

Project update

May 2020

WIS 153, Rangeline Road to Water Street City of Mosinee, Marathon County

Identified needs on this section of WIS 153:

- The pavement is deteriorating
- Some of the storm sewer structures are deteriorating
- Sections of curb and gutter are severely deteriorated
- Most of the pedestrian curb ramps do not meet the Americans with Disabilities Act (ADA) standards
- The traffic signal controller and the loops at the intersection of Main and 4th streets are not working properly
- High crash rate for right turning vehicles from WIS 153 (4th Street) onto eastbound WIS 153 (Main Street)

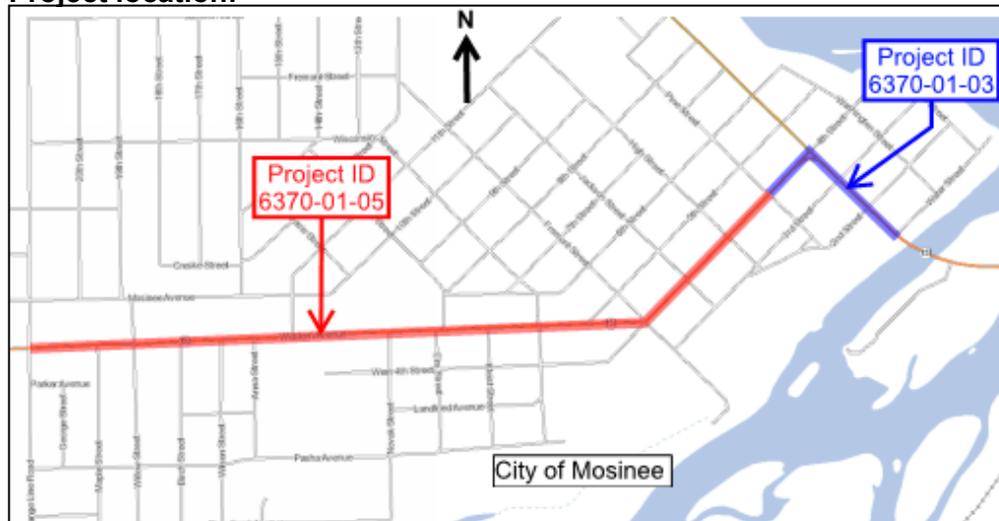

To address the identified needs, we plan to:

- Replace the pavement between Rangeline Road and Novak Street
- Resurface the pavement between Novak Street and Water Street
- Replace deteriorated curb and gutter
- Repair deteriorated storm sewer structures
- Replace pedestrian curb ramps that do not meet ADA standards
- Replace the traffic signal equipment and loops at the 4th Street and Main Street intersection
- Installation of right-turn signals for the right turn movement from WIS 153 (4th Street) onto eastbound WIS 153 (Main Street)

Other planned improvements:

- New sidewalk between Rangeline Road and Novak Street, on the north side of WIS 153
- City water services on the south and east sides of WIS 153 between Rangeline Road and Fremont Street will be replaced during construction
