- Provide eight copies of the presentation at the beginning of the interview.
- Additional materials (NOIs, resumes, projects, etc.) will be accepted.
- You may arrive 10 minutes early to set up your laptop and projector.
- Questions should be directed to <u>Brenda.Schoenfeld@dot.wi.gov</u>; no other WisDOT employee may be contacted.

Questions

Please be prepared to answer the following questions in order provided during your interview:

- 1) Adaptability Identify previous experience where you had to integrate your design segment with multiple other designers and how you approached the successful coordination for a final PS&E package. What challenges did you encounter and overcome in achieving that success?
- 2) Project Management and Design Delivery What are your team's qualifications and experiences, capacity to deliver over the next 3-5 years, and strategies for success on this project?
- Innovation What has your team applied and what potential innovations could your team apply to improve efficiency, effectiveness, and/or quality for this project? Please provide details (scope; Department savings of cost and/or time) as well as noting those ideas not implemented.
- 4) Freeway Modernization (for designing from a 4-lane to 6-lane facility) What are your team's qualifications, capacity to deliver over the next two years, and strategies for success on this project?
- 5) Plan Review/Quality Control What process would your team use to ensure high quality deliverables are provided, productive feedback discussions, and changes/updates are followed through in your design?
- 6) Segment Interest please discuss your interest and capabilities and why your team will be successful if selected?
