#### Dear Wisconsin aviators,

Thank you for your commitment to a critical service throughout Wisconsin.

Folks in Wisconsin elected me governor to make our transportation infrastructure work. Part of that job is making sure our 123 public-use airports are as safe, reliable and resilient as possible.

By working with our federal partners, we are ready to make major investments over the next five years through funding provided by the Bipartisan Infrastructure Law (BIL).

Nearly \$40 million in BIL funding is already allocated for improvements at many Wisconsin airports this year, part of approximately \$198 million dedicated to Wisconsin's airports over the next five years. In addition, \$5 billion in federal discretionary funding will be available over the next five years for airport terminal projects, including projects that expand accessibility for persons with disabilities, improve access, improve energy efficiency and improve safety. I will work hard to secure this funding and will continue to invest state resources, as my two budgets provided.

The United States built modern aviation, and it is time for us to elevate our airports. I want Wisconsin to lead the way. As hosts for more than

50 years of AirVenture Oshkosh, the world's greatest aviation celebration, we know how to showcase all the advantages of flight. Together we can seize this opportunity to make transformative improvements.

Thank you for your commitment to air travel in Wisconsin. I wish you safe flights and smooth landings.

Governor Tony Evers State of Wisconsin

#### Welcome to the new edition of the Wisconsin Aeronautical Chart!

The Wisconsin Department of Transportation Bureau of Aeronautics (BOA) works hard to bring you this publication to support safe and enjoyable flights to our state's 123 public use airports.

The BOA's work is collaborative, and I want to thank all the airport owners, consultant engineers, the Federal Aviation Administration (FAA) and the construction industry who take part in airport improvements and informing this chart.

Projects such as pavement reconstruction, lighting and navigational aid improvements, and snow removal upgrades help make our airports safer, but that's not the whole picture. Your skills, knowledge and commitment to protocols are what allow air travel to work.

These skills are invaluable. And over the past few years, we should all appreciate the critical need for those who can make our transportation infrastructure more resilient and flexible.

If I can make one ask, it is to share these abilities with the next generation. Please introduce aviation to a young person – one flight may open up a new world and make us all the better for it.

Secretary Craig Thompson Wisconsin Department of Transportation

## **AIRPORT PASSPORT** PROGRAM

Who is eligible? Pilots and passengers from any state

may participate in the program.

#### Share your love of aviation

Participants are invited to join the Fly Wisconsin Facebook group to connect with other participants and share their adventures. Join the group by visiting facebook.com/groups/flywi.

#### Questions

Call us at (608)266-3351 or email us at FlyWI@dot.wi.gov

# Aeronautical

WISCONSIN 2022–2023

# **FLY WISCONSIN**

# **Airport Passport Program**

The Wisconsin Department of Transportation and the Wisconsin Airport Management Association have teamed up to launch the Fly Wisconsin Airport Passport Program. The program promotes safety and education by awarding pilots and passengers for visiting Wisconsin airports and aviation attractions, as well as attending FAA safety seminars.

#### How to participate

Register for the Fly Wisconsin Airport Passport Program by visiting our website wisconsindot.gov/flywi or mail in a registration card from a participating airport. Once you receive your passport booklet, start collecting airport stamps! Program rules and a list of stamp locations can also be found on our website.

#### **Recognition awards**

ATW ARFF Training Center

2020 contest art by Grace Grabo

Participants have the opportunity to earn three levels of awards.

		,, <b>,</b>		
PA	RTICIPATION LEVELS AND AWARDS	AIRPORTS	AVIATION ATTRACTIONS	FAA SAFETY SEMINARS
Bronze	Fly Wisconsin T-Shirt	42	1	1
Silver	Flight Bag	+42	+1	+1
Gold	Leather Jacket or \$100 Gift Card and Patch	+41	+1	+1
ΤΟΤΑΙ	.S	125	3	3

# **UNMANNED AIRCRAFT** SYSTEMS (UAS)

UAS are quickly becoming major users of the National Airspace System. UAS are aircraft which may require registration and their operators are *pilots*. All UAS pilots need to review local, state and federal regulations regularly and remain well clear of manned aircraft operations.

Download the FAA's **B4UFLY Mobile App B4UFLY** For further information: www.FAA.gov/UAS

REGISTER YOUR DRONE					
faadronezone.faa.gov					

# **AVIATION EVENTS**

The Bureau of Aeronautics hosts a variety of conferences and seminars to promote knowledge sharing and relationship building within the Wisconsin aeronautical community. Here are just a few of the events we sponsor: • Airport sponsor workshop

- Airport operations symposium
- Volk Field fly-In
- Mechanic's and IA renewal seminar

#### These events are open to anyone who wants to attend, but advanced registration may be required, feel free to call if there are questions.

#### Additionally, our website lists events hosted by airports such as:

•	Pancake breakfasts	•	First responder/	•	Fly-in/drive-ins
•	Airshows		airport safety	•	Much more

training Safety seminars

#### wisconsindot.gov/airevents

# DIRECTOR'S MESSAGE

Our mission at the Wisconsin Department of Transportation, Bureau of Aeronautics (BOA) is to provide leadership for a safe and efficient air transportation system. Our commitment is to guide airports, assist airport sponsors and provide quality service to Wisconsin's citizens who use the diverse aviation

services throughout the state.

Airport development and safety projects vary widely. Our initiatives directly support important programs such as the Automated Weather Observation System, the Pavement Condition Evaluation Program, and the Airport Pavement Marking Program. Our team also assists airport sponsors on environmental matters, land use planning, runway safety issues and federal grant assurances. We take pride in working with the airport sponsors to ensure they have all the tools needed to maintain and develop their airport.

Aviation education and outreach is a statewide effort that is actively sponsored by the bureau. It includes pilot and aircraft maintenance safety courses, youth aviation education, unmanned aircraft systems (UAS) education, as well as airport security and more. We continue to conduct education and outreach events, as well as monthly Pro-Tips Safety Webinars through partnership with the Federal Aviation Administration Flight Standards District Offices in Milwaukee and Minneapolis.

The Fly Wisconsin Airport Passport program promotes safety and education by encouraging recreational flights to Wisconsin's public use airports. It also supports general aviation airports, area businesses and tourism. The program is a collaboration between BOA and the Wisconsin Airport Management Association

# DOING BUSINESS WITH THE **BUREAU OF AERONAUTICS**

The Wisconsin State Airport System is a global gateway that safely, responsibly and efficiently meets business, passenger, freight and recreational air transportation needs. The bureau's team of aviation specialists provide airport sponsors professional guidance to manage and utilize their airports to the safest and fullest potential for the communities they support. Our network of airports, which includes eight commercial service airports, enhances the economic vitality of Wisconsin communities. The BOA facilitates an annual average of \$70 million in funding for 80+ airport projects. We are committed to developing and maintaining the current and future distribution of federal airport improvement grants for eligible airports in the state airport system.
