Driving in circles can be a good thing, if it means you get where you want to more quickly and safely.

That’s why the Wisconsin Department of Transportation will incorporate roundabouts into our road network.

Please drive safely

Since roundabouts are fairly new to our area, please expect a short adjustment period as drivers get used to driving them.

November 2016
Crossing as a **PEDESTRIAN**
- Cross only at designated crosswalks.
- **NEVER** cross to the center of a roundabout.

**BICYCLISTS** **on the road**
Experienced bicyclists travel through the roundabout using the same general rules that apply to motorists.

1. **Extend your arm and point to show the motorists that you intend to cross.**
2. **Cross to the raised median island only when traffic yields or stops and there is a safe gap in traffic.**
   - Keep your arm up, pointing as you cross.
3. **Wait on the raised median island for a gap in the other direction of traffic.**
   - Remember to point to show traffic you intend to cross.

**BICYCLISTS** **on the sidewalk**

- **Dismount at the ramp leading to the sidewalk and walk your bicycle.**
- Use the sidewalks and crosswalks, following the same rules that apply to pedestrians.

**Anatomy of a roundabout**
- **Center Island** (a)
- **Truck Apron** (b)
- **Crosswalk** (c)
- **Raised Median Island** (d)

Sample Movements
- **Bicyclist on the road**
- **Bicyclists on the sidewalk**
- **Pedestrians on the sidewalk**

1. Extend your arm and point to show the motorists that you intend to cross.
2. Wait at the crosswalk for a safe gap in traffic.
3. Cross to the raised median island only when traffic yields or stops and there is a safe gap in traffic.
4. Wait on the raised median island for a gap in the other direction of traffic.
5. Remember to point to show traffic you intend to cross.
