Purpose of Public Involvement

- Our objective is to obtain your input on the following:
 - Identified needs
 - Proposed improvements
 - Traffic control

Project Location

Project Needs

- The following project needs have been identified:
 - Deterioration in the existing structure's concrete deck overlay.
 - Deficiencies in the existing structure's expansion joints.

Project Information

- We are proposing to improve the County D bridge over the Chippewa River as follows:
 - Remove and replace the existing concrete deck overlay on the bridge.
 - Replace the structure's expansion joints.
 - Complete minor roadway approach work to tie into structure improvements.
 - Place new pavement markings.

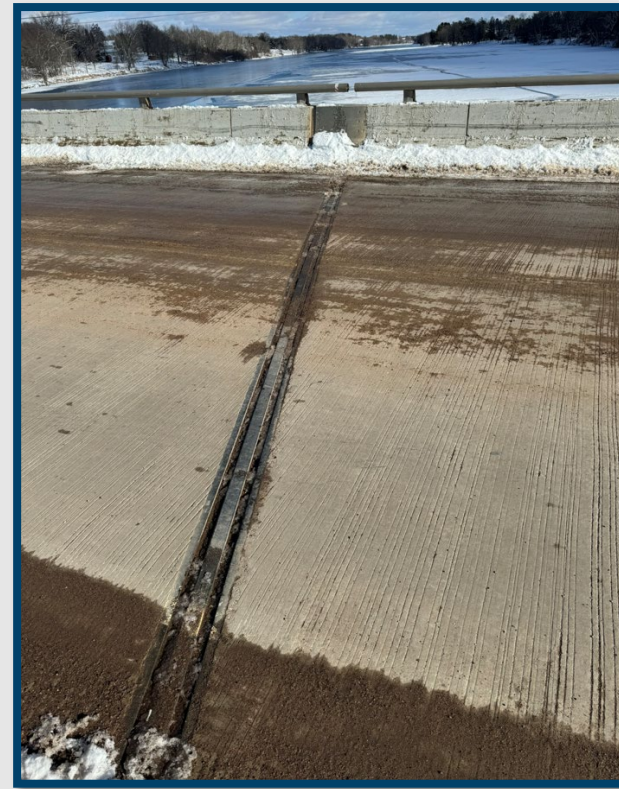

Project Information

- Existing concrete deck overlay will be removed and replaced.

Project Information

- Existing expansion joints will be replaced.

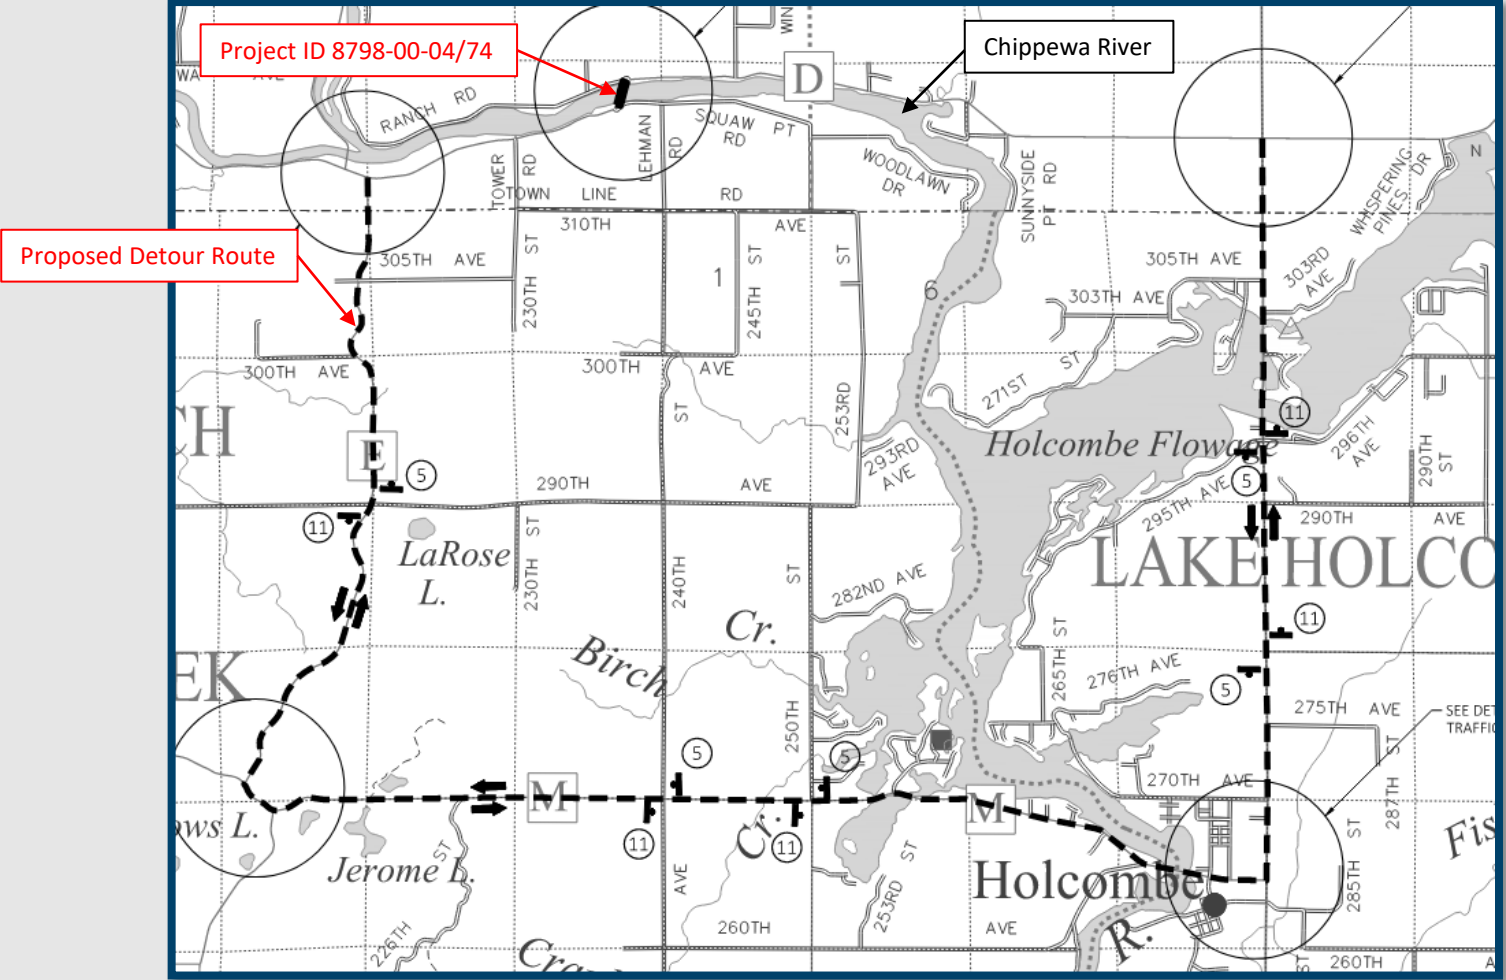

Proposed Traffic Impacts

- Proposed traffic impacts:
 - County D over the Chippewa River will be closed to traffic during construction.
 - A signed detour will be provided to route motorists from County E to County M to WIS 27 (see next page).
 - Construction currently is scheduled for the summer of 2028 and estimated to take three months to complete.

Proposed Traffic Impacts

Real Estate and Access

- No real estate acquisition needs are expected.
- No driveway or side road access modifications along the project are planned at this time.
