

Connected and Automated Vehicle TIM Training for Law Enforcement and First Responders Survey

WisDOT will present a connected and automated vehicle TIM Training for law enforcement and first responders. WisDOT would like to gather feedback before and after participants attend the training to better understand the effectiveness of the training material. Prior to the start of the presentation, please complete the “Pre-training survey” column in the table below.

Rate the following:	Scale: 1 = Low, 5 = High		Comments
	Pre-training survey	Post-training survey	
Level of knowledge of connected and automated vehicles in general			
Level of knowledge of connected and automated vehicle technology on the road today			
Level of understanding of the differences between connected and automated vehicle technology			
Level of knowledge of existing state laws pertaining to connected and automated vehicle technology			
Level of preparedness to interact with a connected and automated vehicle such as a traffic stop, towing, emergency scenario, etc.
