

Project ID: 3576-01-34/64
Ft. Atkinson – Palmyra
0.01 Mi E of Edgewater Rd to CTH Cl
STH 106
Jefferson County

PROJECT INFORMATION

WisDOT is proposing to improve approximately 9.83 miles of STH 106 from 0.01 miles east of Edgewater Rd to CTH Cl, which was last reconstructed/resurfaced in 2008. See the attached project location map. The existing pavement exhibits signs of fatigue in the form of rutting, alligator cracking, and transverse cracking.

Proposed improvements include:

- 1) Extending the service life of the asphaltic pavement
 - a) Mill approximately 2" of the existing asphaltic surface
 - b) Overlay with 2" of HMA pavement
- 2) Widening the paved portion of the existing shoulder from 3' to 5'
- 3) Centerline and shoulder rumble strips
- 4) New pavement markings

PROPOSED TRAFFIC IMPACTS

Construction is currently scheduled to begin in the summer of 2022 and is expected to be completed within 10-12 weeks.

STH 106 will remain open to thru traffic during construction through the use of flagging operations. Temporary driveway closures may be necessary during parts of the construction process. Construction staff will contact homeowners and businesses in advance before closing a driveway. If you have special access needs during construction please let us know so these can be considered as much as possible, and if needed included in the bidding documents.

REAL ESTATE

No real estate acquisitions are anticipated for this project.

ANTICIPATED SCHEDULE

Environmental Review Complete:	November 2020
Preliminary Design Complete:	February 2021
Final Design Complete:	November 2021
Bid Date:	March 2022
Construction:	Summer 2022

PUBLIC INPUT/COMMENTS

We encourage you to talk to the project representatives and ask them questions. Your comments assist us in developing a project that will serve the needs of the traveling public as well as the needs of the local community. Your input is welcome and appreciated throughout the design process.
