

Public Involvement Meeting Handout

**WIS 28
E Branch Rock River Bridge B-14-067
Dodge County**

Project ID: 3020-00-09/89

**March 24, 2026
5:30 PM – 6:30 PM
Ted & Grace Bachhuber Memorial Library**

Purpose of the meeting

Purpose: The purpose of the project is to address the condition of the existing concrete bridge deck.

Need: Corrective Action is needed to address the large spall in the existing bridge deck, remove the existing rust, and paint the girders and bearings.

The objective of this meeting is to obtain public input on the proposed improvements.

Project information

The project will include replacing the bridge deck, painting the existing steel girders, and misc. concrete surface repairs on the abutments and pier. The concrete sidewalk will be widened from the existing 5' to 6'. The concrete approaches will be replaced in addition to minor curb and gutter and sidewalk replacements adjacent to the bridge.

Proposed traffic impacts

Construction is scheduled to begin in 2027. Construction is anticipated to take one full season, from early Spring to late Fall.

During construction, WIS 28 will be detoured utilizing WIS 67, WIS 33, and I-41 until the WIS 28 interchange. WIS 67 will be detoured utilizing WIS 33, and I-41 until the WIS 67 interchange. Residences and businesses will still be accessible.

Project update/next steps

The presentation will be posted on the project website found below. Final plans for the project are due August 2026, and construction is set for 2027.

Public input/comments

We encourage you to talk to the project representatives and ask them questions. Attached to this handout is a sheet for your written comments and input regarding the proposed project. Please mail any written comments about the project before April 17, 2026 or leave them in the comment box tonight. You can also e-mail your comments to the contacts listed below.

Your comments assist us in developing a project that will serve the needs of the traveling public as well as the needs of the local community. Your input is welcome and appreciated throughout the design process.
