

# I-94 Cable Barrier Project

Virtual Public Involvement Meeting

St. Croix County

0.95 mile west of WIS 65 to County J

November 2023

### Agenda

- Project Limits
- Purpose and Need
- Proposed Improvements
- Traffic Impacts
- Schedule
- Project Contacts
- Public Comment

**Project Locations** 

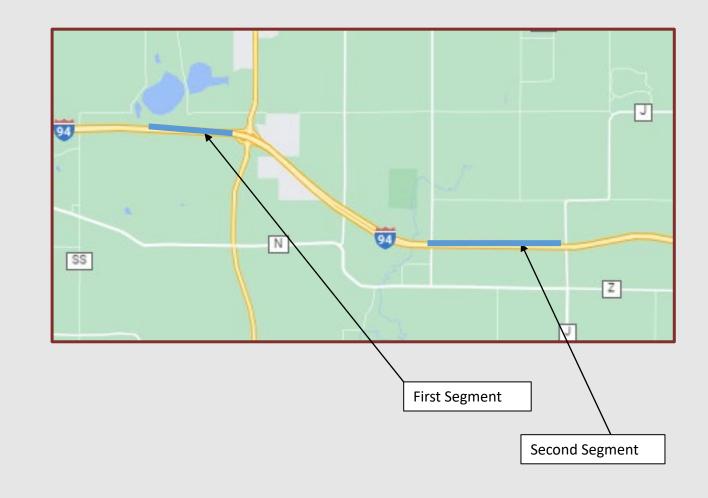

## **Project Limits**

- First segment: 0.95 mile west of WIS 65 to WIS 65 bridge.
  - Project length: 0.94 mile.
- Second segment: 140<sup>th</sup> Street to County J.
  - Project length: 1.51 miles.

#### **Purpose and Need**

- Purpose: To improve safety along I-94.
- Need: To reduce cross-median crashes in areas deemed as hot spots.

#### **Proposed Improvements**

- Install cable guard in the interstate median.
- Place gravel along the shoulder.
- Reconstruct drainage structures.
- Restore the disturbed areas by placing seed and fertilizer.

#### **Traffic Impacts**

- I-94 to remain open to traffic, but motorists might encounter:
  - Single-lane closures.
  - Shoulder closures.

#### Schedule

- Preliminary design begins: Summer 2023
- Preliminary design and environmental process complete: October 2023
- Final design begins: January 2024
- Final plans due: May 2024
- Construction: 2024
