

Public Involvement Meeting

I-94, Hudson and Menomonie Safety and Weight Facilities (SWEFs)

St. Croix County and Dunn County

Public Involvement Meeting

The Wisconsin Department of Transportation (WisDOT) has scheduled a public involvement meeting to present information regarding the proposed improvements and gather public comments on the reconstruction of the existing Hudson Safety and Weight Enforcement Facility (SWEF) along eastbound I-94 in St. Croix County and the rehabilitation of the existing Menomonie SWEF along westbound I-94 in Dunn County. The presentation will be posted on the WisDOT project website located at:

<https://wisconsindot.gov/Pages/projects/by-region/nw/i94swef/default.aspx> .

This meeting will provide details on both projects, discuss the anticipated schedule, and offer the opportunity to provide feedback.

Proposed Improvements

The Hudson SWEF is located along eastbound I-94 between Hudson and Baldwin in St. Croix County. The project will replace the existing facility with a new modernized building and more efficient site layout. The reconstruction will include the SWEF building, parking lots, utilities, mainline and ramp Weigh-in-Motion (WIM) system and installation of a virtual weigh station (VWS) and replace the exit and entrance ramps onto IH 94.

The Menomonie SWEF is located along westbound I-94 between Menomonie and Eau Claire in Dunn County. The site will be rehabilitated with new pavement, SWEF building renovations, storage building improvements, installation of a virtual weigh station (VWS) (location to be determined) and the addition of a road salt storage facility.

Various construction staging and traffic control scenarios are being evaluated for consideration. Construction of the Hudson SWEF improvements are currently programmed for 2022 and 2023 while the Menomonie SWEF improvements are anticipated in 2024.

Contact Information

If you would like additional information, contact Project Manager Rob Knorr at (608) 266-8677. Written comments can be mailed to Rob Knorr, WisDOT Central Office – Hill Farms, 4822 Madison Yards Way, 3rd Floor South, Madison, WI 53705, or sent via email to robert.knorr@dot.wi.gov. Citizens who are hearing-impaired and require an interpreter may request one by contacting Rob Knorr via the Wisconsin Telecommunications Relay System (dial 711).
