

Pedestrian March

When you're walking on foot,
You're your own marching band.
Just pick up your feet,
And start clappin' your hands.

When crossing the street,
Stop at the corner or curb.
If there's no moving traffic
A slow start is superb.

Chorus:
Atten-SHUN! Stop!
Look left, look right,
Look left, right, left

Grab a grown-up's hand,
'DONT WALK' says the sign.
You better not go,
Keep your whole family fine.

In the crosswalk now,
Reflectors on your clothes.
As the night sets in,
Cars can see you head to toe.

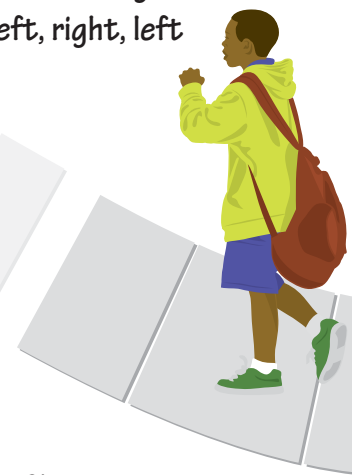

Chorus:
Atten-SHUN! Stop!
Look left, look right,
Look left, right, left

At train tracks stop, look, & listen,
For moving trains, pumping & hissing.
Train tracks aren't the place to mess around,
When we want to hang, we hit the playground.

One more thing to shout about,
Before school starts plan your daily route.
Then walk that path with Mom or Dad,
Knowin' where you're goin' will make you glad.

Chorus:
Atten-SHUN! Stop!
Look left, look right,
Look left, right, left
