

# WisDOT Improvement Program SW Region 2020 - 2025

## Legend

- Cold In-place Recycling
- Reconstruction
- Resurfacing
- Recondition
- Pavement Replacement
- Preservation and Restoration
- Bridge: New, Replace, Remove
- Bridge Rehabilitation
- Miscellaneous
- Majors

Project Information drawn from the Financial Integrated Improvement Programming System (FIIPS). This map was created on 01/24/2020 for planning purposes by the Wisconsin Department of Transportation (WisDOT). Any other use or recompilation of the information, while not prohibited, is the sole responsibility of the user. WisDOT expressly disclaims all liability.

**Improvement Concept Definitions**  
**Cold In-place Recycling -**  
 Bridge: New, Replace, Remove represents several improvement types:  
 1) New bridge creating a new grade separation or structure  
 2) A bridge replacing an existing crossing but not necessarily in the same place  
 3) A bridge replacing an existing crossing to increase system capacity  
 4) Bridge elimination  
**Bridge Rehabilitation** represents several improvement types:  
 1) Bridge rehabilitation. Usually bridge deck overlay or deck replacement  
 2) Minor overlay on bridge decks, bridge painting, or other maintenance  
**Miscellaneous -** Not a roadway or bridge project. Usually a pedestrian or safety focus  
**Recondition -** Replace most of the roadway and upgrade to current design standards  
**Resurfacing -** Change intersection or roadway to improve safety and/or operation  
**Resurfacing -** Add pavement material to existing pavement, includes safety improvements  
**Pavement Replacement -** Replace pavement, and usually no geometric changes  
**Preservation and Restoration -** Maintenance to address problem areas or routine preservation including State Highway Rehabilitation Maintenance (SHRM)
