

PUBLIC INVOLVEMENT MEETING

I-94 East-West Freeway Project

70th Street to 16th Street

Please join the Wisconsin Department of Transportation (WisDOT) at either of two open house style public involvement meetings. You are invited to view I-94 East-West Freeway Project information, talk with project staff, and share your thoughts.

THE SAME INFORMATION WILL BE PRESENTED ON BOTH NIGHTS. COME WHEN IT IS MOST CONVENIENT FOR YOU!

If you would like an interpreter for the meeting, contact the project manager by June 17. Si desea un intérprete para la reunión, comuníquese con el gerente del proyecto antes del 17 de junio. Hearing and visually impaired individuals may request accommodations by calling Wisconsin Telecommunication Relay System (TTY) at 711, by June 17.

Update!

The I-94 East-West corridor extends from just west of 70th Street to 16th Street on I-94 and from Blue Mound Road to just south of the Stadium Interchange on WIS 175/Brewers Boulevard.

The purpose of the I-94 East-West Freeway Project is to address the deteriorated condition of I-94, obsolete roadway and bridge design, existing and future traffic demand, and high crash rate. The project has received federal approval and is moving forward.

In recent months WisDOT has been working on:

- Developing detailed engineering designs for the corridor.
- Refining the anticipated construction schedule.
- Developing details regarding traffic mitigation.
- Coordinating with other area projects.
- Proceeding with bike/pedestrian accommodations.

Details on these and other project updates will be available to view and comment on at both meetings.
