

Project ID: 1074-00-31/61
West Salem – Sparta
County C Bridge
I-90
La Crosse County

PROJECT INFORMATION

WisDOT is proposing to rehabilitate the County C bridge over I-90. The need for this project is to address deck delamination on the County C bridge over I-90. The bridge was last treated in 2019 with a concrete deck sealing. In 2021, an infrared survey was conducted that found that approximately 25% of the deck area was delaminated.

The proposed improvements include the following:

- Concrete deck overlay
- Guardrail replacement
- Install new drainage system at structure

PROPOSED TRAFFIC IMPACTS

Construction is currently scheduled to begin in Spring 2027 and is expected to be completed in Fall of 2027.

County C will be reduced to a single lane and actuated using temporary traffic signals.

REAL ESTATE

No real estate will be acquired. All work will be completed within existing WisDOT right-of-way.

ANTICIPATED SCHEDULE

Environmental Review Complete:	April 2024
Preliminary Design Complete:	August 2024
PS&E:	August 2026
Let Date:	November 2026
Construction:	April 2027

PUBLIC INPUT/COMMENTS

We encourage you to talk to the project representatives and ask them questions. Your comments assist us in developing a project that will serve the needs of the traveling public as well as the needs of the local community. Your input is welcome and appreciated throughout the design process.
