

Memorandum

TO: Craig Fisher, WisDOT SW Region Project Manager
FROM: Amanda Zacharias
SUBJECT: 7575-07-03, La Crosse Street (WIS 16), Oakland Street to Losey Boulevard, Public Involvement Meeting
DATE: 10/24/2019

A Public Involvement Meeting was held for the subject project in La Crosse Wisconsin at UW La Crosse Cleary Alumni Center from 5 to 7 p.m. The following is a synopsis of the PIM.

Attendees: See Exhibit 1 for the attendance roster

Presentation: See Exhibit 2

Exhibits: See Exhibit 3

Comments: See Exhibit 4. Below is an overview of comments received.

- Residents and businesses asked to be kept informed of access limitations and schedule of work during construction
 - Support for the pedestrian crossings. Some attendees requested more pedestrian crossings be added
 - Some attendees supported proposed bicycle lanes.
 - Some attendees supported the Two Way Left Turn Lane
 - Some attendees suggested closing 24th Street to the north and 24th Street to the south
 - Some attendees expressed concerns about terrace tree removal
 - Some attendees expressed interest in protected bicycle lanes
 - Some attendees expressed concerns regarding traffic calming and speeding vehicles
 - Some attendees suggested the Two Way Left Turn Lane be eliminated where left turns are not needed
 - Some attendees suggested adding storm water absorption areas
 - Some attendees expressed concern about snow removal and street plowing operations with smaller terraces
 - A user stated that the signal (N/S move) on East Avenue does not detect bicycles
-
