

September is the last month of federal fiscal year 2022. We hope to end strong with DBE goal achievement. Please see attached opportunities for construction in the September letting. You can find the advertisement here. Plans are also listed on that page. See information on September solicitations here. If you are interested in the Construction Fair (for construction management opportunities) you still have a couple of days to respond (August 31 deadline).

There is a non-mandatory pre-bid meeting for I-43 North South Freeway, Bender Road to Brown Deer Road, Milwaukee County; Project ID 1229-04-71 on September 20th. That project is being let in October, but we encourage you to attend the pre-bid meeting if you are interested in the sub-contractable opportunities available. See project information and meeting link here.

The DBE team has been reaching out to DBEs by phone to talk about your experience with the program, implementation of ASPs (Additional Special Provisions), your interest working on state projects, stakeholder meetings and engagement opportunities, resources available to DBEs, and your general feedback. If we haven't reached you yet and you would like to receive a call, please respond to Rosalind: rosalind.roberson@dot.wi.gov. There is still time to request a site visit from our team as we travel the state talking with contractors and consultants. Let us know if you're interested.
