

Downtown Construction:

IT AIN'T
SO BAD

Ahhh Spring!
Robins return, and road
renovations resume. Gorham Street
will be under construction until early
September and the traffic is down to one
lane. Curb-side parking has been temporarily
removed so take advantage of the three
public parking lots within two blocks of us.
And now that the weather is nice, consider
riding your bike or taking the bus downtown!

Check out www.visitdowntownmadison.com for details.
Whatever you do, don't let a few pesky pylons get in your way!

Community Pharmacy

Corner of State & Gorham 251-3242
