

Public Involvement Meeting Handout

May XX, 2024

WIS 78 (County E to Mt Horeb Village Limits) Argyle – Mt. Horeb

Welcome to the public involvement meeting for the proposed improvements to WIS 78 between County E and the Mt. Horeb Village Limits. See Figure below for the project location.

The Wisconsin Department of Transportation (WisDOT) is currently in the design phase of this project. The objective of this meeting is to provide you with updated information regarding the proposed improvements, schedule, and construction staging.

The purpose of this project is to extend the pavement service life of WIS 78 and increase safety measures along the highway. This will be obtained by resurfacing the pavement on the highway and addressing existing safety conditions.

Improvements include, but are not limited to:

- Resurfacing of the existing pavement
- Replacing curb ramps at the Military Ridge Trail crossing at WIS 78
- Rehabilitation work on WIS 78 bridge over US Highway 18/151
- Replacing guardrail along WIS 78
- Replacing box culvert C-13-3012 under WIS 78-East
