assistance Program
- [ ] Scenic Byways Program
- [ ] Surface Transportation Program - Rural
- [ ] Surface Transportation Program - Urban
- [ ] Transportation Alternatives Program
- [ ] Transportation Economic Assistance Program
- [ ] Other Federal or State Program

#### Enter Estimated Project Costs

**Hot Mix Asphalt**

Will the LRIP funds for this project be used solely to purchase Hot Mix Asphalt materials?  
- [ ] Yes  
- [ ] No

Selecting Yes means the project will use the LRIP funds to purchase only the asphalt material from the awarded contractor. Labor and other operations will be done outside of the scope of the LRIP project.

Note: HMA Only projects must include estimated ineligible costs for labor to apply the materials purchased.
