

This presentation is for the project on US 10 from Prescott to Ellsworth, Pierce County.

Rather than holding an in-person meeting, public involvement efforts have moved online as a precaution against COVID-19 based on the most current health information from state, federal and local health departments.

All meeting materials, including the handout with a comment form, are posted on the design website for this project.

https://wisconsindot.gov/Pages/projects/by-region/nw/us10pierce/default.aspx

If you have any questions, please contact WisDOT Project Manager, Paula Groom at (715) 579-6776.

Public Involvement Meeting

US 10

Spring Creek Culverts
Pierce County

US 10

Prescott - Ellsworth Pierce County

Project Team

- James Koenig
 - WisDOT Project Supervisor
- Paula Groom
 - WisDOT Project Manager

- Project Location
- Project Purpose and Need
- Proposed Improvements
- Detour Route/Construction Staging
- Real Estate
- Project Schedule
- Contact Information

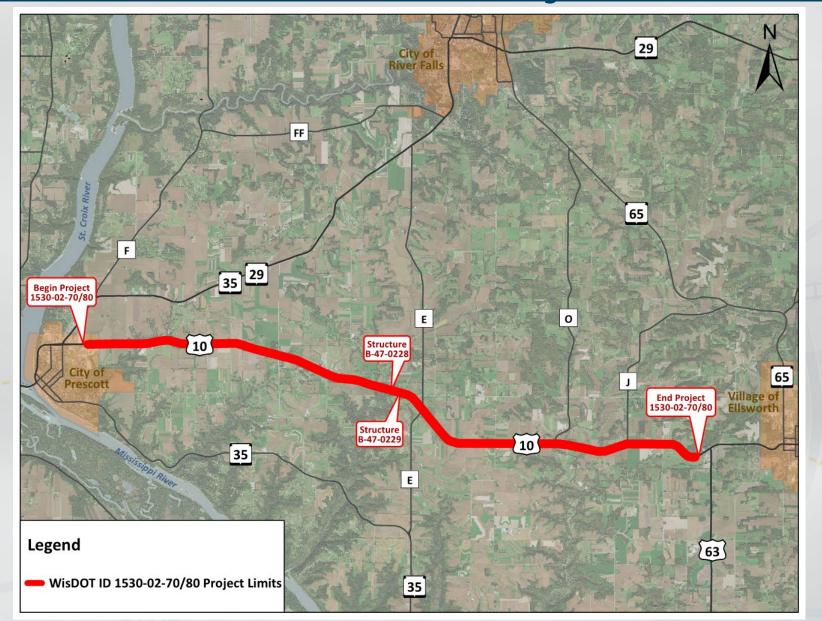

Spring Creek Culverts Project Location

US 10 Rehabilitation Project Location

Purpose and Need

- Purpose
 - Improve US 10 pavement condition
 - Replace aging culverts
 - Upgrade beam guard to meet current standards
- Need
 - Deteriorating pavement condition
 - Existing culverts have reached the end of their service lives
 - Non-compliant beam guard

Proposed Improvements

- Resurface US 10 with asphalt pavement
- Replace aging culverts
- Upgrade beam guard
- Replace pavement marking

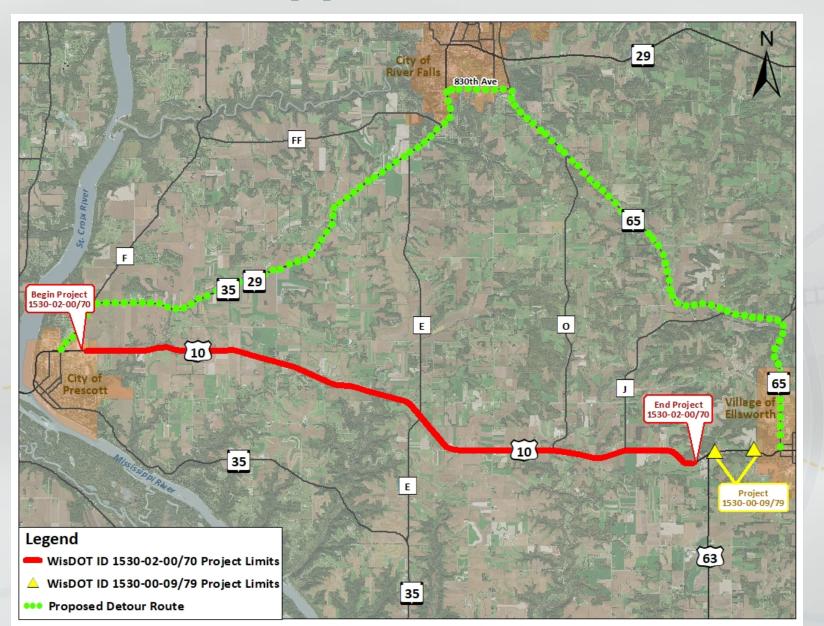

Proposed Construction Staging

- 2023 construction season (May-October)
- US 10 closed for culvert replacements.
- Single-lane closures through flagging operations for final paving.

What will happen to US 10 traffic?

Real Estate

- Real estate acquisition and temporary easements will be needed for the US 10-Spring Creek culvert replacements.
- Real estate acquisition process
- Contact: Julie Martin, (715) 836-2875 or julie.martin@dot.wi.gov
