

PURPOSE & NEED

Study Purpose

The purpose of the study is to address the condition of the WIS 54/Mason Street/Tilleman bridge over the Fox River including roadway and bridge structures.

Study Need

The project needs are anticipated to include the following:

- **Bridge and roadway condition issues**
- **Lack of bicycle and pedestrian accommodations**
- **Geometric deficiencies**
- **Safety issues**
- **Consistency with existing local and regional land use and development plans**
