

Wisconsin Department of Transportation

2013 – 2016

STIP

Statewide
Transportation
Improvement
Program

Prepared in accordance with 23 USC 134 and 135

January 2013

Introduction

This Statewide Transportation Improvement Program (STIP) is intended to satisfy the requirements of 23 USC 134 and 135 and their implementing regulations 23 CFR 450 and 49 CFR 613.

This STIP has been prepared in accordance with joint Federal Highway Administration (FHWA)/Federal Transit Administration (FTA) regulations (23 CFR Part 450 and 49 CFR Part 613) accounting for related statutory changes in Public Law 112-141 Moving Ahead for Progress in the 21st Century Act (MAP-21). All current project fund commitments anticipated by the Wisconsin Department of Transportation (WisDOT) during the four-year period from January 1, 2013 through December 31, 2016 are listed.

The projects programmed in the STIP have been reviewed and prioritized by WisDOT in accordance with system asset management principles except as follows. In urbanized areas with populations of 200,000 or greater (Milwaukee, Madison, Appleton, Green Bay and Wisconsin portions of the Round Lake Beach, IL and Minneapolis/St. Paul, MN areas), federally funded projects off of the National Highway System (NHS) have been reviewed and prioritized by the respective Metropolitan Planning Organizations (MPOs). In urbanized areas with populations between 50,000 and 200,000, federally funded projects off of the NHS and State Trunk Highway Network (STN) have been reviewed and prioritized by the respective MPOs. Projects in areas with populations less than 5,000 and off of the NHS and STN have been reviewed, prioritized, and approved under WisDOT's formula-based entitlement process, based on consultation with local officials.

The 2013-2016 STIP is based on anticipated local, state, and federal funds. This overall multi-modal STIP reflects WisDOT's currently approved state and local programs within the limits of apportioned federal aid. All projects in the 2013-2016 time frame are affordable and selected for implementation. Any subsequent changes in the project listing involving addition or deletion of projects or significant changes in project schedule or estimated cost will be processed in accordance with the STIP amendment process outlined herein prior to requesting obligation of federal funds on the project.

Certifications

STATEWIDE TRANSPORTATION PLANNING PROCESS CERTIFICATION

In accordance with 23 CFR 450.218, the Wisconsin Department of Transportation hereby certifies that its statewide transportation planning process is addressing major issues facing the State and its non-urbanized areas, and is being carried out in accordance with the following requirements:

- (1) 23 U.S.C. 134 and 135, 49 U.S.C. 5303 and 5304, and this part
- (2) Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d-1) and 49 CFR part 21
- (3) 49 U.S.C. 5332, prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity;
- (4) Section 1101(b) of the Moving Ahead for Progress in the 21st Century Act (MAP-21) (P.L. 112-141), and 49 CFR Part 26 regarding the involvement of disadvantaged business enterprises in the US DOT funded projects
- (5) 23 CFR part 230, regarding implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts
- (6) The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and 49 CFR parts 27, 37, and 38
- (7) In non-attainment and maintenance areas, sections 174 and 176 (c) and (d) of the Clean Air Act, as amended (42 U.S.C. 7504, 7506 (c) and (d)) and 40 CFR part 93
- (8) The Older Americans Act, as amended (42 U.S.C. 6101), prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance
- (9) Section 324 of title 23 U.S.C., regarding the prohibition of discrimination based on gender
- (10) Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and 49 CFR part 27 regarding discrimination against individuals with disabilities

- Tab 5 – Federal Railroad Administration Program and Intercity Passenger Rail Projects
- Tab 6 - Roadway & Bridge Improvement Programs
& Project Listing
- Tab 7 - Indian Reservation Roads Program
- Tab 8 - Public Involvement
- Tab 9 - Summary of Comments Received on the Draft STIP
- Tab 10 - STIP Amendments

Financial Plan

The Statewide Transportation Improvement Program (STIP) financial plan addresses fiscal constraint requirements of the current federal-aid surface transportation act.

In managing implementation of the transportation improvement program, WisDOT will exercise the authority to refinance projects among federal, state, and local funds, and to reschedule projects within the four years of the STIP to maintain fiscal constraint. All four years of the STIP are fiscally constrained within Wisconsin's state fiscal years (July 1-June 30).

Revenue Assumptions

The Wisconsin Department of Transportation annual budget is set biennially through the State of Wisconsin's budget process. State fiscal year 2013 is from 2011 Wisconsin Act 32, the State of Wisconsin's 2011-2013 Biennial Budget authorizing federal, state, and local funding for this year. Since Wisconsin's budget is approved for only two years at a time, this analysis assumes the budget approved for State Fiscal Year (SFY) 2013 will be held constant for SFY14-SFY16.

The federal fund revenue approved in 2011 Wisconsin Act 32 and included in this plan is \$727 million for SFY13. Since SFY14-SFY16 budget amounts are held constant, future budgets are not increased; however, for planning purposes, the program schedule is set by applying an inflation rate to projects in the second, third, and fourth years to account for costs in year of expenditure.

WisDOT does not assume that a future state legislature will commit higher project revenues than exists in the approved biennial budget. Therefore, when doing an all funds (federal, state, and local) analysis, WisDOT uses only resources approved in the most recent biennial budget except where noted.

Wisconsin's legislative subprograms often receive additional federal earmark and local revenue funding that are scheduled on projects, however, are not reflected in the SFY budget. Wisconsin law allows the Department to allot additional local revenue authority on an as-needed basis depending on the summation of local municipal agreement revenue received within the fiscal year. Similarly, it is the Department's policy to allot additional federal authority to programs in which federally funded earmarks are programmed.

Program Cost and Schedule Assumptions

WisDOT's Financial Integrated Improvement Programming System (FIIPS) reflects estimates of transportation improvement project costs in current year dollars.

To change these values to federally mandated year of expenditure amounts for this publication, FY14-FY16 project cost estimates in the Financial Plan table have been manually inflated by 2.8%. This inflationary rate is based on the current 10 year average change in the Consumer Price Index and matches the rate assumed by Wisconsin MPOs in their TIPs and long-range plans. Project estimates in FY13 reflect current cost expectations, so they have not been inflated in the table.

The Federal Highway Administration requires state Departments of Transportation STIPs and Metropolitan Planning Organizations TIPs to document revenues and expenditures annually. In Wisconsin, these publications report estimates by calendar year, (January 1 – December 31), based on letting or delivery dates. Because the State of Wisconsin approves budgets by state fiscal year, (July 1– June 30), the 2013-2016 STIP Financial Summary table shows revenue according to state fiscal year.

Operation and Maintenance

Wisconsin’s 2011-2013 Biennial Budget authorizes WisDOT’s Highway Maintenance, Repair and Traffic Operations Program 305 to spend \$200 million per year. Of that amount, \$3,000,000 to \$6,000,000 is set aside for related improvements, with the balance dedicated to operation and maintenance of the state system. Some maintenance projects are let through the improvement program and may be eligible for federal funding. Those projects are reflected in the 2013-2016 Financial Summary.

Wisconsin allocates state funding under several programs to assist local governments with the operation, maintenance and improvement of highways and bridges on the local system

Program	FY2013	FY2014	FY2015	FY2016
GTA (Total)	\$403,519,900	\$403,519,900	\$403,519,900	\$403,519,900
Connecting Highway Aids	\$ 12,063,500	\$ 12,063,500	\$ 12,063,500	\$ 12,063,500
Lift Bridge Aids	\$ 2,967,378	\$ 2,967,378	\$ 2,967,378	\$ 2,967,378
County Forest Road Aids	\$ 284,700	\$ 284,700	\$ 284,700	\$ 284,700
	\$418,835,478	\$418,835,478	\$418,835,478	\$418,835,478

State statute requires that local agencies submit pavement condition ratings to WisDOT every two years as a means to monitor responsible use of state funding assistance provided for local transportation needs. Information on these programs, including allocation formulas can be found at: <http://www.dot.wisconsin.gov/localgov/highways>.

(3) Sub-Program 304: Additional \$150,000 SFY Budget									
(4) Sub-Program 304: FY2014 consists of Hoan Bridge of \$239,000,000 and Stillwater Bridge of \$211,955,000									
(5) Sub-Program 206 & 214: FY2013 has local match of \$43,000,000 and \$9,000,000 respectively									

Obligation Plan

In any given federal fiscal year (October 1-September 30), the Wisconsin Department of Transportation obligates all the federal fund authority it receives.

Federal Fund Type Constraint

In July 2012, the newly authorized federal transportation bill, Moving Ahead for Progress in the 21st Century (MAP-21), replaced SAFETEA-LU and the SAFETEA-LU EXT federal transportation bills which expired on September 30, 2012. MAP-21 has consolidated several program categories into fewer program funding categories. Most notably, Map-21 eliminates Interstate Maintenance (IM) funding and splits the Bridge program between the new National Highway Performance Program (NHPP) and the Surface Transportation Program (STP). Additionally, Transportation Alternatives Program (TAP) replaces Transportation Enhancements (TE) program funding under SAFETEA-LU, with a percentage of funding distribution based on population. When utilizing previous year carryover balances, (SAFETEA-LU) program restrictions apply.

WisDOT's approach to programming incorporates federal flexibilities permitting transfer of funds between federal programs and Advance Construction under which eligibility for federal funding is established to allow a project to proceed prior to obligation of federal funding. Under these provisions, specific federal fund types may be over programmed as long as the overall federal program in total is constrained.

WisDOT also reserves federal funding associated with special obligation limitation to offset over programming and to cap the amount of funding under advance construction. WisDOT's fiscally conservative standards do not allow the Department to use Advance Construction (AC) to exceed the level of apportionments received from FHWA. In other words, AC is used as a tool to manage the timing of obligation but not to increase the number of projects undertaken. When a project is funded with federal AC funds, WisDOT covers the federal cost share with general transportation state funds until the funds can be obligated using available apportionments and obligation limitation. This ensures Wisconsin's commitments are fiscally constrained within a guaranteed federal reimbursement level.

Federal Fund Type Assessment

The Wisconsin Estimated FFY2013-2016 Federal Aid Highway Apportionments and Program Levels table lists federal apportionment balances at the end of FFY12 as well as the amount apportioned for FFY13 and estimated apportioned amounts for FFY2014-FFY2016.

Over the past six years, WisDOT's total federal apportionments (including Equity Bonus) rose from \$621 million in FFY06 to \$729 million in FFY12. The average annual increase for this period is 2.9% per year. The total federal funds available for obligation each state fiscal year is inflated beginning in FFY14 at 2.9% per year based on the six year average. To change the state fiscal year estimated program levels to federally mandated year of expenditure amounts, cost estimates haven inflated 2.8% per year beginning in SFY14, similar to the Financial Plan table.

As a further check, the STIP is fiscally constrained over the four-year period. This ensures that revenues exist to convert all projects advanced under advance construction within the period of the STIP.

Federal Fund Type	Unobligated Balance from Previous Years*	FFY 2013 Estimated Apportionments	SFY 2013 Estimated Program Levels	FFY 2014 Estimated Apportionments	SFY 2014 Estimated Program Levels	FFY 2015 Estimated Apportionments	SFY 2015 Estimated Program Levels	FFY 2016 Estimated Apportionments	SFY 2016 Estimated Program Levels	Total FFY2013-2016 Estimated Apportionments**	Total SFY 2013-2016 Estimated Program Levels

*Unobligated Balances reflect prior year SAFETEA-LU Program Balances. SAFETEA-LU fund programs, e.g., IM, NHS, have been rolled into the corresponding MAP-21 Fund Type until unobligated balances from those programs are obligated.

** Unobligated balances from Previous Years are not included in the 2013- 2016 Estimated Apportionments total.

***Equity Bonus Funds Used to balance programming in FY2013 and FY2014 are applied by reducing the Unobligated Equity Bonus Balance in Previous Years. Unobligated Balances in Allocated Funds Categories are similarly applied to balance estimated programming levels.

(1) Includes ARRA Hwy Sur Trns & Tech Training Funding.

(2) Includes Section 112, Section 115, Section 117, PRNS, Highway Priority, Surface Transportation S129, NTPP, Emergency Relief, Highway-Use Tax Evasion Project, Highways for Life Pilot Program and Misc. Demo funds.

Transportation Improvement Program Approvals

WisDOT Secretary Mark Gottlieb, under authority delegated by Governor Scott Walker, has approved all of the following Transportation Improvement Programs (TIPs) and/or TIP Amendments for the Metropolitan Planning Organizations (MPOs):

1. State Line Area Transportation Study (Beloit, WI-IL MPO) 608.364.6702
2013-2016 TIP as adopted by a resolution dated November 5, 2012 for the 2035 long-range plan and approved by WisDOT on January 23, 2013.
2. Brown County Planning Commission (Green Bay MPO) 920.448.6480
2013-2017 TIP as adopted on September 5, 2012 by Resolution No. 2012-05 for the 2035 long-range plan and approved by WisDOT on January 23, 2013.
3. Madison Area Transportation Planning Board (Madison MPO) 608.266.4518
2013-2016 TIP as adopted on October 3, 2012 by resolution TPB No. 66 for the 2035 long-range plan and approved by WisDOT on January 23, 2013.
4. East Central Wisconsin Regional Planning Commission, Fox Cities MPO, 920.751.4770;
2013-2016 TIP as adopted on December 10, 2012 by Resolutions No. 29-12 for the 2035 long-range plan and approved by WisDOT on January 23, 2013.
5. East Central Wisconsin Regional Planning Commission, Oshkosh MPO, 920.751.4770;
2013-2016 TIP as adopted on December 10, 2012 by Resolution No. 30-12 for the 2035 long-range plan and approved by WisDOT on January 23, 2013.

2013-2016 TIP as adopted on November 14, 2012 by resolution number 8-2012 for the 2035 long-range plan and approved by WisDOT on January 23, 2013.
9. Bay-Lake Regional Planning Commission (Sheboygan MPO) (920) 448-2820 2011-2014
TIP as adopted on April 15, 2011 by resolution number 3-2011 for the 2035 long-range plan and approved by WisDOT on April 25, 2011.
10. Duluth-Superior Metropolitan Interstate Council, (Duluth-Superior MPO) 218.529.7506
2013-2016 TIP as adopted on October 17, 2012 by Resolution Number 12-18 for the 2030 long-range plan and approved by WisDOT on January 23, 2013.

11. Marathon County Metropolitan Planning Commission (Wausau MPO) 715.261.6043
2013-2016 TIP as adopted on October 9, 2012 by Resolution 91 for the 2035 long-range plan and approved by WisDOT on January 23, 2013.
12. Southeastern Wisconsin Regional Planning Commission (Milwaukee, Racine, Kenosha, and Wisconsin portions of Round Lake Beach) 262.547.6721; 2013-2016 TIP as adopted on October 18, 2012 by Resolution No. 2012-12 for the 2035 long-range plan and approved by WisDOT on January 23, 2013.
13. Janesville Metropolitan Planning Organization (Janesville MPO) 608.755.3095
2013-2018 TIP as adopted on October 22, 2012 by Resolution number 2012-02 for the 2035 long-range plan and approved by WisDOT on January 23, 2013.
14. East Central Intergovernmental Association (Dubuque, IA MPO) 563.556.4166
2013-2016 TIP as adopted on June 14, 2012 for the 2035 long-range plan and approved by WisDOT on January 23, 2013.

Notes:

The Transit Funds, Sections 5303, 5313/5314, 5310, 5311 and JARC are reflected in individual TIPs and are administered by WisDOT. The Transit Funds, Sections 5309 and 5307, are reflected in individual TIPs and can be administered by WisDOT or directly between FTA and the urbanized area transit operator.

Wisconsin RPCs and MPOs

*The red borders of the MPOs indicate approved planning area boundaries.
 *Columbia, Dodge, Jefferson, Rock, and Sauk Counties are not members of and are not served by any RPC.

Federal Transit Assistance Programs

The following are federal transit assistance programs authorized under Moving Ahead for Progress in the 21st Century (MAP-21), which reauthorized the federal surface transportation programs. MAP-21 amends the federal transit laws and took effect October 1, 2012.

Section 5303: Metropolitan Transportation Planning Program

Section 5303 is a formula-based grant program apportioned annually to states for use. All 5303 planning funds are transferred to the Federal Highway Administration. Federal share is 80% with a required 20% non-federal match.

Section 5304: Statewide Transportation Planning Program

Section 5304 is a formula-based grant program apportioned annually to the states for use in rural planning and research. Federal share is 80% with a required 20% non-federal match.

Section 5307: Urbanized Area Formula Program

This program provides grants to urbanized areas (over 50,000 in population) for public transportation capital, planning, job access and reverse commute projects, as well as operating expenses in certain circumstances. The federal share for capital projects is 80% with a required 20% local match. The federal share for operating projects is 50% of the net deficit. WisDOT allocates the portion of this funding known as the 'Governor's Apportionment' among transit systems in communities of between 50,000 and 200,000 as defined by the most recent Census.

Section 5310: Enhanced Mobility of Seniors and Individuals with Disabilities

This program is intended to enhance mobility of seniors and persons with disabilities by providing funds for programs to serve the special needs of transit-dependent populations beyond traditional public transportation services and Americans with Disabilities Act (ADA) complementary paratransit services. This program consolidates two SAFETEA-LU programs: Section 5317 – New Freedom and Section 5310 – Elderly and Disabled Capital Assistance. The federal share for capital projects is 80% with a required 20% local match. The federal share for operating projects is 50% of the net deficit.

Section 5311: Formula Grants for Rural Areas

Section 5311 is a formula grant program for non-urbanized areas (under 50,000 in population) that provides capital and operating assistance for public transportation systems. Eligible activities include capital, operating assistance, and planning expenses. Job access and reverse commute projects are now eligible projects. The federal share for capital projects is 80% with a required 20% local match. The federal share for operating projects is 50% of the net deficit.

Section 5311(b)(3): Rural Transportation Assistance Program (RTAP)

Section 5311(b)(3) is formula funding for states to provide research, technical assistance, and training to improve the delivery of transit services in non-urbanized areas (under 50,000 in population).

Section 5339: Bus and Bus Facilities Formula Grants

Section 5339 provides capital funding to replace, rehabilitate, and purchase buses and related equipment and to construct bus-related facilities. It replaces the Section 5309 Bus and Bus Facilities program under SAFETEA-LU. The federal share is 80% with a required 20% local match.

In 2013, WisDOT will be also be programming unspent federal funding related to programs that were authorized under the Safe, Accountable, Flexible, and Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU).

Section 5310: Elderly Individuals and Individuals with Disabilities Program

Section 5310 is a formula grant program in SAFETEA-LU for the purpose of assisting in meeting the transportation needs of elderly individuals and individuals with disabilities in urbanized and non-urbanized areas. Eligible activities are capital (i.e., wheelchair-accessible buses and vans) and state administrative expenses. This program was combined with Section 5317 under MAP-21. WisDOT is programming unspent balances authorized under SAFETEA-LU from prior years.

Section 5314: Supplemental Transportation Rural Assistance Program (STRAP)

STRAP is a one-time pilot program created under SAFETEA-LU. The program was designed to supplement and expand existing rural transit systems in Wisconsin by allowing operating expenses of rural transit systems to be reimbursed at a higher rate of federal match than under the Section 5311 program. Eligible activities include planning, capital, and operating assistance. STRAP was discontinued under MAP-21. No STRAP funding was allocated to WisDOT during 2013. WisDOT is programming unspent balances authorized under SAFETEA-LU from prior years.

Section 5316: Jobs Access and Reverse Commute Program (JARC)

Section 5316 is a formula-based program created under SAFETEA-LU for improving access to transportation services to employment and employment related activities for welfare recipients and eligible low income individuals and to transport residents of urbanized areas and non-urbanized areas to suburban employment opportunities. Eligible activities include capital, operating assistance, and administrative expenses. Under MAP-21, JARC is no longer a stand-alone program. WisDOT is programming unspent balances authorized under SAFETEA-LU from prior years.

Section 5317: New Freedom Program

Section 5317 is a formula-based program created under SAFETEA-LU that provides funding for new public transportation services and public transportation alternatives beyond those required by the Americans with Disabilities Act of 1990. Eligible activities include capital, operating assistance, and administrative expenses. This program was combined with Section 5310 under MAP-21. WisDOT is programming unspent balances authorized under SAFETEA-LU from prior years.

**Anticipated Federal Transit Funding Levels, 2013-2016
State of Wisconsin¹**

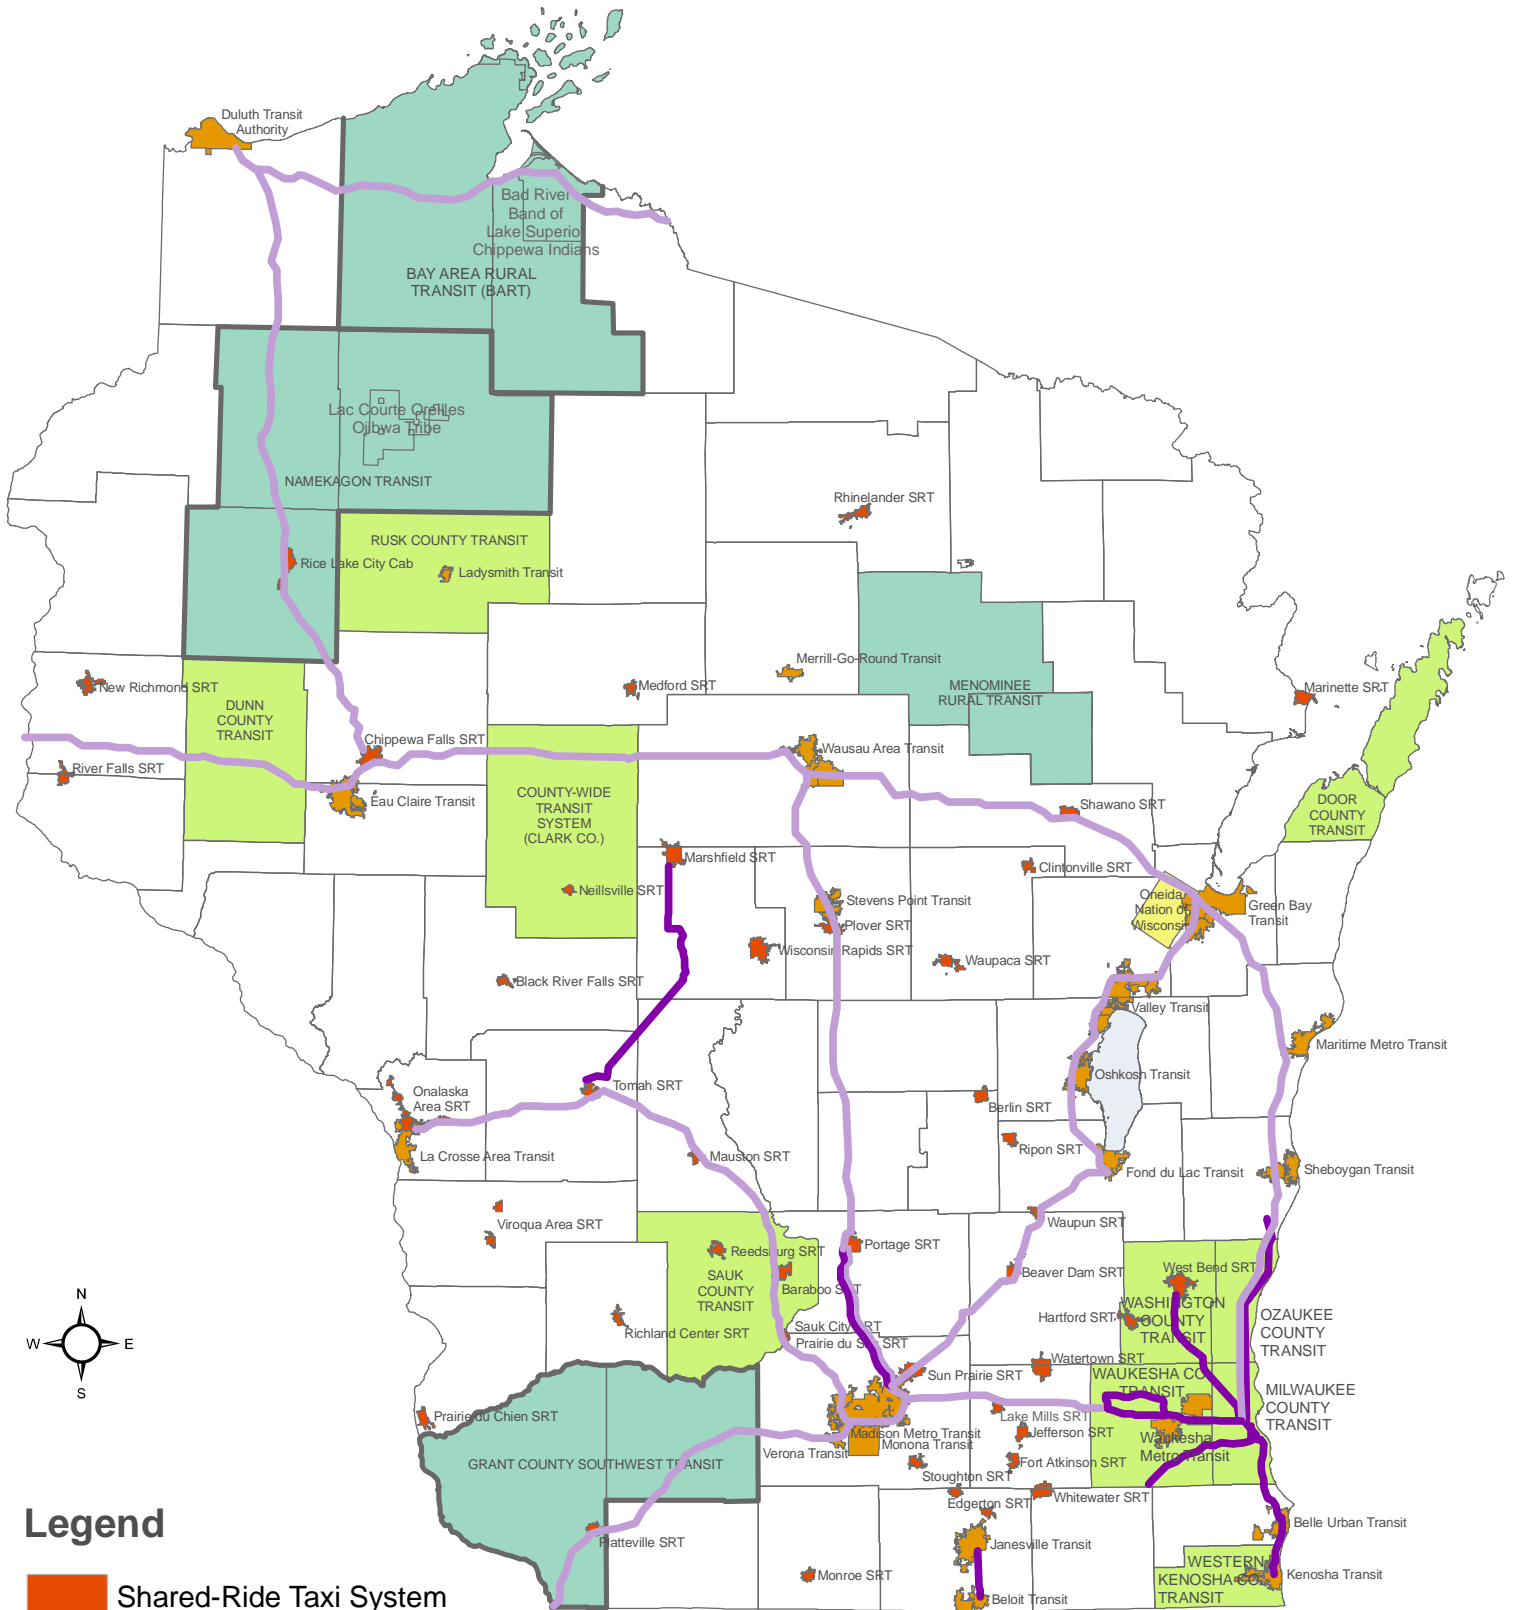

Program	2013	2014	2015	2016

Section 5317	\$988,440			
(Capital)	\$790,752			
(Operating)	\$197,688			

¹ Amounts shown in this table are annual estimates. The available amount for a program is based on funding as authorized under Moving Ahead for Progress in the 21st Century Act (MAP-21), (Pub. L 112-141, 2012) and appropriated pursuant to the Continuing Appropriations Resolution, 2013 (CR) (Pub. L. 112-175). WisDOT has annualized the amount as found on the Federal Transit Administration's website at http://www.fta.dot.gov/12308_14875.html which provides amounts at approximately one-half of the funding levels available in FY2012 pursuant to the Continuing Appropriations Resolution, 2013.

² Section 5303 funds are transferred to the Federal Highway Administration (FHWA) as Consolidated Planning Grant (CPG) funds.

³ STRAP was created under SAFETEA-LU. The amount shown in the table is the result of unspent balances.

PROGRAM

For informational purposes only

Intercity Passenger Rail Projects

Several potential Federal Railroad Administration Program funded projects may be identified in studies that are currently underway. Some would require funding beginning in SFY 2014. At the time of publication of the Draft STIP, good estimates of the timing and funding amounts required were not available.

Studies with estimated timing are:

- Adding one to three additional frequencies between Milwaukee and Chicago on the Hiawatha Service in cooperation with the State of Illinois. The project would involve final design (SFY 2014) and construction (SFY2015).

- Adding one new state-supported frequency between Chicago and the Twin Cities. The project would involve Environmental and PE (SFY 2014), Final Design (SFY2015/16) and construction (SFY 2016/17/18).

- Study rerouting of CP freight service on to UP Milwaukee Subdivision (SFY 2015).

Longer term, WisDOT would also consider the following:

- Conduct environmental and PE for service to Green Bay (SFY2017/2018/2019).

Roadway & Bridge Improvement Programs

The pages that follow list all of WisDOT's projects planned for implementation in Calendar Years 2013, 2014, 2015 and 2016. Projects are sorted in the following order:

CALENDAR YEAR

DIVISION-BUREAU (REGION)

COUNTY NAME

HIGHWAY NUMBER

SCHEDULE DATE

PROJECT ID

It should be noted that the list contains some minimal over-programming (i.e., more projects than can actually be funded in a given year) to allow for attrition, that is, projects being delayed or dropped for other than financial reasons. Preliminary engineering projects will not be contained in the following list although they are likely to be listed in the appropriate MPO TIP.

It should also be noted that the FEDERAL FUND TYPE (or lack of) shown for each project represents a *tentative* fund assignment that may or may not become reality. WisDOT reserves the right to change the federal fund type on individual projects at any time prior to obligation, when necessary, consistent with its overall obligation plan to maximize the use of available federal aid.

Note: The estimated cost range is provided so that WisDOT can award projects by using the competitive process and not disclose bidding information.

Transition in Programming from SAFETEA-LU to MAP-21 Funding Programs

Federal-aid highway and transit funding programs changed effective October 1, 2012 as a result of the 2012 transportation reauthorization act *Moving Ahead for Progress in the 21st Century Act* (MAP-21). The STIP reflects project programming based on the previous SAFETEA-LU funding programs. SAFETEA-LU program eligibility was retained within the condensed structure of the MAP-21 funding programs. The following table indicates how SAFETEA-LU funding programmed in the TIP relates to MAP-21 revenue programs while the transition in programming is underway.

Federal-aid Highway Programs

MAP-21	SAFETEA-LU
National Highway Performance Program (NHPP)	NHS, IM, & Bridge (on NHS)
Surface Transportation Program (STP)	STP & Bridge (non-NHS)
Congestion Mitigation & Air Quality Improvement Program (CMAQ)	CMAQ
Highway Safety Improvement Program (HSIP)	HSIP (incl. High Risk Rural Roads)
Railway-Highway Grade Crossing	Railway Highway Grade Crossing
Transportation Alternatives	Transportation Enhancements, Safe Routes to School, Recreational Trails

Federal-aid Transit Programs

MAP-21	SAFETEA-LU
Urbanized Area Formula Grants (5307)	Urbanized Area Formula Grants (5307) Job Access & Reverse Commute Program (5316) (Part)
Enhanced Mobility of Seniors and Individuals with Disabilities (5310)	Elderly & Persons with Disabilities Program (5310) New Freedom Program (5317)
Rural Area Formula Grants (5311)	Nonurbanized Area Formula Program (5311) Job Access & Reverse Commute Program (5316) (Part)
State of Good Repair Program (5337) (Formula)	Fixed Guideway Modernization (5309) (Discretionary)
Bus and Bus Facilities Formula Program (5339)	Bus and Bus-Related Projects (5309) (Discretionary)
Fixed Guideway Capital Investment Grants (5309)	New Starts & Small Starts Programs (5309) (Discretionary)

Funding Codes

<u>Fund Type</u>	<u>Project Prefix</u>
Congestion Mitigation Air Quality	CMAQ, CM
Surface Transportation Program (STP)	STP, SPIBR, STP-D, STP-R, STP-S, STP-U, STPG, STPS, RS, F, FBD, HES, STO, STPI
High Priority Projects	HPP, HPPNH, HPPIB, HPD
Minimum Guarantee	MG, MA, MGSTP
National Highway System	NHS, NH, NHSTP, NHI
National Recreational Trails (funds transferred to DNR)	NRT
Interstate Maintenance	IM, IR, IH
Discretionary Allocations	ICES, ITS, NCPD, TCSE, ER
Bridge Replacement and Rehabilitation	BR, BH, BR/BH, BRBH, BRM, BHO, BRO, BHF, BRF
Public Land and Forest Highway Programs	PLH, FH, OMA
Statewide Metropolitan Planning	SPR, PL

NOTE: WisDOT is in the process of updating these fund types and project prefixes pursuant to the requirements of Public Law 112-141 Moving Ahead for Progress in the 21st Century Act (MAP-21). They will be revised as necessary to account for changes after those changes have been finalized.

Local Programs

All these programs, except for the Local Bridge Program, utilize federal and local funds to pay for local projects. In addition to federal and local funds, the Local Bridge Program may also utilize state funds to pay for local projects.

Local Bridge Program: Funds the improvement of local bridges. This includes engineering, real estate and construction costs for administering and implementing bridge improvements on roads not a part of the State Trunk Highway (STH) System

Local Highway Improvement Assistance: Funds the improvement of local highways, including engineering, real estate, construction costs, and department services on roads not a part of the STH System.

STP Urban Program: Improvements in urban areas with populations greater than 5,000. Also non-highway projects including multi-modal facilities, transit capital improvements, bicycle and pedestrian facilities.

STP Rural Program: Improvements to roads and streets functionally classified as higher than rural minor collectors. (Under TEA-21 up to \$2,000,000 per year can now be spent on rural minor collectors.) Also non-highway projects including multi-modal facilities, transit capital improvements, bicycle and pedestrian facilities, and enhancements.

Congestion Mitigation Air Quality (CMAQ): Funds projects that have a positive impact on air quality including highway efficiency improvements, car pooling, transit improvements, development of bicycle and pedestrian facilities and alternative fuel facility and vehicle projects.

Statewide Multimodal Improvement Program (SMIP): SMIP incorporates both the Local Enhancements and Discretionary Programs, as described below.

Safe Routes To School (SRTS): Safe Routes to School programs encourage children in grades K-8 to walk and bike to school by creating safer walking and biking routes. SRTS programs improve walking and biking travel options, promote healthier lifestyles in children at an early age, and decrease auto-related emissions near schools.

NOTE: WisDOT is in the process of updating the definition and scope of its local programs pursuant to the requirements of Public Law 112-141 Moving Ahead for Progress in the 21st Century Act (MAP-21). These program descriptions will be revised as necessary to account for changes after those changes have been finalized. This includes the Transportation Alternatives Program (TAP), which incorporates Safe Routes To School (SRTS), Transportation Enhancements (TE), and Bicycle & Pedestrian Facilities Program (BPPF) into one comprehensive funding category.

State Programs

All these programs utilize federal, state and/or local funds to pay for projects located on the State Trunk Highway (STH) system.

Major Highway Development: Major Highway Development projects are generally the most complex, costly and controversial projects initiated by WisDOT. They are long-term solutions to the most serious deficiencies on highly traveled segments of our highway system. A Major Project is one that has a total cost of more than \$5 million and involves one of the following:

- 1) *Constructing a new highway* 2.5 miles or more in length;
- 2) *Reconstructing or reconditioning* an existing highway by one of the following:
 - a) *Relocating* 2.5 miles or more of existing highway;
 - b) *Adding one or more lanes* 5 miles or more in length to the existing highway;
 - c) *Improving to freeway standards* 10 miles or more of existing divided highway having two or more lanes in either direction.

Improvement of State Bridges: The state bridges subprogram funds improvements to bridges on the non-Interstate portion of the STH System, including bridge replacements and major bridge repairs. It does not include bridges that can be effectively treated through routine repair--they are done through the maintenance program. State bridge improvements are of two types:

- 1) *Replacement:* Constructing a new bridge to replace exiting, deteriorated ones;
- 2) *Rehabilitation:* Restoring the structural integrity of an existing bridge using less extreme measures than replacement, but more than routine maintenance.

State bridges are also categorized by cost:

- 1) *High-cost bridges* are those whose deck areas are 40,000 square feet or more;
- 2) *Routine bridges* are those whose deck areas are less than 40,000 square feet.

Highway Traffic Operations: This subprogram includes all the repair and operation of pavement markings, traffic signs, traffic operation improvements and freeway detours.

Backbone Rehabilitation: The Backbone Rehabilitation subprogram deals with improvements to Wisconsin's 1,550-mile Corridors 2020 Backbone system that includes all 745 miles of interstate routes. It includes rest areas and information center improvements, bridge widening, bridge deck replacements, various types of pavement rehabilitation and increased access to the system itself.

Existing Highway Improvements: The Existing Highway Improvements program funds improvements to the non-Interstate portion of the STH System. The program funds "3R" improvements (resurfacing, reconditioning and reconstructing existing roadways), the minor addition of lanes, traffic and safety improvements, and minor realignments of roadway. Improvements in this subprogram are categorized by the type of work involved:

Resurfacing: Rehabilitating the surface of a pavement to provide a smoother

ride and to extend the pavement's structural life. Can also include pavement widening and/or shoulder paving to improve safety and reduce shoulder maintenance costs.

Reconditioning: Resurfacing and, in addition, improving an isolated grade, curve or intersection.

Pavement Replacement: The highest type of “resurfacing” whereby the existing pavement structure is replaced with a new one. Does not include widening of the roadway.

Reconstruction: Total rebuilding of the highway to provide a safer facility, to improve geometrics (i.e. longer passing and stopping sight distances, broader turning radii, additional lanes at intersections) and increased traffic handling capabilities. Other benefits are a smoother ride, reduced travel time and lower maintenance costs.

Maintenance Program: This program funds the refurbishment, repair, cleaning, painting, re-lamping, etc., of existing traffic control devices. Although state crews do most of the routine maintenance on traffic control devices (TCDs), the nature of some of the work and/or the sheer volume of it requires outside help. The biggest items are sign refurbishment of the large freeway guide signs, cleaning and re-lamping of the highway lighting units and traffic control signals on the system.

NOTE: WisDOT is in the process of updating the definition and scope of its state programs pursuant to the requirements of Public Law 112-141 Moving Ahead for Progress in the 21st Century Act (MAP-21). These program descriptions will be revised as necessary to account for changes after those changes have been finalized.

Safety Programs

All these programs utilize federal funds and the match is either state, local or railroad funds, depending upon the jurisdiction of the highway and type of railroad project. These funds pay for activities that promote safety. The Highway Safety Improvement Program is incorporated into the safety related projects listed by Region in the STIP.

Highway Safety Improvement Program (HSIP): Funds street and highway improvements to high accident locations on state, county and local highways, including the Interstate System. Generally speaking, low cost improvements that maximize safety benefits are sought.

Railroad Crossing Warning Devices: Funds signal warning device installations, circuitry improvements, flashing lights, cantilevered flashing lights and gates.

Railroad Crossing Elimination of Hazards: Funds geometric improvements (grades), modular crossings, separations (limited because of high costs), consolidations and closures.

Public Involvement

Current federal legislation requires the Governor to ensure that WisDOT and the MPOs develop plans to actively involve the public in the development of the STIP. WisDOT proposes an ongoing, grassroots STIP public involvement plan that includes:

- 30-day written comment period on the STIP (yearly)
- State Trunk Highway System project development and Six-Year Highway Program hearings (ongoing)
- MPO public hearings on TIPs (yearly)
- Local government hearings on transit projects for smaller systems (ongoing)
- Local government hearings on local road projects (ongoing)

The focus of this plan is on maximizing public involvement at the state, MPO, and local levels—on an ongoing basis—when initial project decisions are presented and made. WisDOT published its first STIP Public Involvement Plan in November of 1993. It summarized the STIP as well as the role of public involvement in the STIP. The STIP Public Involvement Plan, which was updated in December of 2007, focuses on the public involvement processes used on various types of transportation projects.

Although this STIP Public Involvement Plan does not require any public hearings, WisDOT may agree to have a public hearing if one is requested. As a result of the lack of public interest/attendance at these hearings in the past, the STIP Public Involvement Plan will continue to rely on written comments from the public regarding the draft STIP.

The legal notice advertising the draft STIP was published on November 5, 2012. A copy of the notice is presented below.

LEGAL NOTICE

The Wisconsin Department of Transportation announces the availability of its draft 2013 multimodal Statewide Transportation Improvement Program (STIP). The draft STIP is available from the State Transportation Improvement Program website: www.dot.wisconsin.gov/localgov/highways/stip.htm. The comprehensive improvement program includes all federally funded highway, transit, and bike and pedestrian projects to be undertaken in Wisconsin during the 2013-2016 timeframe. The draft STIP is subject to a 30-day public comment period. The final STIP will be issued in early January 2013. Inquiries about the draft STIP and written comments on the improvement program should be directed, before December 6, 2012, to the Wisconsin Department of Transportation's Division of Transportation Investment Management, Bureau of Planning and Economic Development, P.O. Box 7913, Madison, WI 53707-7913; 608-267-7751.
