Ms. Kristina Boardman, Secretary
Wisconsin Department of Transportation
4822 Madison Yards Way
PO Box 7910
Madison, WI 53707-7910

Dear Secretary Boardman:

In response to your letter dated February 9, 2026, the Federal Highway Administration (FHWA) approves the Wisconsin Department of Transportation's (WisDOT) 2025 - 2028 *Statewide Transportation Improvement Program (STIP)*, incorporating the highway program related project changes detailed on the enclosed project listing and The Tribal Transportation Improvement Program (TTIP) as provided by WisDOT. As indicated in your letter, WisDOT received no comments on this month's amendment. **This approval is not a determination of federal funding eligibility for any of the projects listed. The effective date of approval is Friday, February 13, 2026.**

Supporting documentation demonstrates that the amended STIP remains fiscally constrained within reasonably anticipated federal-aid highway revenues. We find that the STIP is based on statewide and metropolitan transportation planning processes that substantially meet the requirements of 23 U.S.C. Sections 134 and 135, 49 U.S.C. Sections 5303-5305, and implementing regulations. This finding is supported by the self-certifications executed by WisDOT and the metropolitan planning organizations (MPOs), involvement by both FHWA and the Federal Transit Administration (FTA) in the transportation planning processes, and federal reviews of planning documents and processes.

Within Wisconsin metropolitan planning areas, only projects that have been programmed in the Transportation Improvement Program (TIP) and approved by the MPO and the Governor are included in this approval. The TIPs are incorporated in the STIP by reference. In prior actions, the FHWA and FTA determined that the metropolitan TIPs in air quality nonattainment and maintenance areas conformed to the Wisconsin State Air Quality Implementation Plan (SIP). Non-exempt STIP projects located in air quality nonattainment and maintenance areas outside of the metropolitan planning areas were previously determined to conform in conjunction with project environmental determinations.

In accordance with the FHWA – FTA Memorandum of Agreement for Transportation Planning Oversight, FHWA acts on highway-related projects only. Transit projects are subject to FTA authority and will be acted on separately by FTA.

We appreciate the efforts and cooperation of your staff in maintaining a STIP that serves the programming needs of us all. If you have any questions concerning our action, please contact Jason Nordberg at (608) 829-7523.

Sincerely,

Linda K. Swann

Linda K. Swann
Acting Division Administrator
