

# Public Involvement Meeting Handout

March 2026

## WIS 80: East Tama Street to US 18

Welcome to the public involvement meeting for the proposed improvements to WIS 80. See Figure below for the project location.

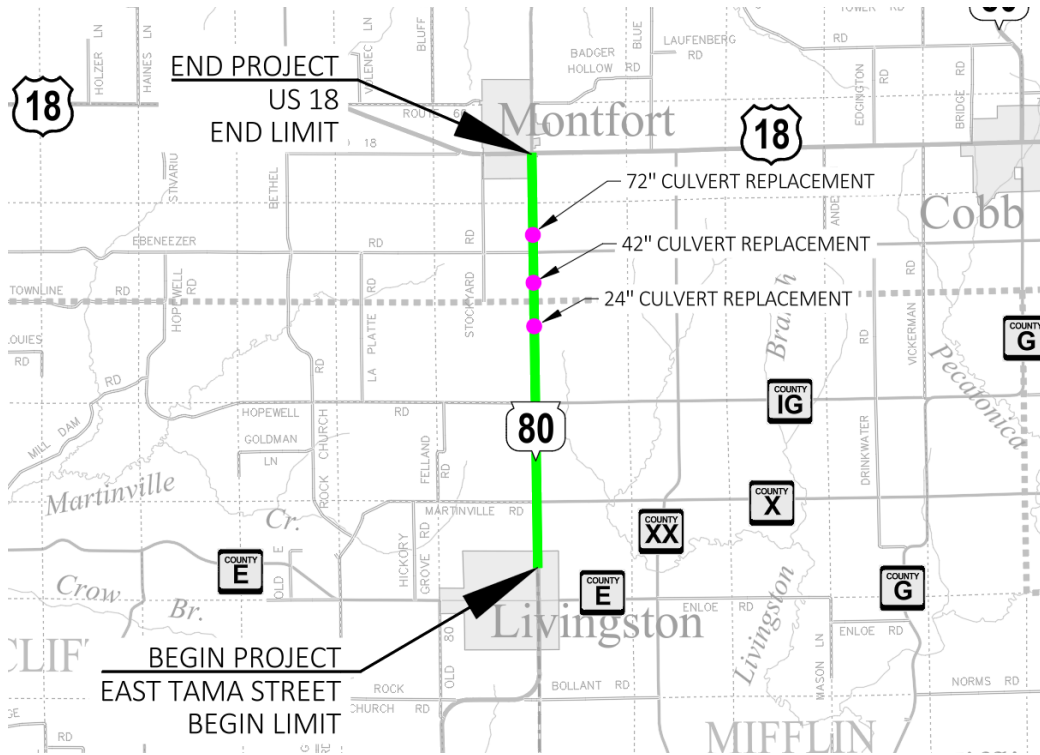

The Wisconsin Department of Transportation (WisDOT) is currently in the design phase of this project. The objective of this meeting is to provide you with updated information regarding the proposed improvements and provide two alternatives for the WIS 80 and US 18 intersection. After a brief presentation, the meeting will follow an open house format.

The purpose of this project is to extend the life of the deteriorating pavement and improve safety at the US 18 and WIS 80 intersection.

Improvements include, but are not limited to:

- Mill and overlay from East Tama Street to US 18
- Intersection improvement at WIS 80 and US 18. Alternatives include:
  - All way stop control
  - Roundabout
- Culvert replacements

Construction is anticipated to begin in the spring of 2030.
