

Hobbyist License Plates Information and Application

MV2388 07/2022 s.341.268 Wis. Stats.

Things you should know

To qualify for Hobbyist plates, **you must own or lease at least one other motor vehicle for regular transportation** with current, valid registration in Wisconsin under the same name(s) as the Hobbyist vehicle. Complete section **C**.

Hobbyist plates are non-expiring for as long as you own the Hobbyist vehicle. **Vehicles with Hobbyist plates cannot be operated during the month of January unless a special temporary plate is purchased** (form MV2750).

If you previously had a Hobbyist plate, and no longer own the vehicle, pay the same fee as when applying for a second or subsequent hobbyist registration. See Fee Schedule.

WisDOT assigns a hobbyist number to each vehicle hobbyist. That number, plus an alpha character, is issued to other hobbyist vehicles owned by the same person. Motorcycle plates may be given a different plate number due to the character limit count. **Hobbyist plates cannot be personalized.** Hobbyist plates cannot be issued with a disabled parking designation. For second or subsequent plates, allow approximately 3–4 weeks for the manufacturing process after the Certificate of Registration has been issued. Truck-type vehicles with Hobbyist plates cannot haul more than 500 pounds. To determine the gross vehicle weight, use the weight of the vehicle, full tank of gas, driver, passengers, any load you plan to carry.

Homemade/Reconstructed Vehicle (Trans 131.03 (12))

Emission test inspections are required on most hobbyist qualifying vehicles 1996 and newer kept in counties of Kenosha, Milwaukee, Ozaukee, Racine, Sheboygan, Washington and Waukesha. Emission test inspection must be completed no more than 45 days from the date of Hobbyist Plate registration issuance or plate transfer, or within 45 days of the date of an ownership change registration issuance, unless the vehicle passed inspection within 180 days prior to change of ownership.

For homemade and reconstructed vehicles, you may choose your vehicle's engine as the year of manufacture date. If you are requesting a waiver for emissions testing based on the year of the engine, and you are unable to provide the engine year, you will receive a Letter of Directive for an State Patrol vehicle inspection.
