

Public Meeting Notice of Proposed Rehabilitation Project on WIS 165

Kenosha County, Wisconsin

Project ID 3738-09-00/70

Dear Property Stakeholder:

The Wisconsin Department of Transportation (WisDOT) is proposing to rehabilitate 2.4 miles of WIS 165 (104th Street) between 65th Avenue and County ML (Springbrook Road), and County EZ (39th Avenue) and WIS 32 (Sheridan Road), in the Village of Pleasant Prairie.

Project Location Map

Public Meeting

Please join us for a public involvement meeting to discuss the proposed improvements for the project.

The meeting is scheduled for Wednesday, July 12, 2023, from 5 to 7 p.m., at Pleasant Prairie Village Hall, 9915 39th Avenue, Pleasant Prairie, WI 53158. Parking will be available in the village hall parking lot. Representatives from WisDOT and the engineering design consultants will be in attendance to answer questions. The meeting is an open house format without a formal presentation.

This project will improve pavement condition and vehicular ride quality, with additional improvements including:

- Replacement of pavement and culverts
- Construction of new sidewalks east of 39th Avenue
- New ditches, pavement markings, and signing
- Widening of existing shoulder

The project may require additional right of way from the Kenosha County Bike Trail, which is publicly owned land, for the new sidewalk, shoulder widening, or ditch.

WIS 165 from Old Green Bay Road to County ML (Springbrook Road) may need to be expanded to four lanes. Shortly after the design process started, the Traffic and Planning sections of the WisDOT, were given a new planned development to review adjacent to WIS 165 in this area. The results of that review will not be available for six to nine months.

Construction is tentatively scheduled for 2027. During construction, access to local businesses and residences will be maintained. Detours will be provided.
