1. Introduction

This Statewide Transportation Improvement Program (STIP) is intended to satisfy the requirements of 23 U.S.C. Sections 134 and 135 and their implementing regulations 23 CFR 450 and 49 CFR 613.

This STIP has been prepared in accordance with joint Federal Highway Administration (FHWA)/Federal Transit Administration (FTA) regulations (23 CFR Part 450 and 49 CFR Part 613) accounting for related statutory changes in Public Law 117-58 Infrastructure Investment and Jobs Act (IIJA) enacted on November 15, 2021. All current project fund commitments anticipated by the Wisconsin Department of Transportation (WisDOT) during the four-year period from January 1, 2027 through December 31, 2030 are listed.

The projects programmed in the STIP have been reviewed and prioritized by WisDOT in accordance with system asset management principles except as follows. In urbanized areas with populations of 200,000 or greater (Milwaukee, Madison, Appleton, Green Bay and Wisconsin portions of the Round Lake Beach, IL area), federally funded projects off the National Highway System (NHS) have been reviewed and prioritized by the respective Metropolitan Planning Organizations (MPOs). In urbanized areas with populations between 50,000 and 200,000, federally funded projects off the NHS and State Trunk Highway Network (STN) have been reviewed and prioritized by the respective MPOs. Projects in areas with populations under 50,000 off the NHS and STN have been reviewed, prioritized, and approved either under WisDOT's formula-based entitlement process or by a competitive selection process.

The 2027 – 2030 STIP is based on anticipated state and federal funds. This overall multi-modal STIP reflects WisDOT's current approved state and local programs within the limits of apportioned federal aid. All projects in the 2027 – 2030 timeframe are affordable and selected for implementation. Any subsequent changes in the project listing involving the addition or deletion of projects or significant changes in project schedule, scope or estimated cost will be processed in accordance with the STIP amendment process outlined herein prior to requesting obligation of federal funds on the project.

Certifications

Statewide Transportation Planning Process Certification

In accordance with 23 CFR 450.220, the Wisconsin Department of Transportation hereby certifies that its statewide transportation planning process is addressing major issues facing the State and its non-urbanized areas, and is being carried out in accordance with the following requirements:

- 23 U.S.C. 134 and 135, 49 U.S.C. 5303 and 5304, and this part;
- Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d–1) and 49 CFR part 21;
- 49 U.S.C. 5332, prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity;
- Section 11101(e) of the Infrastructure Investment and Jobs Act (Public Law No: 117-58) and 49 CFR part 26 regarding the involvement of disadvantaged business enterprises in DOT funded projects;
- 23 CFR part 230, regarding implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts;
- The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and 49 CFR parts 27, 37, and 38;
- In non-attainment and maintenance areas, sections 174 and 176 (c) and (d) of the Clean Air Act, as amended (42 U.S.C. 7504, 7506 (c) and (d)) and 40 CFR part 93;
- The Older Americans Act, as amended (42 U.S.C. 6101), prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance;
- Section 324 of title 23 U.S.C., regarding the prohibition of discrimination based on sex; and
- Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and 49 CFR part 27 regarding discrimination against individuals with disabilities.

2. STIP Financial Plan

The STIP financial plan addresses fiscal constraint requirements of the federal-aid surface transportation act.

In managing the implementation of the transportation improvement program, WisDOT will exercise the authority to refinance projects among federal, state, and local funds, and to reschedule projects within the four years of the STIP to maintain fiscal constraint. All four years of the STIP are fiscally constrained within Wisconsin's state fiscal years (July 1 – June 30).

2.1. Revenue Assumptions

The Wisconsin Department of Transportation's annual budget is set biennially through the State of Wisconsin's budget process. State Fiscal Year 2027 funding levels are established from 2025 Wisconsin Act 15, the State of Wisconsin's 2025 – 2027 Biennial Budget authorizing federal, state, and local funding. Since Wisconsin's budget is approved for only two years at a time, this analysis assumes the budget approved for State Fiscal Year (SFY) 2027 will be held constant for SFY 2028 – SFY 2030.

The federal fund revenue approved in 2025 Wisconsin Act 15 and included in this plan is $953 million for SFY 2027. Since SFY 2028 – SFY 2030 budget amounts are held constant, future budgets are not increased; however, for planning purposes, the program schedule is set by applying an inflation rate to projects in the second, third, and fourth years to account for costs in the year of expenditure dollars.

WisDOT cannot assume that a future state legislature will commit higher project revenues than exist in the approved biennial budget. Therefore, when doing an all funds (federal, state, and local) analysis, WisDOT uses only resources approved in the most recent biennial budget except where noted. Any future legislative budget action that impacts revenue or programming will be accounted for in amendments to the STIP.

Wisconsin law allows WisDOT to allot additional local revenue authority on an as-needed basis depending on the summation of local municipal agreement revenue received within the fiscal year. Similarly, it is WisDOT's policy to allot additional federal authority to programs in which federal funds are programmed.

2.2. Local Programs

The programs directed at the locally owned system face unique challenges due to the wide range of owners. WisDOT works closely with local partners to formalize and update change management and programming strategies to reduce the movement of projects between fiscal years. WisDOT uses project 'sunsets' as a management strategy to reduce project movement. In addition, state law requires that Transportation Alternatives Program projects must be commenced within four years of the date the grant is awarded.

Wisconsin has the flexibility to allocate funds between subprograms within overall programming to balance under and over programming each biennium in the four-year STIP period. WisDOT routinely does this formally during the current fiscal year. However, because of local project movement, there may be periods of time where one year or program is over programmed, and another year or program is under programmed. WisDOT may

also briefly experience a greater dollar amount in the schedule due to estimate changes and project slippage. The Department tries to avoid moving projects out because lining up the necessary local match can be a challenge. WisDOT has very clear program guidance regarding available funding. To remain fiscally constrained, projects are rescheduled, or funds are transferred between programs.

2.3. Program Cost and Schedule Assumptions

WisDOT's Financial Integrated Improvement Programming System (FIIPS) reflects estimates of transportation improvement project costs in current 2027-year dollars.

To change these values to the federally-mandated year of expenditure amounts for this publication, SFY 2028 – SFY 2030 project cost estimates in the Financial Summary table have been manually inflated to a projected year of expenditure dollar value using 30-year trend forecast data from S&P Global Market Intelligence. The S&P Global rates used to project current estimates to the fiscal year of expenditure estimates in the report matches the rate assumed by Wisconsin MPOs in their TIPs and long-range plans and are published in the February, 2026 Transportation Commission Report. Project estimates in SFY 2027 reflect current cost expectations, so they have not been inflated in the table.

The Federal Highway Administration requires state Departments of Transportation STIPs and Metropolitan Planning Organizations TIPs to document revenues and expenditures annually. In Wisconsin, these publications report estimates by calendar year, (January 1 – December 31), based on letting or delivery dates. Since the State of Wisconsin approves budgets by State Fiscal Year, (July 1 – June 30), the 2027 – 2030 STIP Financial Summary table shows revenues and programmed amounts according to State Fiscal Years.

2.4. Operation and Maintenance

Wisconsin's 2025 – 2027 Biennial Budget authorizes WisDOT's Highway Maintenance, Repair and Traffic Operations Program (305) to spend $323 million per year. Of that amount, approximately $10 million per year is authorized for Intelligent Transportation System and Traffic Signal Improvements; those projects are reflected in the 2027 – 2030 Financial Summary.

Wisconsin allocates state funding under several programs to assist local governments with the operation, maintenance and improvement of highways and bridges on the local system.

Program	SFY 2027	SFY 2028	SFY 2029	SFY 2030
General Transportation	$557,909,800	$577,945,200	$577,945,200	$577,945,200
Connecting Highway Aids	$17,035,200	$17,035,200	$17,035,200	$17,035,200
Lift Bridge Aids	$2,925,100	$2,925,100	$2,925.100	$2,925,100
County Forest Road Aids	$328,300	$328,300	$328,300	$328,300
TOTALS	$578,198,400	$598,233,800	$598,233,800	$598,233,800

State statute requires that local agencies submit pavement condition ratings to WisDOT every two years to monitor responsible use of state funding assistance provided for local transportation needs. Information on these programs, including allocation formulas, can be found at https://wisconsindot.gov/Pages/doing-bus/local-gov/astnce-pgms/highway/default.aspx.

It has been historically demonstrated that the level of funding set aside for operations and maintenance of the highway program has been adequate.

3. STIP Financial Summary

		2027		2028		2029		2030	
Legislative Sub-Programs (1&2)		SFY Budget	SFY Program (6)	SFY Budget	SFY Program Inflated	SFY Budget	SFY Program Inflated	SFY Budget	SFY Program Inflated

	Grand Totals	2,536,822,831	2,399,681,573	2,094,417,545	2,454,125,220	2,092,587,276	2,198,349,585	2,092,739,520	2,163,155,375

(1) Budget amounts reflect the approved biennial state budget for SFY 2027, including SFY 2026 continuing authority, along with estimated budget for SFY 2028, SFY 2029, and SFY 2030.
(2) Budget amounts ["SFY Budget"] and Scheduled expenditures ["SFY Program"] are based on the state fiscal year (July – June).
(3) Legislative Sub-Program 203 currently does not have any dollars programed for SFY 2027 through SFY 2030.
(4) Sub-Program 206: SFY 2027 has local match of $81,401,615 and SFY 2028 has a local match of $110,163,747.
(5) Legislative Sub-Program 209 currently does not have any dollars programed for SFY 2028, SFY 2029, and SFY 2030.
(6) SFY 2027 program levels in Legislative Sub-Programs 206 and 290 will be balanced through the use of carryover funding available as a result of General Fund supplements in the last two federal appropriations acts and prior state legislative actions in previous programming and budget cycles.
(7) Includes $2,112,000 for Railroad crossing improvement and protection maintenance. Since this is an annual appropriation, it is unknown whether this amount will be appropriated in 2028 through 2030.

4. Obligation Plan

In any given federal fiscal year (FFY) (October 1 – September 30), the Wisconsin Department of Transportation obligates all the federal fund authority it receives.

4.1. Federal Fund Type Constraint

On November 15, 2021, the IIJA was signed by the President of the United States following passage by the United States Congress. This represents a new multi-year reauthorization of federal surface transportation programs and funding. IIJA continued many of the programs authorized and funded through the prior Fixing America's Surface Transportation (FAST) Act. IIJA also created the new Carbon Reduction Program (CRP) and the Promoting Resilient Operations for Transformative, Efficient, and Cost-saving Transportation (PROTECT) Program. The authorization of IIJA extends until September 30, 2026. At the time of this document, the United States Congress has yet to enact new legislation for transportation funding beginning October 1, 2026.

WisDOT's approach to programming incorporates federal funding flexibilities permitting transfer of funds between federal programs and the use of Advance Construction (AC), under which eligibility for federal funding is established to allow a project to proceed prior to obligation of federal funding. Under these provisions, specific federal fund types may be over programmed if the overall federal program in total is constrained across the four-year period.

WisDOT also reserves federal funding associated with special obligation limitation to offset over programming and to cap the amount of funding under AC. WisDOT's fiscally conservative standards do not allow the use of AC to exceed the level of apportionments received from FHWA. In other words, AC is used as a tool to manage the timing of obligation. When a project uses federal AC funds, WisDOT covers the federal cost-share with general State Transportation Funds until the federal funds can be obligated using available apportionments and obligation limitations. This ensures Wisconsin's commitments are fiscally constrained within a guaranteed federal reimbursement level.

4.2. Federal Fund Type Assessment

The Fiscal Constraint Report table on Page 4-3 lists federal apportionment balances at the end of FFY 2026, and the estimated apportioned amounts for FFY 2027 – 2030.

WisDOT's total federal obligation limitations (including Equity Bonus) increased under IIJA and were $932 million in FFY 2026. WisDOT subsequently requested and was awarded an additional $185 million in federal obligation limitation as part of the Federal August Redistribution process in FFY 2026.

The total expected federal funds available for obligation each state fiscal year is based on the apportionment of IIJA funding provided by FHWA for FFY 2026, and inflated beginning in FFY 2027 at 2.0% per year based on the historical apportionment trend in IIJA. Any new legislation enacted by the United States Congress for transportation funding beginning October 1, 2026 will be amended into the STIP at the time of passage.

To change the state fiscal year estimated program levels to the federally mandated year of expenditure amounts, cost estimates have been inflated to a projected year of expenditure dollar value using 30-year trend forecast data from S&P Global Market Intelligence beginning in SFY 2027, similar to the Financial Plan table.

As a further check, the STIP is fiscally constrained over the four-year period. This is intended to ensure that revenues exist to convert all projects advanced under AC within the period of the STIP.

Fiscal Constraint Report

Federal Funds by Program	Unobligated Balance from Previous Years (1)	FFY 2026 Apportionments	FFY 2026 Estimated Program Levels	FFY 2027 Estimated Apportionments (2)	FFY 2027 Estimated Program Levels	FFY 2028 Estimated Apportionments (2)	FFY 2028 Estimated Program Levels	FFY 2029 Estimated Apportionments (7)	FFY 2029 Estimated Program Levels (7)	Total FFY 2026-2029 Estimated Apportionments (3)	Total FFY 2026-2029 Estimated Program Levels

5. Individual MPO TIP Approvals

WisDOT Secretary Kristina Boardman, under authority delegated by Governor Tony Evers, has approved all the following Transportation Improvement Programs (TIPs) and/or TIP Amendments for the Metropolitan Planning Organizations (MPOs). The 2027 – 2030 approved TIPs will replace the 2025 – 2028 approved TIPs when made available. The 2027 – 2030 approved TIPs will be approved by Secretary Kristina Boardman. Approved TIPs and TIP Amendments are included by reference in the 2027 – 2030 STIP:

- State Line Area Transportation Study (Beloit, WI-IL MPO); phone 608.364.6711; 2025 - 2028 TIP as adopted on October 15, 2024, by Resolution No. 2024-8 for the 2045 long-range plan and approved by WisDOT on December 13, 2024.
- Chippewa Eau Claire Metropolitan Planning Organization (Chippewa-Eau Claire MPO); phone 715.836.2918; 2024 – 2028 TIP as adopted on October 4, 2023, by Resolution No. 23 – 09 for the 2045 long-range plan and approved by WisDOT on December 22, 2023.
- East Central Wisconsin Regional Planning Commission (Fond du Lac MPO); phone 920.751.4770; 2025 – 2028 TIP as adopted on October 2, 2024, by Resolution No. 12 – 24 for the 2050 long-range plan and approved by WisDOT on December 13, 2024.
- East Central Wisconsin Regional Planning Commission (Fox Cities MPO); phone 920.751.4770; 2025 – 2028 TIP as adopted on October 17, 2024, by Resolution No. 02 – 24 for the 2050 long-range plan and approved by WisDOT on December 13, 2024.
- Brown County Planning Commission (Green Bay MPO); phone 920.448.6480; 2025 – 2028 TIP as adopted on October 2, 2024 by Resolution No. 2024 – 08 for the 2045 long-range plan and approved by WisDOT on December 13, 2024.
- Janesville Metropolitan Planning Organization (Janesville MPO); phone 608.755.3085; 2025 – 2030 TIP as adopted on October 28, 2024 by Resolution No. 2024 – 10 for the 2050 long-range plan and approved by WisDOT on December 13, 2024.
- La Crosse Area Planning Committee (La Crosse, WI-MN MPO); phone 608.785.5977; 2025 – 2028 TIP as adopted on November 20, 2024 by Resolution No. 11 – 2024 for the 2040 long-range plan and approved by WisDOT on December 13, 2024.
- Madison Area Transportation Planning Board (Madison MPO); phone 608.266.4336; 2025 – 2029 TIP as amended on October 2, 2024 by Resolution No. 18 for the 2050 long-range plan and approved by WisDOT on December 13, 2024.

- East Central Wisconsin Regional Planning Commission (Oshkosh MPO); phone 920.751.4770; 2025 – 2028 TIP as adopted on October 24, 2024 by Resolution No. 01 – 24 for the 2050 long-range plan and approved by WisDOT on December 13, 2024.

- Southeastern Wisconsin Regional Planning Commission (Milwaukee, Racine, Kenosha, and Wisconsin portions of Round Lake Beach MPOs); phone 262.547.6721; 2025 – 2028 TIP as adopted on December 4, 2024, by Resolution No. 2024 – 18 for the 2050 long-range plan and approved by WisDOT on December 13, 2024.

- Bay-Lake Regional Planning Commission (Sheboygan MPO); phone 920.448.2820; 2025 – 2028 TIP as adopted on October 25, 2024 by Resolution 11 – 2024 for the 2045 long-range plan and approved by WisDOT on December 13, 2024.

- Duluth-Superior Metropolitan Interstate Council, (Duluth-Superior MPO); phone 218.529.7541; 2025 – 2028 TIP as adopted on October 16, 2024 by Resolution No. 24 –15 for the 2050 long-range plan and approved by WisDOT on October 16, 2024.

- Marathon County Metropolitan Planning Commission (Wausau MPO); phone 715.261.6040; 2025 – 2028 TIP adopted on October 22, 2024 by Resolution No. 7 – 24 for the 2050 long-range plan and approved by WisDOT on December 13, 2024.

- Dubuque Metropolitan Area Transportation Study (DMATS) (Dubuque, IA MPO); phone 563.556.4166; 2025 – 2028 TIP as adopted on July 11, 2024 for the 2050 long-range plan and approved by WisDOT on December 13, 2024.

Transit Funds Sections 5303, 5304, 5311, 5314, 5316 and 5317, are reflected in individual TIPs and are administered by WisDOT. Transit Funds Sections 5307, 5309, 5310 and 5339, are reflected in individual TIPs and can be administered by WisDOT or directly between FTA and the urbanized area transit operator.

6. Federal Transit Assistance Programs

The following are federal transit assistance programs authorized under the IIJA, which reauthorized the federal surface transportation programs. The IIJA was enacted on November 15, 2021.

Section 5303: Metropolitan Transportation Planning Program

Section 5303 is a formula-based grant program apportioned annually to states for use. All 5303 planning funds are transferred to the Federal Highway Administration. The federal share is 80% with a required 20% non-federal match.

Section 5304: Statewide Transportation Planning Program

Section 5304 is a formula-based grant program apportioned annually to the states for use in rural planning and research. The federal share is 80% with a required 20% non-federal match.

Section 5307: Urbanized Area Formula Program
This program provides grants to urbanized areas (over 50,000 in population) for public transportation capital, planning, and Job Access and Reverse Commute (JARC) projects, as well as operating expenses in certain circumstances. The federal share for capital projects is 80% with a required 20% non-federal match. The federal share for operating projects is 50% of the net deficit. WisDOT allocates the portion of this funding known as the 'Governor's Apportionment' among transit systems in communities with populations between 50,000 and 200,000 as defined by the most recent Census.

Section 5310: Enhanced Mobility of Seniors and Individuals with Disabilities

This program is intended to enhance the mobility of seniors and persons with disabilities by providing funds for programs to serve the special needs of transit-dependent populations beyond traditional public transportation services and Americans with Disabilities Act (ADA) complementary paratransit services. This program consolidated two SAFETEA-LU programs: Section 5317 – New Freedom and Section 5310 – Elderly and Disabled Capital Assistance. The federal share for capital projects is 80% with a required 20% non-federal match. The federal share for operating projects is 50% of the net deficit.

Section 5311: Formula Grants for Rural Areas

Section 5311 is a formula grant program for non-urbanized areas (under 50,000 in population) that provides capital and operating assistance for public transportation systems. Eligible activities include capital, operating assistance, and planning expenses. JARC projects, once funded through Section 5316, became eligible projects in the MAP-21 reauthorization bill in 2012. The federal share for capital projects is 80%, with a required 20% non-federal match. The federal share for operating projects is 50% of the net deficit.

Section 5311(b)(3): Rural Technical Assistance Program (RTAP)

Section 5311(b)(3) is formula funding for states to provide research, technical assistance, and training to improve the delivery of transit services in non-urbanized areas (under 50,000 in population). There is no Federal requirement for a local match.

Section 5329: State Safety Oversight (SSO) Program

The purpose of the SSO program is to oversee the safety of rail transit systems. The SSO program is administered by eligible states with rail transit systems in their jurisdiction. FTA provides federal funds through the SSO Formula Grant Program for eligible states to develop and carry out their SSO programs. Under 49 U.S.C. Section 5329(e), as amended by the FAST Act, FTA is required to certify each state's program to ensure compliance. SSO grant funds awarded to Wisconsin have a federal share of 80% and a required non-federal match of 20%.

Section 5339: Bus and Bus Facilities Formula Grants

Section 5339 provides capital funding to replace, rehabilitate, and purchase buses and related equipment, and to construct bus-related facilities. It replaced the Section 5309 Bus and Bus Facilities program under SAFETEA-LU. The federal share is 80% with a required 20% non-federal match. There are funds annually allocated to states by formula and a national competitive program for which urban fixed-route transit systems and state departments of transportation may apply.

[1] Amounts shown in this table are annual estimates.

[2] Section 5307 are the Governor's Apportionment. Funds are also allocated directly to large urban transit systems.

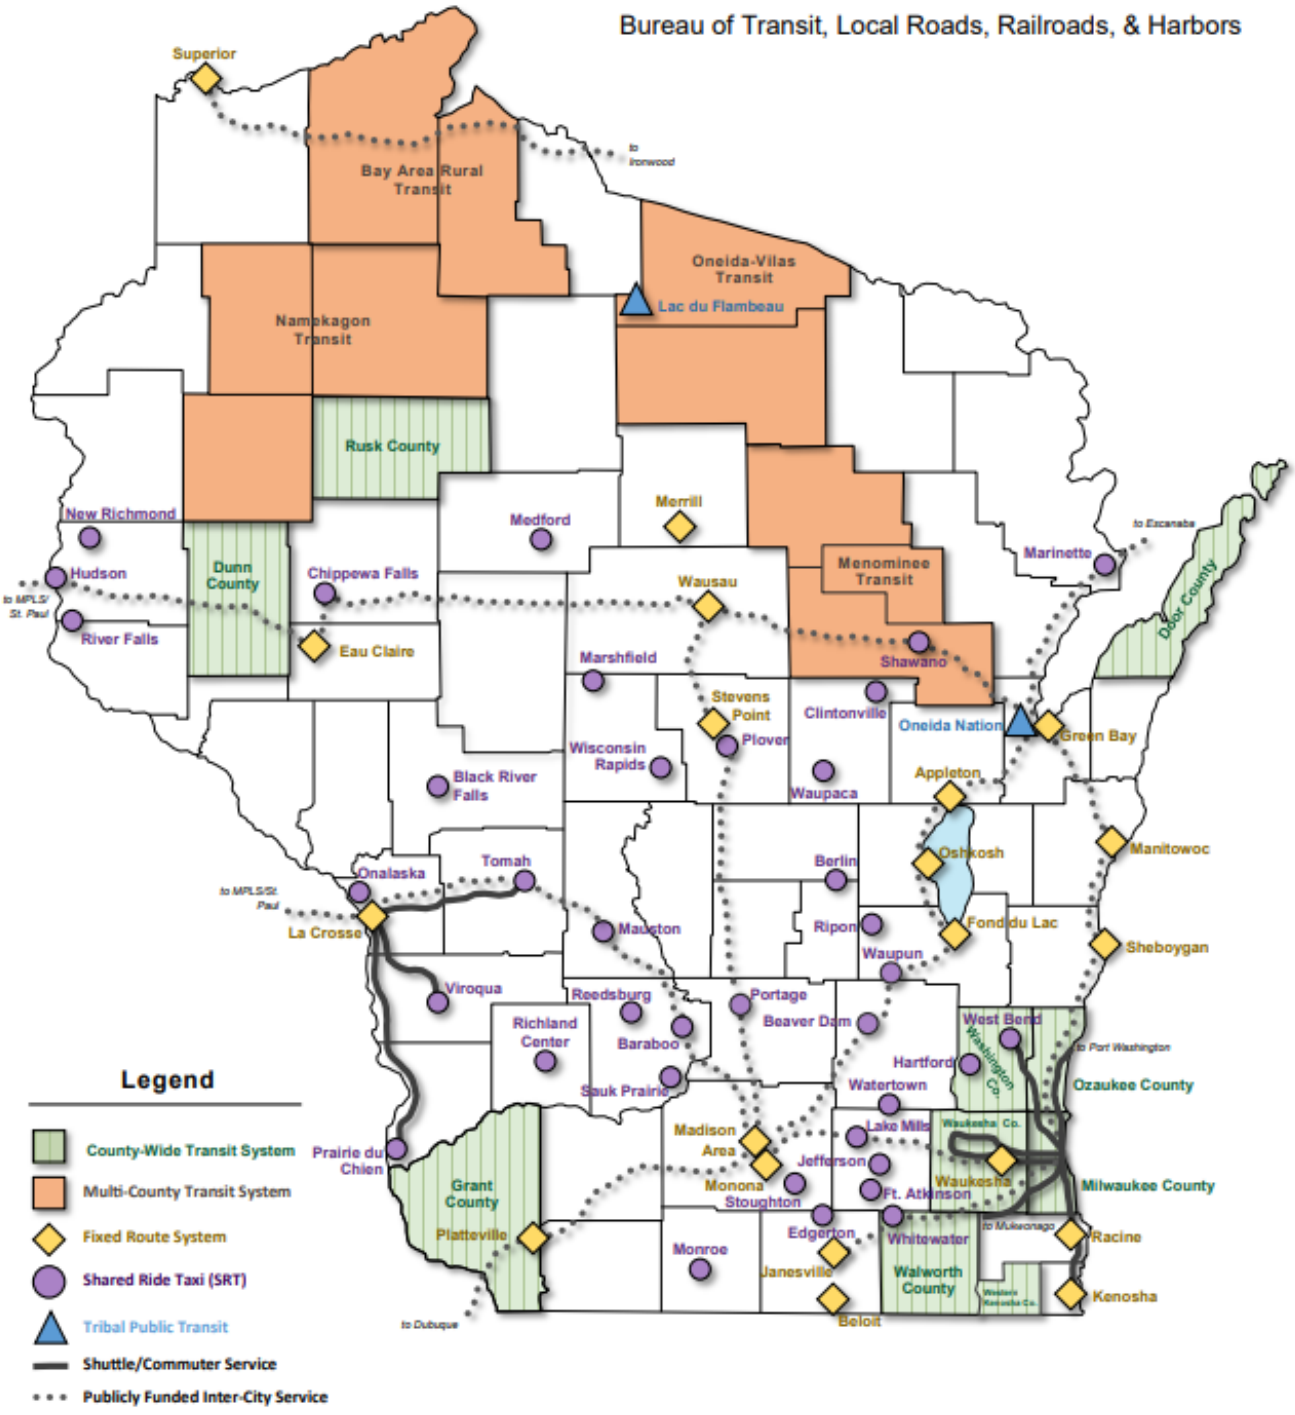

[3] Section 5310 funds combine WisDOT's statewide allocation for small urban and rural areas. Funds are also allocated directly to large urban transit systems.

[4] Section 5339 funds combine WisDOT's statewide allocation and the Governor's Apportionment. Funds are also allocated directly to large urban transit systems.

Wisconsin Public Transit Systems 2025

Wisconsin Department of Transportation

Bureau of Transit, Local Roads, Railroads, & Harbors

This map identifies the general coverage areas of public transit systems within Wisconsin. For specific route information, contact transit systems directly. For Intercity Bus Service, additional information is here — https://wisconsindot.gov/Pages/travel/pub-transit/bus-service.aspx

7. Federal Railroad Administration Programs

For informational purposes only

7.1. Intercity Passenger Rail Projects

WisDOT is currently overseeing construction of three improvement projects that will lead to service improvements on the Amtrak *Borealis* and *Hiawatha* routes. All three projects are funded with federal Consolidated Rail Infrastructure and Safety Improvement (CRISI) discretionary grant funds.

WisDOT is also leading four studies funded under the Federal Railroad Administration's Corridor Identification and Development (Corridor ID) program.

WisDOT has applied for federal grant funding to construct improvements to enable extending two *Hiawatha Service* round-trip trains from Madison to Milwaukee through the Consolidated Rail Infrastructure and Safety Improvement (CRISI) program.

7.1.1. Corridor Improvement Projects:

One to three additional daily round-trip frequencies will be added between Milwaukee and Chicago on the *Hiawatha* Service, in cooperation with the State of Illinois, Amtrak, Metra and Canadian Pacific Kansas City (CPKC). The full corridor improvements would involve final design and construction (SFY 2027 – 2030), pending completion of the Environmental Assessment and Service Development Plan (completion SFY 2032). The corridor improvements in Wisconsin are already underway.

- Projects in Wisconsin required to accommodate the additional round-trip frequencies:
    - Milwaukee Airport Rail Station second platform with overhead access, completed in 2026 (Milwaukee)
    - Muskego Yard signalization and track and bridge improvements (Milwaukee)
    - Centralized train control (CTC) signalization between Milwaukee Intermodal Station and Cutoff (Milwaukee).
- The *Borealis* is a new state-supported intercity passenger rail frequency that operates between Chicago and the Twin Cities. It began service on the Amtrak *Empire Builder* corridor in May 2024 under an agreement with CPKC that requires completion of infrastructure improvements in the corridor. Construction of these improvements began in SFY 2027. Infrastructure improvements in Wisconsin include rebuilding the second CPKC main track west and east of the La Crosse Amtrak Depot, extending the CPKC La Crosse Yard lead track to the west, and undertaking crossing safety improvements east of the depot.

7.1.2. Final Design and Construction Projects:

At the time of publication of the STIP, there were five projects with grant applications selected for award by the Federal Railroad Administration (FRA) for construction of passenger rail improvements.

1. Milwaukee Airport Rail Station second platform with overhead access (Milwaukee):
   $22 million project estimate: ***Grant awarded – $5.05 million***
2. CTC signalization between Milwaukee Intermodal Station and Cutoff (Milwaukee):
   $5.4 million project estimate: ***Selected for award – $2.7 million***
3. Acquisition of three cab-coach cars and six coach cars for the Amtrak Hiawatha Service:
   $44 million project estimate: ***Grant awarded – $25.5 million***
4. Muskego Yard Improvements and freight train bypass of Milwaukee Intermodal Station (Milwaukee):
   $91 million project estimate: ***Selected for award – $72.8 million***
5. Twin Cities-Milwaukee-Chicago Intercity Passenger Rail Project;
   $56 million project estimate: ***Grant awarded – $31.8 million***

7.1.3. Corridor Identification and Development Studies:

WisDOT was selected for four FRA Corridor ID grants in FY2024 for the following corridors:

1. Milwaukee–Madison–Eau Claire Twin Cities Corridor
2. TCMC Service Expansion via La Crosse
3. Milwaukee–Green Bay Hiawatha Extension
4. Milwaukee–Chicago Hiawatha Expansion

WisDOT anticipates beginning Step 2 for all four corridors in FY2027.

8. Roadway and Bridge Improvement Programs

The pages that follow list WisDOT's projects planned for implementation in Calendar Years 2027, 2028, 2029 and 2030. Projects are sorted in the following order:

CALENDAR YEAR

DIVISION-BUREAU (REGION)

COUNTY NAME

HIGHWAY NUMBER

SCHEDULE DATE

PROJECT ID

It should be noted that the list contains some minimal over-programming (i.e. more projects than can be funded in a given year) to allow for attrition; that is, projects being delayed or dropped for other than financial reasons. Preliminary engineering projects will not be contained in the following list, although they are likely to be listed in the appropriate MPO TIP.

It should also be noted that the Federal Fund Type (or lack of) shown for each project represents a *tentative* fund assignment that may or may not become reality. WisDOT reserves the right to change the federal fund type on individual projects at any time prior to authorization of funding obligation, when necessary, consistent with its overall obligation plan to maximize the use of available federal aid. This may include the removal of all federal aid on an individual project.

8.1. Programming based on Infrastructure Investment and Jobs Act Fund Programs

Federal-aid highway and transit funding programs are authorized by federal legislation. The most recently authorized federal surface transportation authorization act was the IIJA of 2021. The authorization of IIJA extends until September 30, 2026. At the time of this document, the United States Congress has yet to enact new legislation for transportation funding beginning October 1, 2026. WisDOT will make all required program adjustments in accordance with any future related federal legislation, regulations and guidance.

8.2. Funding Code

Fund Type	Project Prefix
Congestion Mitigation Air Quality	CMAQ
Surface Transportation Program (STP) – state reference The federally funded program for the state STP is the Surface Transportation Block Grant (STBG) Program	STP
Highway Safety Improvement Program	HSIP
High Priority Projects	HPP
National Highway Freight Program	NHFP
National Recreational Trails (funds transferred to DNR)	NRT
National Highway Performance Program	NHPP
Competitive Allocations	ITS, ER
Bridge Replacement and Rehabilitation	BR
State Planning and Research (SPR) Program	SPR
Public Land and Forest Highway Programs	PLH, FH
Statewide Metropolitan Planning	PL
Transportation Alternatives Program	TAP

8.3. Local Programs

All below listed programs, except for the Local Bridge Program, utilize federal and local funds to pay for local projects. In addition to federal and local funds, the Local Bridge Program may also utilize state funds to pay for local projects.

Local Bridge Program: Funds the improvement of local bridges. This includes engineering and construction costs for administering and implementing bridge improvements both on and off the State Trunk Highway (STH) System.

Congestion Mitigation & Air Quality (CMAQ) Improvement Program: Funds projects that have a positive impact on air quality including traffic signalization, roundabouts, and other roadway efficiency improvements, carpooling, transit improvements, development of bicycle and pedestrian facilities, and alternative fuel facility and vehicle projects. These projects must be located in or primarily benefit nonattainment and maintenance areas for criteria pollutants.

Surface Transportation Program (STP): Funds the improvement of local highways, including engineering, real estate, construction costs, and department services on roads that are not a part of the STH System. Funding levels are suballocated on the basis of population.

> ***STP Rural Program:*** Improvements to roads and streets functionally classified as higher than rural minor collectors.
>
> ***STP Small Urban Program:*** Improvements in urban areas with populations greater than 5,000 but less than 50,000. Includes non-highway projects including multi-modal facilities, transit capital improvements, and bicycle and pedestrian facilities.
>
> ***STP Local Program:*** Improvements to roads and streets functionally classifies as a minor collector or local road. Additionally, the roadway must lie wholly outside of an urbanized area (i.e., the roadway must be in a rural or urban area less than 50,000 in population).
>
> ***STP Large Urban Program:*** Improvements in urban areas with populations greater than 50,000. Includes non-highway projects including multi-modal facilities, transit capital improvements, and bicycle and pedestrian facilities. Projects are selected by Metropolitan Planning Organizations (MPOs).

Transportation Alternatives Program (TAP): Funds programs and projects defined as transportation alternatives, including on- and off-road pedestrian and bicycle facilities, infrastructure projects for improving non-driver access to public transportation and enhanced mobility, bicycle and pedestrian plans, and Safe Routes To School projects. It is the State of Wisconsin's STBG-Set-Aside program. Funding is suballocated on the basis of population, with Metropolitan Planning Organizations (MPOs) selecting projects in urban areas with populations greater than 200,000.

8.4. State Programs

The State Programs utilize federal, state, and/or local funds to pay for projects located on the STH system.

Major Highway Development: Major Highway Development projects are generally among the most complex, costly, and high-profile projects initiated by WisDOT. They are long-term solutions to the most serious deficiencies on highly traveled segments of the highway system. A Major Project cost threshold is indexed to construction inflation. As of October 1, 2026, the cost thresholds are a total cost of more than $138.1 million for a High-Cost Major or a total cost of more than $55.2 million for a Traditional Major. A Traditional Major project involves one of the following:

1. Constructing a new highway 2.5 miles or more in length;
2. Reconstructing or reconditioning an existing highway by one of the following:
    a. Relocating 2.5 miles or more of an existing highway;
    b. Adding one or more lanes 5 miles or more in length to the existing highway;
    c. Improving to freeway standards 10 miles or more of an existing divided highway having two or more lanes in either direction.

A Traditional Major must be enumerated by the state legislature and a High Cost Major must be approved by the Transportation Projects Commission.

Southeast Wisconsin Freeway Megaprojects: Southeast Freeway Megaprojects are also among the most complex, costly, and high-profile projects initiated by WisDOT. This program provides funding for projects on the southeast Wisconsin freeway system. Like the Major Highway Development program, the megaproject cost threshold is indexed to construction inflation. As of October 1, 2026, the cost threshold for a Southeast Freeway Megaproject is $925 million. Megaprojects must be enumerated by the Wisconsin State Legislature.

State Highway Rehabilitation (SHR): The State Highway Rehabilitation program funds improvements on Wisconsin's state-owned highway system. Improvements funded in the SHR program include bridge preservation, bridge rehabilitation, bridge replacements, pavement preservation, pavement rehabilitation, pavement replacement, and intersection and interchange improvements. The program is managed as two separate sub-systems: The Backbone system and the 3R system. These two subsystems are managed as follows:

Backbone System: The Backbone highway subprogram funds improvements on Wisconsin's 1,598-mile Backbone highway system. The Backbone system includes all 879 miles of Interstate routes in the state and those freeways and expressways that are designated as Backbone roadways in Connections 2030, Wisconsin's long-range transportation plan. Improvements funded in the Backbone rehabilitation program include bridge preservation, bridge rehabilitation, bridge replacements, pavement preservation, pavement rehabilitation, pavement replacement, and intersection and interchange improvements.

3R System: The 3R program funds improvements (resurfacing, restoration, and rehabilitation) to existing roadways, the minor addition of lanes, traffic and safety improvements, and minor realignments of roadway. Improvements in this subprogram are categorized by the type of work involved:

- *Resurfacing:* Rehabilitating the surface of pavement to provide a smoother ride and to extend the pavement's structural life. Can also include pavement widening and/or shoulder paving to

improve safety and reduce shoulder maintenance costs.

- *Reconditioning:* Resurfacing and improving an isolated grade, curve, or intersection.
- *Pavement Replacement:* The highest type of "resurfacing" whereby the existing pavement structure is replaced with a new one. Does not include widening of the roadway.
- *Reconstruction:* Total rebuilding of the highway to provide a safer facility, to improve geometrics (i.e. longer passing and stopping sight distances, broader turning radii, and additional lanes at intersections) and increased traffic handling capabilities. Other benefits are a smoother ride, reduced travel time and lower maintenance costs.

Major Interstate and High-Cost State Highway Bridges: The Major Interstate and High-Cost State Highway Bridges program includes two separate programs focusing on unique, high-cost structure projects across the state. Bridges are ineligible for this program if they are considered as part of a Southeast Wisconsin Freeway Megaproject.

Major Interstate Bridge Program: A Major Interstate Bridge project is defined as any bridge project on a state highway that crosses a river forming a boundary of the state and for which the state's estimated cost share is at least $100 million. The cost threshold for the Major Interstate Bridge program is not indexed to construction inflation.

High-Cost State Highway Bridge Program: A High-Cost State Highway Bridge project is defined as any bridge project on a state highway that has a total cost of more than $150 million. Bridges are ineligible for this program if they are considered as part of a Major Interstate Bridge project. The cost threshold for the High-Cost Bridge Program is not indexed to construction inflation.

Highway Traffic Operations: The Highway Traffic Operations program includes all the repair and operation of pavement markings, traffic signs, traffic operation improvements, and freeway detours.

Maintenance Program: The Maintenance program funds the refurbishment, repair, cleaning, painting, re-lamping, etc., of existing traffic control devices (TCDs). Although state crews do most of the routine maintenance on TCDs, the nature and/or volume of some of the work requires outside help (i.e., either by private contractors through the state letting process or county highway maintenance crews, depending on the estimated scope and cost of the work). The biggest items are sign refurbishment of the large freeway guide signs, cleaning and re-lamping of the highway lighting units, and traffic control signals on the system.

Statewide Stand-Alone Curb Ramp Program: The Statewide Stand-Alone Curb Ramp program includes the design and construction of stand-alone curb ramp locations for the state trunk network including connecting highways. Stand-alone curb ramp locations are sites that are intended to address Americans with Disabilities Act requirements and are not within a roadway improvement project in the Six-year Program.

8.5. Safety Programs

The Safety programs utilize federal funds with the match being either state, local, or railroad funds, depending

upon the jurisdiction of the highway and type of railroad project. These funds pay for activities that promote safety. The Highway Safety Improvement Program is incorporated into the safety-related projects listed by WisDOT Region in the STIP.

Highway Safety Improvement Program (HSIP): A core federal-aid program with the purpose of achieving a significant reduction in traffic fatalities and serious injuries on all public roads, including non-state-owned roads and roads on tribal land. HSIP utilizes a data-driven approach to improving safety on all public roads.

Railroad Crossing Warning Devices: Funds signal warning device installations, circuitry improvements, flashing lights, cantilevered flashing lights, and gates.

Railroad Crossing Elimination of Hazards: Funds geometric improvements (grades), modular crossings, separations (limited because of high costs), consolidations, and closures.

8.6. Federal Competitive Grant Programs

This section includes a listing of federal competitive grant awards that are awarded under Titles 23 and 49 of US Code. Competitive grants are funding opportunities that may be awarded to eligible applicants through a highly competitive selection process. Awarded grants within the 2027-2030 STIP period will be included via the monthly amendment process as they are announced by the federal agency. The competitive grant award tables listed below are awarded grants to Wisconsin eligible applicants between Federal Fiscal Years 2022-2026 prior to the execution of the grant agreement.

Federal Highway Administration (FHWA)

Bridge Investment Program (BIP): Funds signal warning device installations, circuitry improvements, flashing lights, cantilevered flashing lights, and gates.

National Scenic Byways (NSB) Program (NSB): Purpose of the program is to help recognize, preserve, and enhance selected roads throughout the United States.

Tribal Transportation Program Safety Fund (TTPSF): TTPSF emphasizes the development of strategic transportation safety plans using a data driven process as a means for Tribes to determine how transportation safety needs will be addressed in Tribal communities.

Federal Transit Administration (FTA)

Areas of Persistent Poverty Program (AoPP): AoPP awards grants to eligible applicants for planning, engineering, or development of technical or financing plans for projects eligible under Chapter 53 of title 49, United States Code to assist Areas of Persistent Poverty or Historically Disadvantaged Communities.

Buses and Bus Facilities: Replace, rehabilitate, and purchase buses and related equipment and to construct bus related facilities.

Capital Investment Grants (CIG): Fixed guideway investments including new & expanded rapid rail, commuter rail, light rail, streetcars, bus rapid transit, and ferries, as well as corridor-based bus rapid transit investments that emulate the features of rail.

Low or No Emission Vehicle Program: Provides funding to state and local governmental authorities for the purchase or lease of zero-emission and low-emission transit buses as well as acquisition, construction, and leasing of required supporting facilities.

Tribal Transit Program (TTP): Competitive grant allows Tribes to buy transit vehicles, upgrade bus facilities, and expand transit options.

Office of the Secretary of Transportation (OST)

Nationally Significant Multimodal Freight and Highway Projects (INFRA): Highway and freight projects of national or regional significance to improve the safety, efficiency, and reliability of the movement of freight and people in and across rural and urban areas.

Better Utilizing Investments to Leverage Development (BUILD): Provides a unique opportunity for the DOT to invest in road, rail, transit, and port projects that promise to achieve national objectives. BUILD was previously known as the Rebuilding American Infrastructure with Sustainability and Equity (RAISE) and Transportation Investment Generating Economic Recovery (TIGER) Competitive Grants. No state can receive more than 15% of the total available funds.

Rural and Tribal Assistance Pilot Program (RTA): Support project development leading to future applications to DOT credit or grant programs. The grants can support legal, technical, and financial advisors to help them advance infrastructure projects.

Safe Streets and Roads for All Grant Program (SS4A): Program will provide funding directly to local & tribal governments to support their efforts to advance "vision zero" plans & other improvements to reduce crashes & fatalities, especially for cyclists & pedestrians. Specifically, this includes projects to: (A) develop a comprehensive safety action plan; (B) conduct planning, design, & development activities for projects & strategies identified in a comprehensive safety action plan; or (C) carry out projects & strategies identified in a comprehensive safety action plan.

Strengthening Mobility and Revolutionizing Transportation Competitive Grants (SMART): City or community demonstration projects that incorporate innovative transportation technologies or uses of data, including coordinated automation, connected vehicles, and intelligent sensor-based infrastructure.

8.7. Competitive Grant Project Listing Reference Information

These tables provide a reference for the information within the competitively awarded grant listings on pages 8-9 through 8-28.

U.S. DOT Federal Agency

FHWA	Federal Highway Administration
FMSCA	Federal Motor Carrier Safety Administration
FRA	Federal Railroad Administration
FTA	Federal Transit Administration
OST	Office of Secretary of Transportation

Federal Competitive Grant Program

AoPP	Areas of Persistent Poverty Program – FTA
ATTAIN	Advanced Transportation Technology and Innovation – FHWA
BIP	Bridge Investment Program – FHWA
BUILD	Better Utilizing Investments to Leverage Development (BUILD) – OST

NOFO Year	Federal Agency	Grant Name	Applicant Name	Project Name	Project Description	Awarded Amount
2022	FHWA	PROTECT	Monroe County Highway Department	Little La Crosse Watershed Infrastructure Resiliency Initiative	The Monroe County Highway Department will receive $506,000 to assess the vulnerability of bridges, culverts, dams and roadways in southwestern Monroe County and prioritize their repair or removal. The project also will identify strategies for improving the resiliency of these road crossings during extreme weather events such as flash flooding, and to develop cost-effective actions to reduce potential impacts.	$506,000
2022	FHWA	TTPSF	Forest County Potawatomi Community	FCPC Intersection Safety Project: Phase IV ? Fire Keeper Road / US Highway 8 Intersection		$370,055
2022	FHWA	TTPSF	Forest County Potawatomi Community	Update an Existing Transportation Safety Plan		$2,500
2022	FHWA	TTPSF	Forest County Potawatomi Community	Systemic Application of Roadway Departure Countermeasures		$167,300
2022	FHWA	TTPSF	Menominee Indian Tribe of Wisconsin	Menominee Indian Tribe of Wisconsin Road Improvement and Maintenance Pilot Program		$428,831
2023	FHWA	ATTAIN	City of Madison	Advancing Safety and Emergency Operations through a Regional Connected Vehicle Corridor		$5,037,606
2023	FHWA	TTPSF	Menominee Indian Tribe of Wisconsin	Road Safety Audits at 11 Priority Locations		$48,315

NOFO Year	Federal Agency	Grant Name	Applicant Name	Project Name	Project Description	Awarded Amount
2024	FHWA	CFI	City of Milwaukee	Vehicle Recharging Options of Milwaukee (VROOM!): Equitably Expanding Public EV Charging in the Milwaukee Area	The City of Milwaukee will receive nearly $15 million to install EV chargers at 53 sites citywide. During the site selection process, the city prioritized sites in areas that lack existing EV infrastructure, low-to-moderate income communities, and neighborhoods with high ratios of multi-family housing units. This project will support the city's climate and equity goals by expanding the network in areas that currently lack public infrastructure, or lack the ability to charge at home, making residents more comfortable with switching to an EV, and increasing rates of EV adoption.	$14,965,533
2024	FHWA	CFI	Dane County	Charge Up Dane County - Accelerating the Transition to EV Transportation for All	Dane County will receive $13.2 million to install 92 Level 2 and DC Fast Charging EV stations with a total of 368 publicly accessible ports. The funding will bring EV charging to high-density urban and suburban areas as well as rural areas while eliminating gaps in charging availability. Dane County is a regional leader in electrifying transportation with a strong electric bike-share network, a new all-electric bus rapid transit system, and electrifying municipal fleets.	$13,198,127
2024	FHWA	TTPSF	Forest County Potawatomi Community	Pathway to Wellness: Safely Connecting Communities Project		$86,000
2024	FHWA	TTPSF	Forest County Potawatomi Community	Roadway Departure Reduction & Safety Improvement Project – CTH T with Side Roads		$177,578
2024	FHWA	TTPSF	Sokaogon Chippewa Community	Transportation Safety Plan Update		$10,000
2024	FHWA	TTPSF	Sokaogon Chippewa Community	Speed Feedback Signs		$16,544
2025	FHWA	TTPSF	Forest County Potawatomi Community	Community Road Safety Data Collection and Analysis		$420,886
2025	FHWA	TTPSF	Forest County Potawatomi Community	County Highway S Roadway Departure Safety Project		$191,554

NOFO Year	Federal Agency	Grant Name	Applicant Name	Project Name	Project Description	Awarded Amount
2025	FHWA	TTPSF	Forest County Potawatomi Community	Education Trail Safety Project		$710,836
2025	FHWA	TTPSF	Ho-Chunk Nation of Wisconsin	Design of Ho-Chunk Nation/Sauk County CTH H/D and W Road Intersection Reconstruction Project		$218,000
2025	FHWA	TTPSF	Red Cliff Band of Lake Superior Chippewa Indians	Design of Pedestrian Pathways Project		$224,000
2025	FHWA	TTPSF	St. Croix Chippewa Indians of Wisconsin	Transportation Safety Plan Update		$10,000
2026	FHWA	NSB	Wisconsin Department of Transportation	Wisconsin Great River Road Digital Media Marketing, Website, and Video Investment	This multi-year marketing campaign will center on the “All-American Adventure” theme, serving as a powerful catalyst to attract visitors and stimulate the local economies of the 33 communities along the Wisconsin Great River Road National Scenic Byway (WIGRRNSB) All-American Road. The Project is designed to enhance economic development by providing essential tools to drive tourism to the region, beginning with a comprehensive brand refreshment that highlights the prestige of the All-American Road designation. Through professional storytelling and the strategic use of interactive media—such as videos and photography—this campaign will communicate the revitalized brand via a dynamic website and enhanced social media.	$140,878

NOFO Year	Federal Agency	Grant Name	Applicant Name	Project Name	Project Description	Awarded Amount
2022	FMCSA	High Priority Activities Program	WisDOT DMV	FY2022 HP-ITD Grant Program	FM-MHP-0688-22-01-00 HP-ITD funds support innovative and impactful projects that advance its mission to reduce crashes, injuries, and fatalities involving large trucks and buses. (Motor Carriers)	$156,010

NOFO Year	Federal Agency	Grant Name	Applicant Name	Project Name	Project Description	Awarded Amount
2022	FRA	RCE	City of Eau Claire	Galloway Street Vehicular and Pedestrian Rail Crossing Eliminations and Construction of Galloway St. Rail Overpass	The proposed project will support project development, final design, right-of-way acquisition, and construction activities to replace two at-grade crossings (vehicle and pedestrian) with grade-separated overpasses over Union Pacific's rail line. The new overpasses will connect to the Chippewa River Regional Pedestrian Bike/Pedestrian Trail. The City of Eau Claire will contribute a 20 percent non-Federal match.	$9,999,600
2023	FRA	RCE	City of Horicon	City of Horicon Rail Safety Planning Project	The proposed project was selected for Project Planning and includes activities to evaluate and recommend safety improvements for five at-grade crossings in Horicon, Wisconsin. The project will evaluate the existing conditions at each crossing to determine if closure, grade separation, or upgraded signals would be the solution to address current issues at the five crossings. The project aligns with the selection criteria by enhancing safety, as the project will improve multimodal transportation safety and resilience during hazard events and reduce accidents and crash risks. The City of Horicon will contribute the 20 percent non-Federal match. This project qualifies for the statutory set-aside for Planning projects and the statutory set-aside for projects in Rural Areas.	$160,000
2023	FRA	RCE	City of Superior	28th Street Grade Separation	The proposed project was selected for Project Planning and Project Development and includes activities to support the 28th Street Superior Grade Separation Project in Superior, Wisconsin. The proposed project will evaluate the alternatives for a rail crossing grade separation including consideration of alignments and the methods of such a separation, multimodal improvements, and associated impacts. This project aligns with the selection criteria by improving the safety, comfort, quality, and accessibility of the multimodal network in Superior, providing east–west access along North 28th Street. The City of Superior and BNSF Railway will contribute the 20 percent non-Federal match. This project qualifies for the statutory set-aside for projects in Rural Areas and $300,000 of this project funding amount qualifies for the statutory set-aside for Planning projects.	$1,988,800
2023	FRA	RCE	City of Wauwatosa	Walnut Road Union Pacific Grade Separation Community Connector		$1,000,000

NOFO Year	Federal Agency	Grant Name	Applicant Name	Project Name	Project Description	Awarded Amount
2023	FRA	RCE	Fond du Lac County	Fond du Lac County Railroad Corridor Study	The proposed project was selected for Project Planning and includes activities to examine four at-grade crossings in Friendship and Van Dyne, Wisconsin. The project will assess various alternatives to improve the safety and mobility of each of these contiguous crossings on the Wisconsin Central corridor, and specifically the feasibility of a grade separation for the crossing at Kinker Road. In addition, this study may consider upgrades to a nearby crossing at Lone Elm Road, which are already planned by the Wisconsin Department of Transportation. The project aligns with the selection criteria by enhancing safety, as the project will improve emergency response times and eliminate vehicle conflicts with trains. Fond du Lac County will contribute the 20 percent non-Federal match. This project qualifies for the statutory set-aside for Planning projects and the statutory set-aside for projects in Rural Areas.	$300,000
2023	FRA	RCE	La Crosse County	Brice Prairie Rail Safety and Grade Separation Plan: A Comprehensive Planning and Environmental Linkages (PEL) Study to Explore Crossing Closures and Grade Separation Options for the Community	The proposed project was selected for Project Planning and includes activities to explore potential crossing closures and/or grade separation options in the Town of Onalaska, Wisconsin, to improve access to Brice Prairie. Brice Prairie, a census-designated place and island on the Mississippi River, is only accessible via two roads. Both roads intersect the same rail line and are often simultaneously blocked, isolating Brice Prairie from the mainland. The project aligns with the selection criteria by improving access to communities and emergency services, as the project will eliminate delays caused by occupied crossings. The Town of Onalaska, La Crosse County, BNSF Railway, and La Crosse Area Planning Committee will contribute the 20 percent non-Federal match. This project qualifies for the statutory setaside for Planning projects and the statutory set-aside for projects in Rural Areas	$728,000

NOFO Year	Federal Agency	Grant Name	Applicant Name	Project Name	Project Description	Awarded Amount
2022	FTA	AoPP	City of Madison		The city of Madison will receive funding for a plan for its proposed North-South "B" bus rapid transit line, which will provide high-quality service to areas of persistent poverty. The expanded system will reduce overcrowding on buses while providing more direct access to jobs, schools, healthcare, services, and other destinations and reduce greenhouse gas emissions with battery-electric buses.	$258,480
2022	FTA	AoPP	Milwaukee County Department of Transportation		The Milwaukee County Department of Transportation will receive funding to study the feasibility of a shared Bus-Bike Only Lane on 35th Street (a major arterial street) between W. Vliet Street and W. National Avenue connecting the City of Milwaukee and Milwaukee County's North and South Sides. The proposed study will look to improve transit reliability and safer, more accessible multimodal travel opportunities for users of this vital transit corridor, including some of the most vulnerable and under-represented residents in Milwaukee County.	$400,000
2022	FTA	LOW	City of Racine		The city of Racine will receive funding to replace diesel buses with battery electric buses. The project will improve air quality, address climate change, connect workers to jobs, and play a role in workforce training related to the growing clean-energy sector of the economy.	$3,796,872
2022	FTA	TTP	Bad River Band of Lake Superior Tribe of Chippewa Indians	Bad River Transit Planning Project	The Bad River Band of Lake Superior Tribe of Chippewa Indians will receive funding for outreach and planning to inform Bad River's Transit Strategic Plan. This plan will be used for service decisions and a potential expansion to better meet transit needs in the Bad River region.	$16,185
2022	FTA	TTP	Forest County Potawatomi Community	FCPC 2022 Sustainable Tribal Transit Expansion Project	The Forest County Potawatomi Community will receive funding to buy a zero-emission passenger van and a hybrid electric van to serve a new route connecting the Tribe's Community Center to nearby schools, supporting after-school programming and opportunities.	$235,434
2022	FTA	TTP	Menominee Indian Tribe of Wisconsin	Purchase Replacement Buses	The Menominee Indian Tribe of Wisconsin will receive funding to replace transit vehicles that have exceeded their useful life. The new vehicles will help deliver reliable connections between the Menominee Reservation and 30 counties in Wisconsin.	$330,000

NOFO Year	Federal Agency	Grant Name	Applicant Name	Project Name	Project Description	Awarded Amount
2023	FTA	LOW	City of Beloit		The Beloit Transit System will receive funding to buy a hybrid bus to replace an older diesel bus that has exceeded its useful life. This project will support service reliability and lower maintenance costs while also reducing emissions.	$653,184
2023	FTA	LOW	City of Madison		The city of Madison's Metro Transit will receive funding to buy battery-electric buses to replace older diesel buses and install charging equipment and solar panels to modernize its bus maintenance facility, as well as develop a workforce training program. The new buses will address a significant maintenance need and help Metro Transit better serve riders.	$37,962,840
2023	FTA	TTP	Bad River Band of Lake Superior Tribe of Chippewa Indians		The Bad River Band of Lake Superior Tribe of Chippewa Indians will receive funding to begin planning a transition to low-emission and electric bus fleet, fulfilling its 2023 Ten-Year Transit Strategic Plan.	$25,000
2023	FTA	TTP	Lac Courte Oreilles Band of Lake Superior Chippewa Indians		The Lac Courte Oreilles Band of Lake Superior Chippewa Indians of Wisconsin will receive funding to purchase a replacement shuttle equipped with a wheelchair lift. The new vehicle will allow for accessible and reliable transit for members needing accommodation.	$150,000
2023	FTA	TTP	Menominee Indian Tribe of Wisconsin		The Menominee Indian Tribe of Wisconsin will receive funding to purchase six ADA-certified vans. The new vehicles will expand service in rural, disadvantaged areas and provide needed transit to health and educational services.	$540,000
2024	FTA	Buses and Bus Facilities	City of Appleton - Valley Transit		The city of Appleton will receive funding to modernize Valley Transit's bus maintenance facility, including bus wash, fueling, and storage. Updates to the facility will set up the transit agency to grow its fleet and transition to zero-emission buses to serve the Fox Cities region of northeast Wisconsin.	$12,000,000
2024	FTA	CIG	City of Madison	East-West Bus Rapid Transit (BRT) project	The grant will be used to build a 15-mile route that will provide fast, frequent, clean, and reliable service for the University of Wisconsin, the Madison Central Business District, and other important destinations in Wisconsin’s capital city.	$110,600,000

NOFO Year	Federal Agency	Grant Name	Applicant Name	Project Name	Project Description	Awarded Amount
2024	FTA	LOW	City of Green Bay Transit System		Green Bay Metro will receive funding to replace diesel-powered buses with battery electric buses and charging equipment, improving safety and decreasing greenhouse gas emissions. The agency expects to reduce maintenance costs as they bring Green Bay closer to reaching their goal of 100 percent clean energy by 2050.	$3,112,663
2024	FTA	TTP	Lac Courte Oreilles Band of Lake Superior Chippewa Indians of Wisconsin		The Lac Courte Oreilles Band of Lake Superior Chippewa Indians of Wisconsin will receive funding to improve the safety and visibility of bus stops by installing crosswalks and new pavement markings. The improvements will help tribal members in Northwest Wisconsin to safely access transit service for continued access to jobs, education and healthcare.	$49,696
2024	FTA	TTP	Red Cliff Band of Lake Superior Chippewa Indians		The Red Cliff Band of Lake Superior Chippewa Indians will receive funding to purchase two new electric hybrid passenger vans to replace older vehicles and to construct a storage facility. This project will improve reliability, reduce greenhouse gas emissions and improve air quality for tribal members in Bayfield County.	$957,052
2025	FTA	LOW	City of Madison		The City of Madison will receive funding to replace aging buses with new diesel-hybrid vehicles.	$17,432,700

NOFO Year	Federal Agency	Grant Name	Applicant Name	Project Name	Project Description	Awarded Amount
2022	OST	BUILD	City of Beloit	Gateways to Opportunity Project	The project will make safety improvements including a new bridge on Willowbrook Road, reconstruction of Willowbrook Road, reconstruction of Colley Road, multilane roundabouts at three intersections, and railroad crossing improvements. The project will replace an existing two-lane structure over Springbrook Creek with a new four-lane structure with bicycle and pedestrian accommodations on both sides of the structure. The project will reconstruct and upgrade parts of Willowbrook Road, and reconstruct parts of Colley Road from Willowbrook Road to Gateway Boulevard by creating multilane roundabouts at three intersections and making railroad crossing improvements	$13,476,269
2022	OST	BUILD	City of Sheboygan	Bicycle and Pedestrian Swing Bridge	The project will construct a bicycle and pedestrian bridge across the Sheboygan River. The bridge would connect Sheboygan's South Pier to Sheboygan's Riverfront District, and will also connect bicyclists and pedestrians to the central business district, marina, and other portions of the city north of the Sheboygan River.	$5,341,931
2022	OST	BUILD	Oneida Nation	Oneida Transit Bus Garage	The project will complete the engineering, design, and construction of the Oneida Transit bus garage.	$2,952,050
2022	OST	RTA	City of Elkhorn	Centralia Street Reconstruction and Bicycle Lane Addition	The project will design of Centralia Street Reconstruction and Bicycle Lane Addition.	$320,000
2022	OST	SMART	Colorado Department of Transportation and Wisconsin Department of Transportation	ATMA for Work Zone Safety	Prototype innovative autonomous truck mounted attenuator (ATMA) technology to shield highway maintenance workers from errant drivers in a four-state partnership led by Colorado DOT	$1,891,343
2022	OST	SMART	Wisconsin Department of Transportation	Extending the Wisconsin Work Zone Data Exchange (WZDx) to Local Roads Using Smart Work Zone ITS	Expand Work Zone Data Exchange to local roads in Madison.	$250,000
2022	OST	SS4A	Brown County	SS4A Action Plan Grant for Brown County, Wisconsin	The award will be used by Brown County to develop a comprehensive safety action plan.	$200,000

NOFO Year	Federal Agency	Grant Name	Applicant Name	Project Name	Project Description	Awarded Amount
2022	OST	SS4A	City of Madison	Forward to Vision Zero - Madison Supplemental Action Plan	The award will be used by the City of Madison to build upon the existing safety action plan and address active transportation, school travel, and high injury network evaluation.	$267,680
2022	OST	SS4A	City of Milwaukee	Accessible Intersections for All	The City of Milwaukee will address safety concerns for all road users, especially pedestrians and cyclists, in a project that implements multimodal safety improvements at approximately 26 intersections along 5 corridors in the City's high-injury network. Crashes at these intersections resulted from high speeds, reckless driving, disregard of traffic control, or other dangerous driver behaviors. Dated pedestrian facilities, skewed intersections, intersections with five-plus legs, and lack of accessible pedestrian signals create high-risk features. The project's safety countermeasures include installing high-visibility markings, upgrading traffic signal equipment, making intersections ADA-compliant, realigning skewed intersections, closing approaches on five-plus-legged intersections, applying road diets, and installing accessible pedestrian signals.	$4,400,000
2022	OST	SS4A	City of Park Falls	City of Park Falls Safe Streets and Roads Action Plan	The award will be used by the City of Park Falls to develop a comprehensive safety action plan.	$144,000
2022	OST	SS4A	Kenosha County	Development of a Comprehensive Safety Action Plan	The award will be used by Kenosha County to develop a comprehensive safety action plan.	$240,000
2022	OST	SS4A	Lac Courte Oreilles Band of Lake Superior Chippewa Indians	Shifting Our Traffic Safety Culture in the Heart of the North	The award will be used by the Lac Courte Oreilles Band of Lake Superior Chippewa Indians to develop a comprehensive safety action plan.	$132,500
2022	OST	SS4A	Milwaukee County Department of Transportation	Milwaukee County and Municipalities Action Plan	The award will be used by the Milwaukee County Department of Transportation to develop a comprehensive safety action plan.	$800,000
2022	OST	SS4A	St. Croix County	St. Croix County/Dunn County/Eau Claire County, WI- Corridor County Highway Safety Action Plan	The award will be used by St. Croix County to develop a comprehensive safety action plan.	$500,000

NOFO Year	Federal Agency	Grant Name	Applicant Name	Project Name	Project Description	Awarded Amount
2023	OST	BUILD	City of Kenosha	Kenosha County Bicycle Trail	The project will design and construct an extension to the Kenosha County Bicycle Trail from 35th Street to 52nd Street including two bridges to cross arterial streets.	$5,580,000
2023	OST	BUILD	City of Milwaukee	Reimagining Villard Avenue	This project will make complete streets improvements on approximately 1.5 miles of W Villard Avenue from N Sherman Boulevard to the Oak Leaf Trail and 20th Street Powerline Trail at N 20th Street, including raised bike lanes, raised intersections, curb extensions, bus bulbs, lighting and signal improvements, a pedestrian plaza, and other streetscaping enhancements.	$14,300,000
2023	OST	RCN	City of Milwaukee	Connecting North to South: A Complete 6th Street	The project reconnects several of Milwaukee's historic and diverse communities that have suffered decades of negative impacts from highway construction. The Project transforms 2.6 miles (North Avenue to National Avenue) of 6th Street, an important corridor connecting predominantly Black communities on the northside through the Downtown economic core south to the regional intermodal station and the gateway of Milwaukee's Hispanic communities on the southside.	$36,560,000
2023	OST	RCN	City of Madison	Perry Street Overpass - Madison WI Reconnecting Communities Grant	The proposed project will reconnect Perry Street over the Beltline Highway (US Highways 12/14/18/151), which was split during construction almost 70 years ago. The proposed extension of Perry Street over the Beltline will allow vehicles, buses, pedestrians, and cyclists to access the businesses located south of the highway.	$1,000,000
2023	OST	SS4A	City of Beloit	City of Beloit Action Plan Development	Develop Action Plan as well as Demonstration or Other Supplemental Planning	$400,400
2023	OST	SS4A	City of La Crosse	SS4A Planning Grant for the City of La Crosse Wisconsin	The City of La Crosse is applying for this grant with the goal of creating a safer environment for all users of the transportation network. Creating a safety action plan will give us the opportunity to prioritize projects which lead to safer and equitable streets for all.	$160,000
2023	OST	SS4A	Milwaukee County Department of Transportation	Milwaukee County Complete Communities: Safe Streets Demonstration Activities Across Five Municipalities	Conduct Demonstration or Other Supplemental Planning Activities (only)	$219,918
2023	OST	SS4A	Oneida Nation	Oneida Nation Safer Streets Project	Develop New Action Plan (only)	$100,400

NOFO Year	Federal Agency	Grant Name	Applicant Name	Project Name	Project Description	Awarded Amount
2023	OST	SS4A	Red Cliff Band of Lake Superior Chippewa Indians	Red Cliff Comprehensive Transportation Safety Action Plan	Develop New Action Plan (only)	$105,000
2023	OST	SS4A	City of Madison	Forward to Vision Zero – Madison, Safe System for Vulnerable Roadway Users	The City of Madison, Wisconsin, is awarded funds for multiple safety improvements across 14 different projects to implement the Vision Zero Madison plan. Project components which include improving pedestrian, bicycle, and transit rider safety and accessibility with sidewalks, ADA ramps, median and pedestrian refuge islands, protected bike lanes, and traffic calming. With the majority of crashes occurring at intersections, the project focuses on making safety improvements on intersections along the City's transit network and shared use paths located in their HIN using low-cost, high-impact strategies. Other improvements include rectangular rapid-flashing beacons (RRFBs), accessible pedestrian push buttons and pedestrian signal upgrades.	$6,267,668
2023	OST	SS4A	City of Milwaukee	Safe, Welcoming, and Enjoyable Streets to Grow Milwaukee	This award will be used by the City of Milwaukee to update its Citywide Mobility Plan to meet SS4A Action Plan requirements; develop a Communications Plan to identify effective public engagement strategies; and conduct demonstration activities including street design corrections, neighborhood-scale traffic calming, innovative bike infrastructure, and transit improvements using temporary materials such as jersey barriers, modular bus boarding islands, rubber speed humps, and planters.	$4,000,000
2023	OST	SS4A	City of River Falls	Protecting All Roadway Users Through Enhanced Planning and Design in River Falls, WI	This award will be used by the City of River Falls to develop a comprehensive safety action plan.	$200,000
2023	OST	SS4A	City of Sheboygan	City of Sheboygan Complete Streets Plan	This award will be used by the City of Sheboygan to develop a comprehensive safety action plan, conduct a study of heavily traveled corridors, conduct stakeholder engagement to inform the development of a new Complete Streets policy for the City.	$200,000
2023	OST	SS4A	City of West Bend	City of West Bend Planning Activities	This award will be used by the City of West Bend to conduct supplemental planning activities including updating the City's Safety Action Plan, and conducting speed studies, comprehensive traffic counts, road safety audits, additional stakeholder outreach, and proactive traffic control warrants.	$197,600
2023	OST	SS4A	County of Chippewa	Safe Streets and Roads for All - Chippewa County	This award will be used by County of Chippewa to develop a comprehensive safety action plan.	$200,000

NOFO Year	Federal Agency	Grant Name	Applicant Name	Project Name	Project Description	Awarded Amount
2023	OST	SS4A	Menominee Indian Tribe of Wisconsin	Menominee Safe Streets and Roads for All	This award will be used by the Menominee Indian Tribe of Wisconsin to conduct demonstration activities to test strategies in response to excessive speeding, such as speed bumps and visual signage.	$54,990
2023	OST	SS4A	Portage County	Portage County, Wisconsin Safe Streets and Roads for All Action Plan	This award will be used by Portage County to develop a comprehensive safety action plan; conduct supplemental planning activities to update the County's Bicycle and Pedestrian Plan; and pilot demonstration activities at concerning locations/corridors.	$200,000
2023	OST	TCP	Bad River Band of Lake Superior Tribe of Chippewa Indians	Main Streets	The Bad River Band of Lake Superior Tribe of Chippewa Indians faces numerous transportation challenges including a lack of paved and maintained roads, aging bridges, and transportation facilities that are not sufficient to current needs. With TCP support, the Bad River Band of Lake Superior Tribe of Chippewa Indians and its partners will be provided planning and technical assistance support to address these challenges. This includes specific goals to improve approximately 60 miles of public roads and parking lots and build a new vehicle storage garage.	$0
2024	OST	IFACGP	City of Madison	Madison, WI Asset Scan to Identify Opportunities for Transit-Oriented Development	The City of Madison would like to perform asset scans of property along BRT routes. Work will include a valuation and zoning analysis, and preliminary asset modeling to identify a portfolio of assets to expand opportunities for private partnership and increase the efficiency of our transit system by locating more residential units and jobs proximate to the BRT routes. The City will seek expert financial analysis to propose innovative finance strategies to support the feasibility of identified opportunities. The City will hire a consultant to create a map with overlays that identify assets near fixed transit, existing zoning, and valuations.	$670,000
2024	OST	RAISE	City of Waukesha	Waukesha Bike and Pedestrian Bridges	The project will fund the planning and design of two bicycle and pedestrian structures over US Highway 18/State Trunk Highway 59 and US Highway 18/State Trunk Highway 59/State Trunk Highway 164.	$1,116,800
2024	OST	RAISE	Valley Transit		The project will reconstruct the Valley Transit Center with expanded passenger amenities, ADA features, and transit facilities, as well as improved transit operations. The project plans to build affordable housing units above the new transit center in a future phase of the project.	$25,000,000

NOFO Year	Federal Agency	Grant Name	Applicant Name	Project Name	Project Description	Awarded Amount
2024	OST	RCP	Near West Side Partners Inc	Milwaukee 30th Street Equitable Development Plan Grant	The 30th Street Equitable Development Plan introduces a new model of trail and mobility planning that leverages existing infrastructure and partnerships through community-driven planning. The project aims to develop a 7.2-mile multi-use, nonmotorized trail that parallels an existing rail line running through the heart of the Corridor. Milwaukee is one of the most segregated cities in the nation and the trail project is located in a significantly disadvantaged census tract area. The trail will connect to over 100 miles of trail throughout the city and provide access to 65% of corridor residents. In addition to the trail planning effort, the project will ensure that residents and businesses are not priced out by the addition of a trail, concentrating the benefits of the trail and expected development activities around it within a disadvantaged community.	$1,626,899
2024	OST	SS4A	Bad River Band of Lake Superior Tribe of Chippewa Indians	Multi-Jurisdictional Northwestern Wisconsin Safe Streets and Roads for All Planning Project	Develop a new Comprehensive Safety Action Plan	$214,305
2024	OST	SS4A	City of Milwaukee	Center Street Transformation Project	The City of Milwaukee is awarded $25 million in funding for planning, design, and construction of Complete Streets interventions on 2 miles of Center Street. Center Street is a heavily used corridor characterized by wide travel lanes; narrow, unprotected bike lanes; and underutilized parking lanes that many drivers use to recklessly pass on the right. Crosswalks are often unmarked or lack high-visibility markings. The project is addressing safety issues related to reckless driving (such as passing in parking lanes) and a dangerous intersection with Fon du Lac Avenue. The project area includes underserved communities. Safety interventions include fully separated bike lanes, bus bulb-outs, narrower travel lanes, reduced curb radii, curb extensions, leading pedestrian intervals, raised intersections, and reduction of the speed limit from 30 mph to 25 mph to create a safer streetscape for the community.	$25,000,000

NOFO Year	Federal Agency	Grant Name	Applicant Name	Project Name	Project Description	Awarded Amount
2024	OST	SS4A	City of Oshkosh	I-41 Bike and Pedestrian Bridge	The City of Oshkosh is awarded $8 million in funding for a project that includes design and construction of a bicycle and pedestrian bridge over Interstate 41 as an alternative, separated route connector to other nearby roadways. The current area includes roundabouts serving a nearby interstate that have seen multiple serious and fatal injuries. The project improves multimodal connectivity and safety by connecting the bicycle and pedestrian network through a crossing separate from motor vehicle travel. The project will accompany City-funded acquisition of land and the construction of a shared-use path that will provide western bicycle and pedestrian access to the new bridge.	$8,061,592
2024	OST	SS4A	City of Green Bay	City of Green Bay Comprehensive Safety Action Plan	This award will be used by the City of Green Bay to develop a comprehensive safety action plan and conduct supplemental planning and demonstration activities. The supplemental planning activities will consist of a bicycle and pedestrian risk assessment, street lighting assessment, bike share feasibility study, road safety audits of the HIN, bike trails interconnectivity assessment, micro transit planning study, HIN traffic studies, near-miss analysis, and a speed management plan. The demonstration activities will include education strategies, traffic calming strategies, deploying real-time speed managment devices, and identifying specific targeted enforcement strategies.	$916,000
2024	OST	SS4A	La Crosse Area Planning Committee	La Crosse Area Planning Committee MPO Comprehensive Safety Action Plan	This award will be used by La Crosse Area Planning Committee to develop a comprehensive safety action plan.	$280,000
2024	OST	SS4A	Greater Madison MPO and City of Madison	Greater Madison Regional Safe Streets-Community Safety Enhancement Partnership	This award will be used by the Greater Madison MPO to support the development of local agency safety action plans and supplemental planning activities to achieve its goal of zero roadway fatalities and serious injuries by 2040. The Greater Madison MPO will support the City of Fitchburg, Village of Shorewood Hills, and Dane County develop safety action plans and will support the Village of Cottage Grove's Active Transportation Plan the City of Verona's Safe Routes to School Plan.	$1,000,000
2024	OST	SS4A	Marinette County	Marinette County Comprehensive Safety Action Plan	This award will be used by Marinette County, Wisconsin to create a comprehensive safety action plan to prevent roadway fatalities and serious injuries. The plan will identify and assess the transportation safety issues facing the County and provide defined action steps to guide the County towards future returns on safety investments.	$160,000

NOFO Year	Federal Agency	Grant Name	Applicant Name	Project Name	Project Description	Awarded Amount
2024	OST	SS4A	Rock County	Rock County Comprehensive Safety Action Plan	This award will be used by Rock County to develop a comprehensive safety action plan that follows the Safe System Approach. This plan will be supplemented by demonstration activities, including piloting high-friction surface treatment, wet reflective pavement markings and chevrons on at to-be-determined number of curves within the county.	$320,000
2025	OST	BUILD	Milwaukee County	PurpleLine Transit Enhancements for Mobility and Accessibility	This project will enhance select bus stops along the PurpleLine corridor by installing new shelters with miscellaneous furnishings, ADA-compliant concrete boarding pads, and advanced treatments at select stops, such as bus platforms, islands, and bulbs. Signalized intersections along the route will be equipped with Transit Signal Priority (TSP) technology, including new TSP transponders for buses. All improvements will be implemented within the existing right-of-way, primarily along the Layton Boulevard and 27th Street corridors.	$21,013,750
2025	OST	BUILD	City of Superior	28th Street Grade Separation	The project will conduct an alternatives analysis, preliminary engineering through 30%, public outreach, NEPA review, and ROW planning for multimodal enhancements and a proposed railroad grade separation over the Burlington Northern-Santa Fe (BNSF) railyard and a Northern Pacific Railroad (NPR) track along 28th Street. The assessment will consider a design that potentially spans up to 6 tracks, encompassing both the railyard and the NPR track located east of the rail yard.	$1,976,000
2025	OST	SS4A	City of Milwaukee	Safe Streets for Kids	This award will be used by the City of Milwaukee to redesign 2.7-miles of S. Forest Home Avenue and N. Doctor Martin Luther King Jr Drive to slow speeds, improve crossings, and reduce crashes affecting children and other road users. The project will install median refuge islands, raised crosswalks, leading pedestrian intervals, bus boarding islands, speed feedback signs, and upgrades to signals, signage, pavement markings and lighting. Between 2018 and 2022, there were 2 fatalities, 15 serious injuries, and 38 bicyclist and pedestrian injury crashes on the corridor which has an annual average daily traffic up to 12,500. Designs will set 25mph speed limits and discourage reckless passing by narrowing lanes and reconfiguring parking. These measures align with the FHWA's Proven Safety Countermeasures and public right-of-way accessibility guidelines and are expected to cut speeding and reduce fatalities and serious injuries, building on local projects that reduced high-end speeding by up to 40%. Improvements focus on high-injury intersections, including Lincoln Avenue and Mitchell Street on Forest Home Avenue and Center Street, Locust Street, Keefe Avenue, and Burleigh Street on King Drive.	$8,000,000

NOFO Year	Federal Agency	Grant Name	Applicant Name	Project Name	Project Description	Awarded Amount
2025	OST	SS4A	Forest County Potawatomi Community	FCPC Pathway to Wellness: Safely Connecting Communities Project	This award will be used by the Forest County Potawatomi Community to construct a 4.1-mile ADA accessible shared-use path along State Trunk Highway 32 from Ferry Ranch Lane in Carter to County Trunk Highway H in Wabeno. This project addresses the absence of safe bicyclist and pedestrian facilities. Between 2018 and 2022, 13 crashes occurred on this corridor, including 1 serious injury and 1 possible injury, with segment crash rates up to 128 per hundred million vehicle miles traveled. The project scored high on a risk assessment due to posted speeds above 50 miles per hour, no lighting, and long response times. Separating non-motorists from traffic follows FHWA's Proven Safety Countermeasures for walkways and bikeways. Sidewalks to avoid walking along roadways have an estimated 88% pedestrian crash reduction.This project includes Planning and Demonstration Grant funds to establish an Action Plan oversight task force with partner agencies, conduct supplemental planning activities, and hold regular coordination meetings to monitor implementation, update priorities, and confirm maintenance roles.	$3,674,800
2025	OST	SS4A	Milwaukee County	Milwaukee County Complete Communities: Investing in Vision Zero for All	This award will be used by the Milwaukee County Department of Transportation to install layered safety countermeasures on 10 Corridors of Concern to reduce speeding and intersection crashes. Work includes pedestrian infrastructure upgrades including high-visibility crosswalks, leading pedestrian intervals, restricting right-turn-on-red, and sidewalk infill. It also includes intersection upgrades including signal upgrades, daylighting, bump-outs, and select geometric realignments. Between 2018 and 2022, the County averaged 79 fatalities and 464 fatal or serious injury crashes, with over half of KSI crashes on 11% of the network. Projects align with FHWA's Proven Safety Countermeasures and are expected to cut fatal and serious injury crashes by 26–50% and deliver substantial crash cost savings. This project includes Planning and Demonstration Grant funds to conduct supplemental planning activities: a W. Lincoln Avenue safety study between S. 124th Street and S. 51st Street in West Allis (25 FSI and over 300 injury crashes in 2018–2022) and a "Road to Vision Zero" progress report through 2027.	$24,919,360
2025	OST	SS4A	City of Eagle River	City of Eagle River Comprehensive Safety Action Plan and Demonstration Project	This award will be used by City of Eagle River to develop a Comprehensive Safety Action Plan and deploy temporary demonstration activities to test low-cost safety countermeasures. Tasks include safety analysis and high-injury network mapping, stakeholder engagement, policy and process review, temporary pedestrian islands, signage, evaluations, and a final Action Plan covering the 3 square-mile city.	$160,000

NOFO Year	Federal Agency	Grant Name	Applicant Name	Project Name	Project Description	Awarded Amount
2025	OST	SS4A	City of Sun Prairie	City of Sun Prairie Supplemental Planning and Demonstration Activities	This award will be used by City of Sun Prairie to fund demonstration activities, a city traffic study and model, and a Vision Zero public education campaign for the City's Vision Zero Safety Action Plan. Deliverables include 4 quick-build demonstration projects (including pedestrian islands and reduced curb radii) with before-and-after evaluation, a citywide traffic model to analyze the high-injury network, and outreach materials to inform updates to the Action Plan.	$204,000
2025	OST	SS4A	East Central Wisconsin Regional Planning Commission	Appleton Metropolitan Planning Organization Corridor Study and Active Transportation Planning for Safer Streets	This award will be used by East Central Wisconsin Regional Planning Commission to complete a County Highway KK Corridor Study (4.5 miles) and a City of Appleton Bicycle and Pedestrian Master Plan for the Appleton Metropolitan Planning Organization. Deliverables include analyses, a road safety audit and roadway safety plan, a bicycle and pedestrian audit, a demonstration toolkit to collect real-time data, and implementation recommendations prioritizing Proven Safety Countermeasures to guide future projects.	$842,876
2025	OST	SS4A	Iowa County Highway Department	Iowa County Comprehensive Safety Action Plan	This award will be used by Iowa County to develop a Comprehensive Safety Action Plan countywide that identifies high-risk locations and recommends Proven Safety Countermeasures. Work includes hiring a consultant, forming a task force, public engagement, crash analysis, and a prioritized project list with short- and long-term strategies (pavement markings, signage, rumble strips, Safe System approaches); the Action Plan will guide implementation and track outcomes for 5 years.	$240,000
2025	OST	SS4A	Ozaukee County	Ozaukee County Comprehensive Safety Action Plan	This award will be used by Ozaukee County to develop a Comprehensive Safety Action Plan for the county highway network. The project will include data analysis, public engagement, an improvement evaluation, and prioritized countermeasures such as improved signage, road markings, and rumble strips; deliverables include a final report and spatial data files, to guide implementation and reduce crash frequency and severity.	$200,000
2025	OST	SS4A	Village of Lake Delton	Comprehensive Safety Action Plan for the Village of Lake Delton, Wisconsin	This award will be used by Village of Lake Delton to develop a comprehensive Safety Action Plan covering the village and implement demonstration activities testing temporary safety interventions on locally owned roads. Work includes crash analysis, video-based counts, identifying a high-injury network, policy review, stakeholder engagement, and a pilot of signage, crosswalk enhancements, and traffic calming to produce prioritized projects and local evidence to guide future infrastructure investments.	$160,000

NOFO Year	Federal Agency	Grant Name	Applicant Name	Project Name	Project Description	Awarded Amount
2025	OST	SS4A	Winnebago County	Winnebago County Comprehensive Safety Action Plan	This award will be used by Winnebago County, WI to develop a countywide Comprehensive Safety Action Plan that establishes a framework to eliminate roadway fatalities and serious injuries. Work includes crash analytics, stakeholder engagement, identification of high-injury networks, policy review, and prioritized Proven Safety Countermeasures with performance measures to guide future demonstration and implementation projects.	$280,000
2026	OST	BUILD	Milwaukee County Department of Transportation	MCTS Facilities Modernization Project	The project will upgrade infrastructure at three maintenance facilities to include the replacement of underground fuel tanks, installation of modern heavy-duty bus lifts, and conversion of existing lighting to energy-efficient LED fixtures.	$14,700,000

8.8. Regional Project Listing Reference Information

The tables on pages 8-29 through 8-31 are provided as a reference for the information within the following central office and region project listings:

Program (Pgm) code

201	Accelerated local bridge improvement assistance
205	Highway and local bridge improvement assistance
206	Local transportation facility improvement assistance
207	Railroad crossing improvement, protection, and repair assist
208	Multimodal transportation studies
209	Transportation facilities economic assistance and development
210	Surface transportation grants
211	Congestion mitigation and air quality improvement
290	Transportation alternatives
301	Southeast Wisconsin freeway megaprojects
302	Major highway development
303	State highway rehabilitation
304	Major interstate bridge construction
305	Highway maintenance, repair, and traffic operations
309	Administration and planning

Component Type

ATR	TEA Rail Contract
C/E	Consultant Delivery (Preliminary or Construction Engineering)
CCO	Contract Change Order (When a separate project ID is used)
D/B	Design Build
I/E	In-house delivery (Prelim or Construction Engineering)
JTP	Jurisdictional Transfer Payment (used only when a payment is being made to a local for work they are going to do on the roadway to be transferred)
LET	Contract via Bid Letting
LFA	Local Force Account (replaces AUP, CRC and S&S)
LLC	Locally Let Contract
M/E	Municipal Engineering
MIS	Miscellaneous Negotiated Contract
OST	Other State Let Contract
PRR	Passenger Rail Service
R/E	Real Estate Acquisition (For encumbering real estate payments)
R/R	Railroad Contract
SFA	State Force Account
TST	Fund Transfer to Federal Transit Authority
UTL	Utility Agreement

Concept Improvement Codes

The table below (page 8-31) defines improvement concepts:

The following traffic operations improvement concepts should be used with Legislative Subprogram 305 – Highway Maintenance, Repair and Traffic Operations:

Improvement Concept Code	Improvement Concept Definition
MISC	**MISCELLANEOUS** – Work that isn't classified under other Improvement Concept codes, including Construction Work Zone Traffic Mitigation/Service Patrol, Bank Developed Wetland Mitigation, Project Specific Wetland Mitigation, Jurisdictional Transfer, placeholders, ITS incidental items acquired via purchase order or request for proposal, Service Patrol Service Order Contract, TOPS Lab safety studies, salt sheds, temporary widening, temporary bridges, Majors satellite field office costs.
TOPM	**STH – TRAFFIC OPERATIONS PAVEMENT MARKING** – intended to cover all costs associated with general pavement marking including repainting centerline markings, lane line and no-passing zone markings, edge line-markings and special pavement markings on existing highways. Special markings include but are not limited to the following items: channelizing lines, railroad crossing markings, stop lines, crosswalks, words and symbols, arrows, diagonal markings, curb markings, parking stall lines, bike lane markings and island nose markings.
TOS	**STH – TRAFFIC OPERATIONS SIGNING** – includes all work associated with the installation of new signs and supports along existing highways. It also includes the maintenance of highway signs, supports and sign bridges. Maintenance is defined as replacing, repairing, and refacing signs.
TOE	**STH – TRAFFIC OPERATIONS ELECTRICAL** – includes all costs for the installation and maintenance of highway lighting (including relamping, repair, and replacement) and the maintenance of weigh station and sign lighting.
TOITS	**STH – TRAFFIC OPS INTELLIGENT TRANS SYSTEMS (ITS)** – Intelligent Traffic Systems (ITS) are defined by FHWA as "electronics, communications, or information processing used singly or in combination to improve the efficiency or safety of a surface transportation system." This definition provides the base for charging to program code 3890. Anticipated uses of 3890 will include but are not limited to: expenses relating to the operations and integration of ITS field devices, ITS deployment program planning expenses, and the expenses associated with the design and construction of ITS stand-alone project identified in the fiscal budget.
TOSIG	**STH – TRAFFIC OPERATIONS-TRAFFIC SIGNALS** – includes all work associated with the installation, maintenance and repair of traffic control signals and beacons not part of an improvement project.

TOI	**STH – TRAFFIC OPERATIONS IMPROVEMENT BRIDGE REPAIR –** only used for projects using sub-program 305 for urgent bridge repairs.

9. Federal Lands Transportation Improvement Programs

FHWA has "established a coordinated Federal lands highways program that … appl[ies] to public lands highways, park roads and parkways, refuge roads, and Indian reservation roads and bridges" (23 USC 204 (a)(1)). The Federal lands highway projects are to be included in the state's STIP for the projects located within the state.

Current projects from the Eastern Federal Lands Highway Division and Indian Reservation Roads Programs are included within the following pages. The project listings are updated as made available from FHWA. A listing of tribal contacts is also included for informational purposes.

9.1. Tribal Contacts

For informational purposes only

Honorable Liza Arbuckle Chairwoman, Bad River Bad of Lake Superior Chippewa 72682 Maple Street PO Box 39 Odanah, WI 54861	Honorable Tehassi Hill Chairman, Oneida Nation N7210 Seminary Road PO Box 365 Oneida, WI 54155
Honorable Broks Boyd Sr. Chairman, Forest County Potawatomi 5416 Everybody's Road PO Box 340 Crandon, WI 54520	Honorable Nicole Boyd Chairperson, Red Cliff Band of Lake Superior Chippewa 88455 Pike Road, HWY 13 Bayfield, WI 54814

Approval signature is shown on first page packet only. The listing reflects all newly identified and programmed and/or modified projects as of August 5, 2026.

10. Public Involvement

Current federal legislation requires the Governor to ensure that WisDOT and the MPOs develop plans to actively involve the public in the development of the STIP. WisDOT uses an ongoing STIP public involvement plan that includes:

- 30-day written comment period on the STIP (yearly)
- State Trunk Highway System project development and Six-Year Highway Program hearings (ongoing)
- MPO public hearings on TIPs (yearly)
- Local government hearings on transit projects for smaller systems (ongoing)
- Local government hearings on local road projects (ongoing)

The focus of this plan is on maximizing public involvement at the state, MPO, and local levels — on an ongoing basis — when initial project decisions are presented and made. WisDOT published its first STIP Public Involvement Plan in November of 1993. The STIP Public Involvement Plan (PIP), which was updated in April 2026, in conjunction with WisDOT's Coordination Document, continues to focus on the public involvement processes used on various types of transportation projects and is available at Appendix A: PIP for the STIP.

Although the STIP Public Involvement Plan does not require any public hearings, WisDOT may agree to have a public hearing if one is requested. The STIP Public Involvement Plan will continue to rely on written comments from the public regarding the draft STIP.

The legal notice advertising the draft STIP was published on October 1, 2026. A copy of the notice is presented below.

10.1. Legal Notice

The Wisconsin Department of Transportation announces the availability of its draft multimodal 2027-2030 Statewide Transportation Improvement Program (STIP). The draft STIP is available from the State Transportation Improvement Program website: https://wisconsindot.gov/Pages/doing-bus/local-gov/astnce-pgms/highway/stip.aspx. The comprehensive improvement program includes all federally funded highway, transit, bike and pedestrian projects to be undertaken in Wisconsin during the 2027-2030 timeframe. The draft STIP is subject to a 30-day public comment period. The final STIP will be issued in January 2027. Inquiries about the draft STIP and written comments on the improvement program should be directed, before November 1, 2026, to the Wisconsin Department of Transportation's Division of Transportation Investment Management, Bureau of Planning and Economic Development, P.O. Box 7913, Madison, WI 53707-7913; comments by phone at 608-266-3662 or comments by email at bped.dtim@dot.wi.gov.

11. Performance Measures

11.1. Introduction

MAP-21 and the FAST ACT requires the incorporation of Performance-Based Planning and Programming (PBPP) in the development of the State's Long-Range Transportation Plans (LRTPs) and STIPs. The incorporation of PBPP in the STIP contributes to the achievement of National Performance goals (23 USC 150). The IIJA legislation continued the previous performance measures. The *Statewide and Nonmetropolitan Transportation Planning; Metropolitan Transportation Planning; Final Rule* further defined that the STIP shall include, to the maximum extent practicable, a description of the anticipated effect of the STIP toward achieving the performance measures targets identified in the statewide transportation or State Performance-based plan(s), linking investment priorities to those performance targets (23 CFR 450.218(q)).

23 USC 150: National Performance Measure Goals are:

- **Safety** - To achieve a significant reduction in traffic fatalities and serious injuries on all public roads
- **Infrastructure Condition** - To maintain the highway infrastructure asset system in a state of good repair
- **Congestion Reduction** - To achieve a significant reduction in congestion on the National Highway System
- **System Reliability** - To improve the efficiency of the surface transportation system
- **Freight Movement and Economic Vitality** - To improve the national freight network, strengthen the ability of rural communities to access national and international trade markets, and support regional economic development
- **Environmental Sustainability** - To enhance the performance of the transportation system while protecting and enhancing the natural environment
- **Reduced Project Delivery Delays** - To reduce project costs, promote jobs and the economy, and expedite the movement of people and goods by accelerating project completion through eliminating delays in the project development and delivery process, including reducing regulatory burdens and improving agencies' work practices
  FHWA - About Transportation Performance Management

11.2. WisDOT Performance-Based Planning and Programming Processes

11.2.1. MAPSS Performance Improvement

WisDOT has utilized the MAPSS Performance Improvement Program since January 2012 to measure transportation performance across Wisconsin. MAPSS is organized around five strategic department goal areas: Mobility, Accountability, Preservation, Safety, and Service. Many of the MAPSS performance measures are closely related to the MAP-21/FAST Act performance measures. The IIJA legislation continued the previous performance measures. Preservation performance measures include State Highway Pavement Condition and State Bridge Condition. Safety performance measures include the number of Traffic Fatalities and Serious Injuries. Additional performance measures are included within each of the MAPSS goal areas. Measures are posted on the WisDOT MAPSS internet site: MAPSS Performance Improvement Program.

11.2.2. WisDOT Data-Driven Project Development

WisDOT has embraced a "data-driven" asset management approach to achieve the goals for projects and programs. In conjunction with a strong reliance on data for decision-making, WisDOT has committed to a process of continual data quality improvement (e.g. standards for collection and storage, leverage of technology, integration strategies, etc.).

WisDOT has developed a comprehensive set of data and analysis tools for developing and managing the Six-Year Highway Improvement Program. The primary components of the dataset include a geographically integrated set of databases (using specialized tools) representing:

- Pavement and bridge condition
- Six-Year Program information
- Highway geometric and attribute information
- Highway crashes, highway capacity, etc.
- Pavement and bridge deterioration and improvement models
- Analysis models for evaluating alternatives, costing, priorities, and budget constraints

The data is used to:

- Identify, scope, and prioritize projects
- Evaluate program performance (e.g. before/after analyses)
- Estimate future conditions and needs
- Establish program goals
- Allocate resources for programs and WisDOT transportation regions

A data-driven project development approach identifies condition, needs, and priorities related to the Wisconsin State Trunk Highway System. Efforts enhance statewide program development consistency by facilitating an improved understanding of how program goals and performance measures.

11.3. MAP-21/FAST Act/IIJA Performance Measures

MAP-21/Fast Act Performance Measures are established in 49 USC 625 and 23 CFR 490. The IIJA legislation continued the previous performance measures. State Department of Transportations (DOTs) and Metropolitan Planning Organizations (MPOs) are currently required to establish targets for the following federal performance measures:

- Transit Asset Management
  - Rolling Stock: The percentage of revenue vehicles (by type) that exceed the useful life benchmark (ULB)
  - Equipment: The percentage of non-revenue service vehicles (by type) that exceed the ULB
  - Facilities: The percentage of facilities (by group) that are rated less than 3.0 (adequate) out of 5 (excellent) on the Transit Economic Requirements Model (TERM) Scale
  - Infrastructure: The percentage of track segments (by mode) that have performance restrictions. Track segments are measured to the nearest 0.01 of a mile

- Safety
  - Number of fatalities
  - Fatalities per 100 million vehicle miles traveled
  - Number of serious injuries
  - Serious injuries per 100 million vehicle miles traveled
  - Number of non-motorized fatalities and non-motorized serious injuries

- Infrastructure
  - Percentage of pavements of the Interstate System in *Good* condition
  - Percentage of pavements of the Interstate System in *Poor* condition
  - Percentage of pavements of the non-Interstate NHS in *Good* condition
  - Percentage of pavements of the non-Interstate NHS in *Poor* condition
  - Percentage of NHS bridges classified as in *Good* condition
  - Percentage of NHS bridges classified as in *Poor* condition

- System Performance on NHS
  - Interstate Travel Time Reliability Measure: The percent of person-miles traveled on the Interstate that are reliable
  - Non-Interstate Travel Time Reliability Measure: The percent of person-miles traveled on the non-Interstate NHS that are reliable

- Freight Movement
  - Freight Reliability Measure: Interstate Truck Travel Time Reliability (TTTR) Index

- Congestion Mitigation and Air Quality (CMAQ) - Congestion Reduction
  - Peak Hour Excessive Delay (PHED) Measure: Annual Hours of Peak Hour Excessive Delay (PHED) Per Capita
  - Non-Single Occupancy Vehicle Travel (SOV) Measure: Percent of Non-Single Occupancy Vehicle (SOV) Travel
  - Emissions Measure: Total Emission Reductions

These performance measures have been established within a series of FHWA and FTA rulemaking regulations. The performance measure targets have been established based on the final rules for the measures and are included in the STIP.

A description of the Transit, Safety, Infrastructure, System Performance, Freight Movement, and CMAQ - Congestion Reduction performance measure targets and methodologies are included in the following discussions.

11.4. 2022 Transit Performance Target of Capital Assets

In accordance with 49 CFR Parts 625 and 630 for Transit Asset Management (TAM), the Wisconsin Department of Transportation (WisDOT), is the TAM sponsor for all Section 5311 Formula Grants for Rural Areas, Section 5310 Enhanced Mobility for Seniors and Individuals with Disabilities, and some Section 5307 Formula Grants for Urbanized Areas sub-recipients.

11.4.1. Methodology

In early 2018, WisDOT provided an opt-in opportunity for all Section 5311 Formula Grants for Rural Areas, Section 5310 Enhanced Mobility for Seniors and Individuals with Disabilities, and some Section 5307 Formula Grants for Urbanized Areas sub-recipients to be included in the WisDOT TAM Plan. WisDOT worked with sub-recipients to update the inventory information of federally funded vehicles, equipment, and facilities in its BlackCat web-based grants management system.

For the FFY2027, WisDOT derived TAM targets based on CY2024 NTD vehicle reports detailing the percent of vehicles at or beyond useful life standards (on average). This data incorporates all Wisconsin agencies that submit data directly to NTD or to WisDOT to enter to NTD. WisDOT continues to include all members of the Group TAM Plan in target making decisions and incorporate feedback.

11.4.2. Vehicles

WisDOT evaluated the inventory of its sub-recipient vehicle capital items, incorporated NTD vehicle data, and used FTA's Useful Life Age Benchmark (ULB) set in FTA 5010.1D, page IV-7 to determine if the vehicles were beyond their useful life. WisDOT and its sub-recipients have set the following TAM performance targets:

11.4.3. Rolling Stock – Acceptable percentage of revenue vehicle fleet that is past its useful life

Performance Measure	2024 Target (%)
AO – Automobile	80.6%
BU – Bus	16.7%
CU – Cutaway	45.1%
SB – School Bus	60.0%
MV – Minivan	66.3%
VN – Van	33.6%

Equipment – Acceptable percentage of non-revenue vehicle fleet that is past its useful life

11.4.4. CY2024 NTD Based TAM Targets

Performance Measures	Percent Vehicles At of Past ULB (Current Year)
AO – Automobile	89.7%
BU – Bus	16.7%
CU – Cutaway	45.1%
SB – School Bus	60.0%
MV – Minivan	66.3%
Sports Utility Vehicle	0.0%
VN - Van	33.6%

Equipment – Acceptable percentages of non-revenue vehicle fleet that is past its useful life (on average)

Performance Measure	2024 Target (%)
Automobiles	47.5%
Trucks or other Tiered Vehicles	42.9%

Performance Measure	Percent Vehicles At or Past ULB (Current Year)
Automobiles	47.5%
Trucks and other Rubber Tire Vehicles	42.0%

11.4.5. Facility Targets

WisDOT evaluated the condition of the facilities in its sponsored TAM plan FTA's Transit Economic Requirements Model (TERM) as a guide. This scale has the following values:

5 – Excellent
4 – Good
3 – Adequate
2 – Marginal
1 – Poor

Facility – Acceptable percentage of facilities that are rated below a "3" on the TERM guide

Performance Measure	FFY 2027 Target (%)[1]
Administrative/Maintenance Facilities	10%
Passenger/Parking Facilities	10%

Most transit facilities in WisDOT's sponsored TAM Plan are relatively new and in excellent condition. None of the facilities are beyond their useful life of 40 years or below adequate condition (rated below a 3 on the condition scale). WisDOT and its sub-recipients set the TAM performance target to allow up to 10 percent of the facilities to be rated below a "3 – Adequate" on the condition scale.

11.4.6. Next Steps for the TAM and Transit Targets

Funding is dedicated to replacing priority vehicles within the TAM Plan, as transit providers continue to operate services with aging fleets. There will be a growing financial gap from year to year associated with the number of vehicles due for replacement to meet the established TAM targets and the funding levels for vehicles that are currently available.

WisDOT will assist transit providers the use of the useful life benchmarks established in the TAM Plan to prioritize their vehicle requests at the time of grant application and is working to share best practices on vehicle maintenance across agencies and organizations.

WisDOT will also continue to work closely with its sub-recipients and FTA on any additional asset management requirements or changes and will update the TAM targets and plan as necessary.

11.5. Public Transit Agency Safety Plans (PTASP)

On July 19, 2018, FTA published the Public Transportation Agency Safety Plan (PTASP) Final Rule, which requires certain operators of public transportation systems that receive federal funds under FTA's Urbanized Area

[1] *As submitted to FHWA on October 1, 2026.*

Formula Grants to develop safety plans that include the processes and procedures to implement Safety Management Systems (SMS).

- The PTASP rule became effective on July 19, 2019.
- FTA published a Notice of Enforcement Discretion on April 22, 2020 effectively extending the PTASP compliance deadline from July 20, 2020 to December 31, 2020.

The plan must include safety performance targets. Find additional guidance on planning and target setting on FTA's Performance-Based Planning pages. Transit operators also must certify that they have a safety plan in place meeting the requirements of the rule by December 31, 2020. The plan must be annually updated and certified by the transit agency.

The rule applies to all operators of public transportation systems that are recipients and sub-recipients of federal financial assistance under the Urbanized Area Formula Program (49 U.S.C. § 5307).

WisDOT worked with a number of large urban systems to create a task group to develop a compliant PTASP template that larger systems could use for their own plan or that smaller systems could use if they decided to have WisDOT write their PTASP.

The template was completed in early CY2020 and sent out to all of the public transit systems that received FTA 5307 funds. WisDOT also sent letters asking systems to either "opt-out" and develop their own plan, or to "opt-in" in having WisDOT craft their plan. WisDOT staff have also communicated with MPO staff on their adoption of PTASP targets into the TIPs. The deadline was pushed back until June 30, 2021 due to COVID-19 (or 180 days after the public transit agencies need to finalize their plans). FTA would not approve TIP or TIP amendments if the PTASP targets were include after the deadline. All Wisconsin transit operators and MPOs met the June 30, 2021 deadline.

WisDOT will assist any agency that needs help with their plans, but the certification of each plan is done by the transit agency, their accountable executive, and the board of directors through their individual FTA Certifications and Assurances process each year. WisDOT has no oversight of these plans and is only responsible for the creation of them.

11.6. Highway Safety Improvement Program Performance Measures (PM1)

The Highway Safety Improvement Program (HSIP) is a core Federal-aid program with the purpose of achieving a significant reduction in fatalities and serious injuries on all public roads. As per 23 U.S.C. 148(h) and 23 CFR 924.15, states are required to report annually on the progress being made to advance HSIP implementation and evaluation efforts.

11.7. HSIP Project Prioritization

Wisconsin evaluates potential HSIP projects by comparing the estimated crash reduction benefits expected from the project with the cost of that project. Crash reduction benefits are estimated by multiplying up to two crash modification factors (CMF) by five years of observed crash data.

CMFs and target crashes are identified by the safety analyst and a spreadsheet tool is used to calculate the estimated crash reduction benefits. The spreadsheet tool incorporates the WisDOT CMF Table and logic described in our statewide policy at the following link:

Crash Modification Factor Policy

Crash Modification Factor Table

A key component in the development of the HSIP is the Project Evaluation Factor (PEF). The PEF is a measurement that is used to evaluate and compare proposed projects. It provides a comparison of the estimated crash reduction potential of a proposed improvement with the cost of the project. Although it has similarities to a benefit/cost analysis, it does not include all the elements of a traditional benefit-cost analysis tool for ranking the relative merits of a group of projects and should not be compared to a benefit-cost analysis.

11.7.1. Internal and External Coordination

The HSIP Program is managed by WisDOT's Division of Transportation Investment Management (DTIM) and the Bureau of State of Highway Programs (BSHP). DTIM/BSHP makes all final application approvals or denials and related project change or cost increase requests. However, DTIM/BSHP coordinates its efforts with several internal partners that both, directly and indirectly, influence the decision-making process. Below is a summary of these partners and their role in the program:

- Transportation Advisory Safety Council (TASC): The TASC is comprised of representatives from the Division of Transportation System Development (DTSD), DTIM, DMV, Division of State Patrol (DSP), Division of Budget and Strategic Initiatives (DBSI), and various Executive Offices within WisDOT. Among this group's responsibilities is developing and maintaining the Wisconsin Strategic Highway Safety Plan (SHSP), which helps guide the safety efforts of the HSIP Program.

- Traffic Safety Engineering Workgroup (TSEWG): TSEWG is comprised of the State HSIP Coordinator, State Traffic Safety Engineer, and the Regional Traffic Safety Engineers. In some cases, the Regional HSIP Coordinators also participate. This group identifies and evaluates potential safety initiatives both within and outside of the HSIP Program, provides peer support, and reviews proposed HSIP projects. After a group evaluation, a recommendation to approve or not approve is forwarded to the State HSIP Coordinator for final review.

- State Project Oversight Engineers: The State Project Oversight Engineers are a critical component of the joint process with the TSEWG for application review and approval. The DTSD State Project Oversight Engineers, Regional Traffic Safety Engineers, the State Traffic Safety Engineer, and the State HSIP Coordinator provide a recommendation of approval or disapproval of HSIP funding after a comprehensive peer review facilitated by the State HSIP Coordinator. Each Region has one Project

Oversight Engineer. State Project Oversight Engineers only review applications originating from the Region in which they are assigned. This consensus approval or disapproval is advisory to DTIM/BSHP.

The HSIP is fully coordinated and integrated with the work of other organizations, associations, and stakeholders (e.g., law enforcement, academia, local governments, and MPOs) that play a role in reducing fatalities and serious injuries. One of the basic foundations of the HSIP is the direct linkage between the data-driven priorities established in the Strategic Highway Safety Plan (SHSP) and the identification, development, and implementation of HSIP projects. Local and regional governments both contribute towards achieving the goals and objectives of the SHSP and help guide program decisions and project selections. More specifically, where there is a high percentage of crashes that occur off the state system, WisDOT works with local jurisdictions to help them develop and implement HSIP projects that address priority safety issues on locally owned roadways. This is either done by locals doing work as local force accounts or they are let by WisDOT. Stakeholders will continue to contribute to and support the goals established in the SHSP. This in turn encourages safety projects that meet established safety performance targets.

Coordination with MPOs and RPCs on safety targets were part of multiple quarterly Directors meetings in recent years. WisDOT continues coordinating with individual MPOs as they establish their planning area safety targets.

11.7.2. Calendar Year 2025 Targets

Safety Targets are calculated as five-year rolling averages for each performance measure.

Measure	2021-2025 Baseline Averages[2]	2027 Safety Targets [3,3]
Number of Fatalities	589.2	577.4
Rate of Fatalities per 100 million VMT	0.874	0.857
Number of Serious Injuries	3249.8	3184.8
Rate of Serious Injury per 100 million VMT	4.830	4.733
Number of Non-Motorized Fatalities and Serious Injuries	413.6	405.3

HSIP projects are included in the STIP. In addition, safety is a major consideration in the scoping, prioritization, selection, and development of all WisDOT state and local projects. The efforts made toward addressing safety within the HSIP and all projects will continue to impact how progress is made toward achieving Highway Safety Improvement Program performance measure targets.

[2] *Final 2025 FARS data was not available at the time of target setting. To calculate the baseline for fatality data the final state fatality data was used for 2025.*

[3] *As submitted to FHWA on October 1, 2026.*

11.8. Pavement and Bridge Condition Performance Measures (PM2)

Pursuant to the regulations promulgated by the U.S. Department of Transportation Federal Highway Administration (FHWA), WisDOT has established statewide targets for federal performance measures intended to assess pavement and bridge conditions on the NHS. The 2027 and 2029 NHS pavement condition targets are identified in the first table below. The 2023 and 2025 NHS bridge condition targets are identified in the second table.

Wisconsin Department of Transportation NHS Pavement Condition Targets

Measure	Baseline	2-Year Target (2027)[4]	4-Year Target (2029)[5]
Interstate – Percentage pavements in "Good" condition	73.5%	≥ 60.0%	≥ 60.0%
Interstate – Percentage pavements in "Poor" condition	0.2%	≥ 3.0%	≥ 3.0%
Non-Interstates NHS – Percentage pavements in "Good" condition	43.0%	≥ 30.0%	≥ 30.0%
Non-Interstate NHS – Percentage pavements in "Poor" condition	3.3%	≥ 9.0%	≥ 9.0%

Wisconsin Department of Transportation NHS Bridge Condition Targets

Measure	Baseline	2-Year Target (2027)[5]	4-Year Target (2029)[5]
Percentage of NHS bridges by deck area in "Good" condition	33.8%	≥ 30.0%	≥ 30.0%
Percentage of NHS bridges by deck area in "Poor" condition	4.6%	≤5.5%	≤5.5%

As part of FHWA's Transportation Performance Management program, state DOTs were required to submit a 2025 Full Performance Period (FPP) progress report. The 4-year conditions reported for PM2 pavement performance on the Interstate and non-Interstate NHS using full distress plus International Roughness Index

[4] *As submitted to FHWA on October 1, 2026.*

(IRI) metrics and NHS bridges were within established targets. Wisconsin's State Highway Infrastructure Report can be found on FHWA's State Performance Dashboard website.

Wisconsin's STH system continues to support the state's economy, the mobility needs of Wisconsin citizens and the broader public good. The WisDOT owned STH System encompasses 11,743 center- line miles and 5,236 bridges.

The NHS is a high priority subset of the STH system, representing nearly 45% of STH center-line miles and carrying 80% of STH vehicle miles. The state-owned STH system includes approximately 5,320 NHS center-line miles along with 3,177 NHS bridges. There are also 650 NHS center-line miles and 306 NHS bridges under the jurisdiction of local governments in Wisconsin.

WisDOT manages and prioritizes investments of the roadway and bridges using data-driven analysis with the goal of allocating funding to the "right" place, at the "right" time and for the "right" type of improvements.

Flexible and responsive planning, budgeting and project delivery processes ensure WisDOT makes the best possible use of the resources available. By implementing the data-driven set of NHS infrastructure investments, WisDOT's pavement targets for the Interstate and Non-Interstate NHS during 2022-2025 FPP were met.

Federal law requires each state DOT to document its 10-year investment plan for the NHS in a Transportation Asset Management Plan (TAMP). The NHS investment plan presented in the TAMP must be constrained by the level of funding expected to be reasonably available. Each state DOT must also develop targets for NHS pavement and bridge conditions, demonstrate that their NHS investment plan was developed using sound asset management processes, and document whether the plan will allow their NHS pavement and bridge targets to be met.

Wisconsin's TAMP can be found on the WisDOT internet site:

Transportation Asset Management Plan (TAMP)

There is a direct relationship between the TAMP and the STIP, with the STIP providing further assurance that the TAMP will be implemented over time. WisDOT is currently updating the TAMP.

11.9. System Performance, Freight Movement, and Congestion Management Air Quality Performance Measures (PM3)

Pursuant to the regulations promulgated by the U.S. Department of Transportation Federal Highway Administration (FHWA), WisDOT) has established statewide targets for the federal performance measures intended to assess the performance of the National Highway System, freight movement on the Interstate System and CMAQ Improvement Program. WisDOT and the Southeastern Wisconsin Regional Planning Commission (SEWRPC) collectively agreed to unified targets for the Peak Hour Excessive Delay (PHED) measure and the Non-Single Occupancy Vehicles (Non-SOV) measure for the Milwaukee urbanized area. The 2027 and 2029 targets for the six performance measures are identified in Exhibits C.

The system performance, freight movement and CMAQ measures were analyzed with the establishment of a PM3 Workgroup consisting of WisDOT (central office), Region, and SEWRPC staff members. The PM3 Workgroup then provided target recommendations to WisDOT management for input and approval.

The reliability measure uses the National Performance Management Research Data Set (NPMRDS). The PM3 workgroup continues to monitor and analyze the PM3 measures and targets as NPMRDS data becomes available.

The reliability measures are based on the following metrics:

- Travel Reliability Metric: Level of Travel Time Reliability (LOTTRR)

  $$LOTTR = (80^{th} \text{ percentile travel time}) / (50^{th} \text{ percentile travel time})$$

  Road segments with a LOTTR less than 1.5 were deemed reliable.

- Freight Reliability Metric: Level of Truck Travel Time Reliability (TTTR)

  $$TTTR = (95^{th} \text{ percentile travel time}) / (50^{th} \text{ percentile travel time})$$

  Lower TTTRs relate to being more reliable.

The PHED targets were established as required using the following datasets: NPMRDS, Highway Performance Management System (HPMS), WisDOT travel data, posted speeds, and SEWRPC modeling data.

As part of FHWA's Transportation Performance Management program, state DOTs were required to submit a Full Performance Period (FPP) progress report in 2026. The 4-year conditions reported for Travel Time Reliability on the Interstate and non-Interstate NHS, as well as Freight Reliability on the Interstate were all within established targets. Peak Hours Excessive Delay for the Milwaukee urban area exceeded the 4-year target in 2025 primarily due to short-term construction impacts that are expected to results in long-term improvements in delay. Wisconsin's State Highway Reliability report can be found on FHWA's State Performance Dashboard website.

The 2027 and 2029 System Performance, Freight Movement, and Congestion Management Air Quality Performance Measure targets for the second performance period are identified below.

Wisconsin Department of Transportation

Measure	Baseline	2-Year Target (2027)[5]	4-Year Target (2029)[6]
Travel Reliability			
1) Percent of person-miles traveled that are reliable on the Interstate	94.7%	93.0%	93.0%
2) Percent of person-miles traveled that are reliable on Non-Interstate NHS	92.3%	91.0%	90.0%
Freight Reliability			
3) Truck Travel Time Reliability Index on the Interstate	1.28	1.36	1.38
Peak Hour Excessive Delay			
4) Annual Hours of Peak Hour Excessive Delay per Capita on NHS routes in the Milwaukee Urbanized Area (units: Hours per Capita)	10.0	10.0	10.0
Non-SOV Travel			
5) Percent of Non-SOV Travel on NHS routes in the Milwaukee Urbanized Area	29.3%	26.1%	23.5%
Emission Reductions			
6) Total Emissions Reductions in nonattainment or maintenance areas for:			
▸ **PM2.5 (Kgs)**	4.097	1.842	2.871
▸ **Nox (Kgs)**	34.569	22.808	32.263
▸ **PM2.5 (Kgs)**	6.581	7.099	11.149

The Non-SOV targets were established using the U.S. Census Non-SOV data and analyzing the previous five-year averages of Non-SOV percentages for the Milwaukee urbanized areas.

CMAQ Public Access System data was used to determine the Emission Reduction targets. The Public Access System data includes estimated emission reductions for projects funded by the FHWA CMAQ program. FHWA CMAQ funding is limited to projects that are within an air quality non-attainment or maintenance area.

Four-year results for Non-SOV Travel and Emission Reductions were submitted in 2026 as part of the Full Period Performance Progress Report. WisDOT will continue to monitor all PM3 measures and use the results to include project development and strategies to meet the established targets.

11.10. WisDOT's Federal Performance Measure Webpage

More information on WisDOT's Federal Performance Measures can be found at:
WisDOT - Federal Transportation Performance Measures

[5] *As submitted to FHWA on October 1, 2026.*

12. Summary of Public Comments

A summary of the comments received during the 30-day public comment period and WisDOT's response are listed below.

- This will be updated after the November 1st, 2026, public comment period.

13. Amendments

The STIP is approved by WisDOT, FHWA, and FTA. Throughout the year, it may be necessary to amend the 2027 – 2030 STIP to incorporate projects not included in the original project listing.

The following are changes that may necessitate a STIP amendment:

- Significant change in the scope and/or cost of a project,
- Changing the letting date of a project beyond the four-year STIP period,
- Adding/advancing a project to the STIP, etc.

All such amendments will be added to the STIP webpage for a fifteen (15) day public comment period and record-keeping purposes:
Wisconsin Department of Transportation Statewide Transportation Improvement Program (STIP) (wisconsindot.gov)
