Scott Skinkis	1900 Bohm Drive Little Chute, WI 54140	11/9/2017		Suspended	Statewide	Wisdot	3

Guidelines for Contractors

Debarred or suspended persons or firms may not enter into contracts with the Wisconsin Department of Transportation (WisDOT). WisDOT Contractors may not enter into subcontracts with debarred or suspended persons or firms. These restrictions apply to all WisDOT projects paid for with state funds.

Contractors participating in federally funded WisDOT projects must comply with federal requirements* in transactions with persons or firms who are debarred or suspended. Contractors must certify they will not knowingly enter into any transaction with persons who are debarred or suspended for a covered transaction. The federal requirements do differ from state requirements and would also prohibit contractors from purchasing more than \$24,999 worth of goods and services from debarred or suspended firms or persons.

The federal requirements and WisDOT specifications** require prime contractors to obtain written consent to subcontract any portion of a contract. When seeking consent to subcontract, prime contractors must disclose to WisDOT that the subcontract is to a debarred or suspended person and other relevant facts. Again, WisDOT will not approve subcontracts with any debarred or suspended person or company. Contractors should also consider the following when requesting consent to subcontract on federally funded projects with a debarred or suspended person or firm:

- WisDOT will not enter into any contract with a debarred or suspended firm or person.
- The prime contractor seeking WisDOT consent to sublet with a debarred or suspended firm or person shall disclose that it is seeking consent to contract with a debarred or suspended subcontractor.
- WisDOT will not approve subcontracts, regardless of size, with debarred or suspended firms or persons.
- WisDOT is not responsible for any additional costs because the prime contractor enters into a transaction with a debarred or suspended subcontractor.
- WisDOT has the right to examine all books, records, documents and other data of the contractor and subcontractor relating to any subcontract.
- A debarred or suspended person or firm may sell goods or services for WisDOT projects unless the project is federally funded. If it is federally funded, the sale may not exceed \$24,999 for audit services.
- On federally funded projects, a contractor can receive DBE credit if a debarred or suspended DBE supplies goods or services not exceeding \$24,999.
- No exceptions will be granted.
- Failure to adhere to these restrictions may result in additional penalties.

*49 CFR 29 and Federal Highway Administration 1273.

**Subsection 108.1 of the standard specifications for Highway and Structure Construction.

Note:

Contractors contemplating using an individual or company as a subcontractor on a federally funded project may check the following web sites for further information:

SAM website listed below for an updated list of all federal agency debarments:
