Marc Schweiger

WisDOT Project Supervisor

Josh Koebernick

WisDOT Project Manager

Erik Nilson

WisDOT Project Lead Engineer

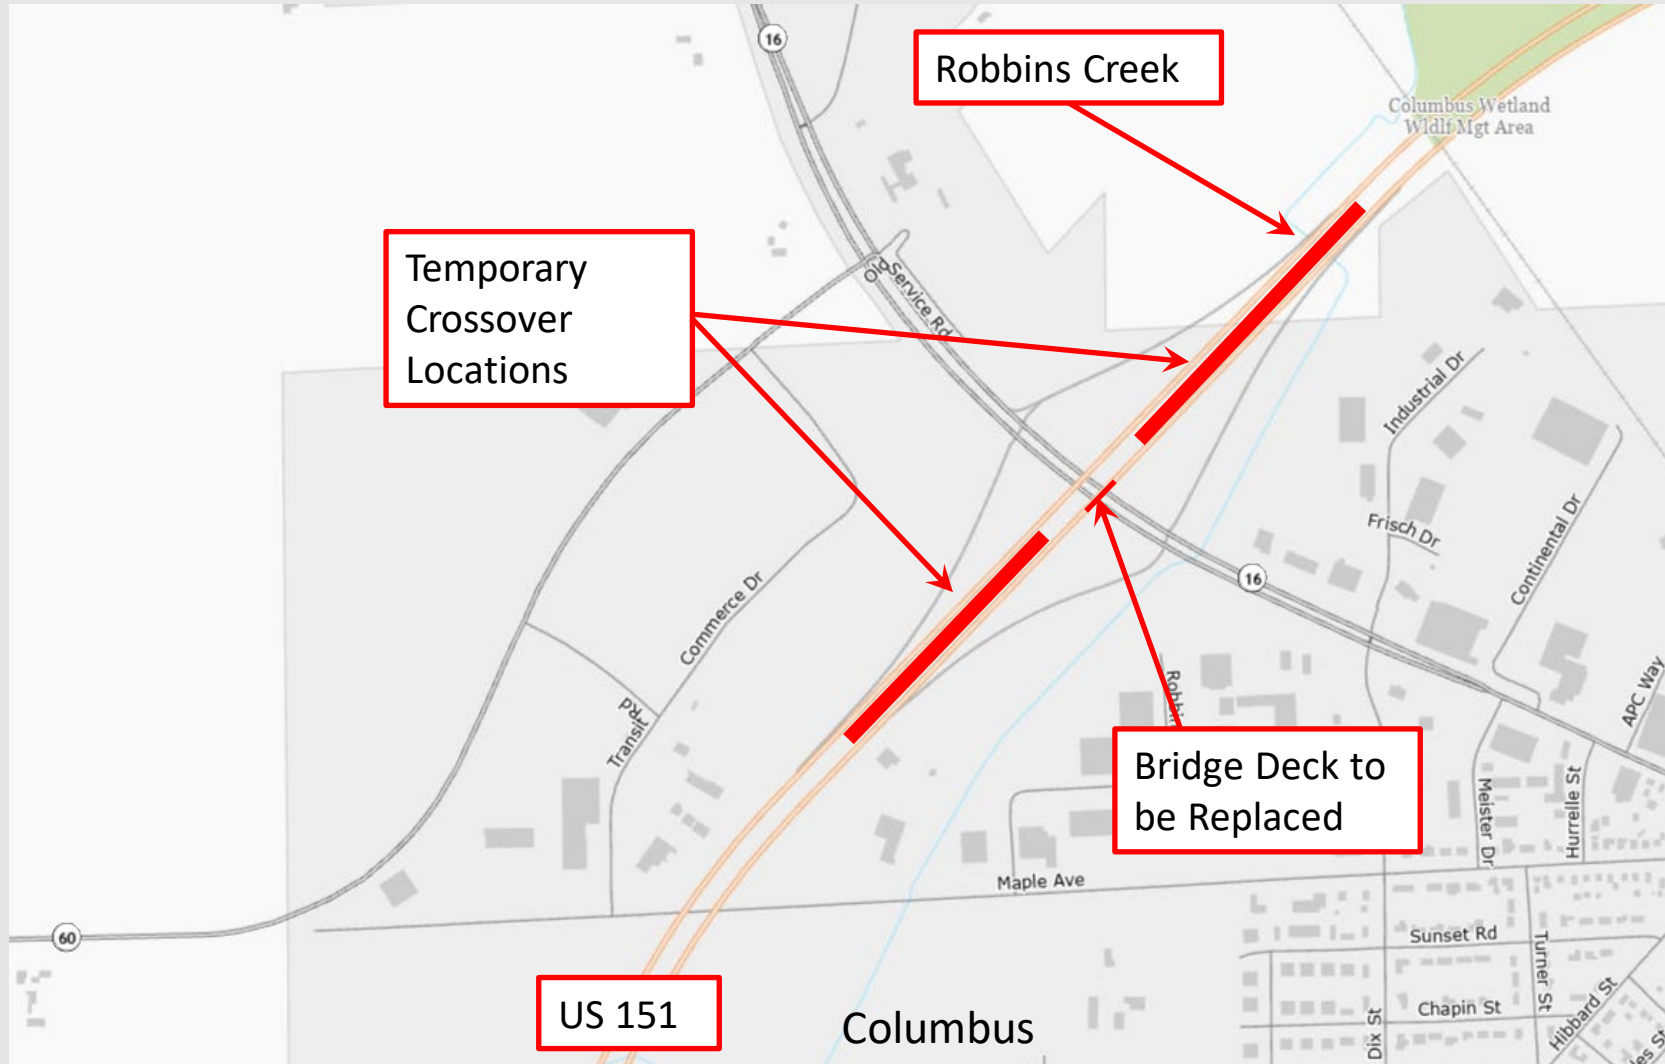

Presentation Agenda

- Project Limits
- Design Overview
- Recent Activities
- Upcoming Schedule
- Contact Information

Project Limits

Design Overview

- Project to replace the bridge deck on Northbound US 151 over WIS 16/60.
- The nearby structure that allows Robbins Creek to travel under US 151 will be cleaned out to improve the flow of water.

Bridge Deck Issues

Traffic Overview

- US 151 traffic to be reduced to one lane, each direction, and managed on the southbound side of roadway.
- Temporary crossovers will be used to shift traffic.
- Speed limits will be reduced in the area.
- Lane closures will take place on WIS 16/60 as needed.
- Ramps will remain open throughout the project.

Recent Activity

- Send initial coordination/notification letters
- Preliminary Plans
- Draft Environmental Report

What is Next?

Environmental Report

Spring 2025

Final Plans

Early 2027

Construction Start

Summer 2028
